NO. 28 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - AUGUST 22, 1960

Administrative Items

Claims - Settlements

1. It is recommended that the settlement of a claim of Construction Aggregates Corporation which was brought before the Legislative Claims Committee on March 3, 1960; Mr. Joseph Lipkin, Deputy Attorney General, representing the Highway Department; be approved for the agreed sum of $7,500.00 for additional removal of 9,000 cubic yards of wet excavation on Route #100 (1927), Section 4B, North Approach to Rahway River, necessitating the redredging of the channel because operations were suspended to allow the Bridge Contractor to construct the underpass for the spur of the C.R.R. of New Jersey. (August 19, 1960)

2. The above-named employee (Carmello Signorella) of the Maintenance Bureau of the New Jersey State Highway Department, was involved in a third party accident on September 25, 1958, the result of which the State of New Jersey was required to expend the sum of $1,598.92 for medical services rendered and compensation payments made. The attorney representing the injured employee advised the Claims Bureau that the best offer of settlement he could obtain from the insurance company representing the Standard Motor Freight was $700. This figure was based on the fact that our total lien amounting to $1,598.92, only $46.60 was expended for hospital and medical treatment. Inasmuch as there was such a small medical charge involved, the attorney felt that the offer of settlement should receive serious consideration. With the attorney's permission, the Claims Bureau contacted the insurance carrier and we were successful in having them increase their offer to $900. In the event we were successful in recovering the full amount of our lien, the State would receive approximately $1,065. after deducting a counsel fee chargeable to the State on its recovery. We have discussed the question of counsel fee with the attorney representing our employee who agreed to accept the sum of $200. instead of the one-third he is entitled to which would net the State $700. We feel that in view of the small medical, there is a good possibility that in the event the case went to trial, a verdict less than the present offer of settlement could be entered. Giving due consideration to the foregoing, it would appear that the best interest of the State would be served by accepting the proposed offer of settlement and it is our recommendation that it be approved in accordance with Mr. Levine's report attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General. (August 19, 1960)

Agreement - Madigan-Hyland (Engineering)

3. Approval and execution is recommended of the attached Agreement between Madigan-Hyland, consultant, and the State of New Jersey, relative to the performance of engineering services in connection with the improvement of Routes U.S. 202 and U.S. 206, first one, beginning at and including a part of a proposed interchange with Route U.S. 22, north of Somerville to a proposed interchange with Route I-287, a distance of about 1.3 miles, then skipping to the other which begins north of Pluckemin at a second proposed interchange with said Route I-287 to the point of separation of said coincident Routes U.S. 202 and U.S. 206, south of Bedminster, a distance of about 1 mile (total work distance about 2.3 miles). The consultant is to be paid on a fee basis of 4.3% of a tentative estimate of cost of $1,900,000.00 or $81,700.00 and it is recommended that this amount be set up to cover the cost of the work called for under this Agreement. (August 19, 1960)

Agreement - Boswell Engineering Co. (Engineering)

4. Approval and execution is recommended of the attached Agreement between Boswell Engineering Company, consultant, and the State of New Jersey, relative to the performance of engineering services in connection with the improvement of State Highway Route 27 from the Pennsylvania Railroad bridge in Rahway to Stiles Street in Linden, a distance of about 2.64 miles. The consultant is to be paid on a fee basis of 5.25% of a tentative estimate of cost of $630,000.00 or $33,075.00, and it is recommended that this amount be set up to cover the cost of the work called for under this Agreement. (August 19, 1960)

Maintenance Items

Detour - Rt. U.S.322-Glassboro College

17. There is presented herewith a print showing a requested detour by the Department of Education, State of New Jersey. This detour is requested to permit the uninterrupted utility work necessary to place in operation certain buildings at the Glassboro State College in Glassboro, New Jersey. The detour will carry traffic around the work over Girard Avenue and Whitney Avenue back to Route #322. Both roads appear adequate to carry the traffic expected. The utility work planned is a high pressure, high temperature steam line known as a "Thermo-Tile Installation" and sanitary crossing 14' to 15' deep. It is estimated that the detour will be needed ten to fourteen days whereas if the utility work is done under full traffic conditions the public will be inconvenienced three to four weeks. Work must be completed by the 26th of August. The Department of Education will, if the detour is permitted -

1. Obtain permission from the local bodies having jurisdiction over the above-mentioned streets.
2. Maintain the detour in good condition.
3. Restore the same, if necessary, when the detour is terminated.
4. Will provide adequate signing and lighting for the benefit of traffic.

It is recommended that in the interests of the traveling public and since the cost will be borne by the Department of Education, that approval be given for this detour. (August 17, 1960)

Right of Way - Route 17

66. There is presented again the matter of acquisition of property on Route 17 (1953) Section 2, from Route U.S. 46 to Route 4. An agreement was previously approved in the sum of $16,000. covering Parcel 4 (0.305 Ac.) Henry W. VanderPlaat and wife. Subsequently, the plan was changed and a slightly smaller area is now required from this owner which is now designated as Parcel 4A. An agreement has now been executed in the sum of $15,800. for Parcel 4A. It is recommended that this agreement be approved and that the previous agreement covering Parcel 4 be rescinded. (August 19, 1960)

Right of Way - Rt. 80 (I-101) ✓

67. There is presented again the matter of acquisition of property on Route FAI 101-2-(7) also known as 80-2-(7), from a point West of Mount Arlington Road to Union Turnpike, Wharton, Parcels 11A, 11B1, 11B2 and 11B3, William H. Anderson and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $3,750. Continued negotiations have resulted in the execution of an agreement in the sum of $2,000. It is recommended that this agreement be approved and condemnation proceedings previously authorized be discontinued. (August 17, 1960)

Right of Way - Route U.S. 130 ✓

68. There is presented again the matter of acquisition of property on Route US 130 (1953) Section 9, Cooperstown Road to New Albany. Condemnation proceedings were previously authorized for the acquisition of Parcel 25, Mario J. Eppolite and wife at which time the parties in interest could not agree as to an acceptable consideration. Subsequently, the plan was revised requiring from this owner Parcels 25, W25A & W25B. Continued negotiations have resulted in the execution of an agreement in the sum of $10,000. covering these three parcels. It is recommended that this agreement be approved and that condemnation proceedings previously authorized for Parcel 25, be rescinded. (August 19, 1960)

Right of Way - Route 73 ✓

69. There are presented report and appraisal with map and description on Route 73 (1953) Section 2, Project U 183-(7), from Route U.S. 130 to Route 38; Parcel 6, Louis M. Cianfrani and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners demand from $18,000. to $20,000. which is considered excessive. (August 19, 1960)

Right of Way - Route 80 ✓

70. There are presented report and appraisal with map and description on Route 80 (1953) Section 2J, Project I 80-2-(20), from Route U.S. 46 to Route 53, Parcels 1A & 1B, Denville Post #2519, V.F.W. Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners are demanding $42,000. which is considered excessive. (August 17, 1960)

Right of Way - Route 95 ✓

71. There are presented report and appraisal with map and description on Route 95 (1953) Section 1F, Project I 95-7-(4), from Route 4 to a point East of Fletcher Avenue, Fort Lee, Parcel 49, Violet E. McCarroll and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have refused an offer of $10,300. and have not made known their demands. (August 17, 1960)

Right of Way - Route U.S. 130 ✓

72. There are presented report and appraisal with map and description on Route U.S. 130 (1953) Section 9, Cooperstown Road to New Albany, Parcel 23, Sue Schwartz, widow. The owners are claiming the property is damaged 95%. (August 17, 1960)

Right of Way - Rt. 21 Freeway ✓

73. There is presented again the matter of condemnation of property on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton. Condemnation proceedings were previously authorized for the acquisition of Parcel R50, Delawanna Iron and Metal Company. Subsequently, the plan was changed requiring a slightly smaller area from this owner. The parcels now required are designated as Parcels 2R50A, 2R50B and 2R50C. As the owners' demands are still excessive, it is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels 2R50A, 2R50B & 2R50C in fee simple subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing condemnation for Parcel R50 be rescinded. (August 17, 1960)

Right of Way - Route 78 ✓

74. There is presented again the matter of condemnation of lands on Route FAI 102-2-(15) also known as 78-2-(15), from a point East of Central Railroad of New Jersey to Mulhockaway Creek. Condemnation proceedings were previously authorized for the acquisition of Parcel R36A, Ferrante Equipment Company. Subsequently, the plan was changed requiring a slightly larger area in fee and a more extensive slope. This revised parcel is now designated as Parcel 2R36A. As the owners' demands are still considered excessive, it is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcel 2R36A in fee simple subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing condemnation of Parcel R36A be rescinded. (August 17, 1960)

Right of Way - Route 208 ✓

75. There is presented again the matter of condemnation of lands on Route 208 (1953) Section 3, from Route 4 at Saddle River Road to Grand View Avenue, Parcel 1, Borough of Fairlawn. At the hearing before condemnation commissioners, this case was uncontested and the testimony on behalf of the State was in the sum of $250. The Commissioners made an award in the sum of $250. It is recommended that this award be approved. (August 19, 1960)

Right of Way - Rt. 295 ✓

76. There is presented again the matter of acquisition of property on Route FAI 108-1-(12) also known as 295-1-(12), North-South Freeway (FAI 109) to Verga, Parcel 63, Waugh Beverage, Inc., on which an agreement in the sum of $73,000. was previously approved. The title search revealed that these premises are affected by a right of way of the Transcontinental Gas Pipe Line Corporation. It is recommended that authority be granted to accept title subject to this right of way. (August 16, 1960)

3. Approval and execution is recommended of the attached agreement between Clarke & Hartman, consultant, and the State of New Jersey, relative to the performance of engineering services in connection with the construction of State Highway Route 27 from Miltonia Avenue, Linden, to the Linden-Elizabeth municipal line, a distance of about 2.8 miles. The consultant is to be paid for this work on a force account basis subject to a fixed ceiling of $47,500.00. (August 26, 1960)

Utilities - Pennsylvania R.R. - Rt. 29,Sec. 1A ✓

4. Under date of July 14, 1959 the State Highway Commissioner approved of setting up the amount of $1,980 for reimbursement to the Pennsylvania Railroad Company for the rearrangement of their facilities to accommodate the construction of Route 29, Section 1A, Route 29A, Section 5, Raven Rock to Byram. However, it has now been determined that the new estimated cost for this work will amount to about $5,130.00. This increased amount is due to the fact that the Railroad Company had not taken into consideration Engineering and Inspection in the original estimate, plus the fact that additional pole line work was required during construction which was not apparent before the project was started. It is, therefore, recommended that the additional amount of $3,150.00 be set up to cover the total reimbursement to the Pennsylvania Railroad Company. (August 25, 1960)

The owners refused an offer of $22,850.00 and have indicated they want considerably more without specifying the amount. (August 25, 1960)

Right of Way - Rt. 78 (I-102) ✓

67. There is presented again the matter of condemnation of lands on Route FAI-102-2-(15) also known as 78-2-(15), from a Point East of Central Railroad of New Jersey to Mulhockaway Creek. Condemnation proceedings were previously authorized for the acquisition of Parcels 45A & B, Clarence Bigley & Wife. Completion of out title search revealed that portions of this property were owned by Clarence Bigley and the remainder by Clarence Bigley & Frances Bigley, his wife. This situation necessitated the subdivision of former Parcels 45A & B. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels 45A1 & 45B 1 (Clarence Bigley) in fee simple subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing condemnation of Parcels 45A & B be rescinded. (August 22, 1960)

68. There is presented again the matter of condemnation of lands on Route FAI-102-2-(15) also known as 78-2-(15) from a Point East of Central Railroad of New Jersey to Mulhockaway Creek. Condemnation proceedings were previously authorized for the acquisition of Parcels 45A & B, Clarence Bigley & Wife. Completion of our title search revealed that portions of this property were owned by Clarence Bigley and the remainder by Clarence Bigley & Frances Bigley, his wife. This situation necessitated the subdivision of former Parcels 45A & B. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels 45A2 & 45B2 (Clarence & Frances Bigley) in fee simple subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing condemnation of Parcels 45A & B be rescinded. (August 22, 1960)

Right of Way - Route 37 ✓

69. There is presented again the matter of applications for riparian grants. Applications were previously approved on Route 37 (1927), Sections 1 & 2, Point Pleasant to Seaside Heights, covering Parcels T34A, ET34B, ET34C, RT37A, ET37B & ET37C. Parcels ET37B & ET37C have since been eliminated and the remaining parcels have been re-designated on the present plan for Route 35 (1953), Section 2, Seaside to Point Pleasant, as Parcels T13A, ET13B, ET13C, T13D, T13E, T13F & ET13G. It is recommended that the attached application covering these re-designated parcels on Route 35 (1953), Section 2, be approved and that the previously approved application on Route 37 (1927), Sections 1 & 2 be rescinded. (August 25, 1960)

Right of Way - Route 35 ✓

70. There is presented a report together with right of way plans on Route 35 (1953), Section 2, Seaside Heights to Point Pleasant. It is noted that Parcels 41, 42 & 43 on these plans are identical with those parcels designated as 39A1A & 39A1B on previous right of way plan for Route 37 (1927), Sections 1 & 2, Point Pleasant to Seaside Heights. Authority is therefore requested to transfer to Route 35 (1953), Section 2, the $17,000.00 previously set up for the acquisition of Parcels 39A1A & 39A1B on Route 37 (1927), Sections 1 & 2; with the stipulation that the records shall now indicate "Parcels 39A1A & 39A1B on Route 37 (1927), Sections 1 & 2, will be acquired on Route 35 (1953), Section 2, and designated as parcels 41, 42 & 43". August 25, 1960)

Demolition of Bldg.,Rt.I-101

71. There are presented estimates for the cost of demolishing the building located on Route FAI-101-5-(2), from West Shore Railroad to Teaneck Road, Parcel R-261, formerly owned by Fred C. Schmid, as follows:

Name of Bidder	Amount
Main General Construction Co., Inc.	$395.00
Walter Moritz	680.00
Edward Rembish	710.00

It is recommended that the bid in the amount of $395.00 be accepted and that the low bidder be notified to proceed with the removal of this building at once. (August 25, 1960)

Appraisal Orders

72. There are presented the following Appraisal Orders:

Date	Order No.	Appraiser	County	No. of Parcels	Fee
8/22/60	1960-A-325	Theodore Doyle	Bergen	9	$450
"	326	Harold J. Olsen	"	16	625

State Highway Commissioner

Route 12, Section 1A

73. Approval is recommended in allowing an extension of time of 27 working days to the Samuel Braen Construction Company, contractors for the construction of Route 12, Section 1A, from one mile west of Baptistown to Little Nishisakawick Creek. Approval is being recommended for this extension of time because of unanticipated structure rock encountered and to be excavated under approved Change Order #1, for the demolition of a two story frame and masonry building, and for the adjustment of working days charged during January and February 1960. (August 25, 1960)

SCHEDULE OF APPROVALS - AUGUST 31, 1960

Administrative Items

Federal Aid - Interstate

1. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route I-95, Section 1D, from Northern Railroad of N. J., East to and including Broad Avenue, Bergen County, Project No. I-95-7(8). The amount of Federal-aid Interstate funds obligated is $1,556,550.00 which is 90% of the estimated cost for Federal participation. The bridge and culvert work included in this contract involves the construction of two overpass bridges, a twin box culvert and flume and steel sheet pile wall and incidental work. (August 30, 1960)

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee, in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (August 30, 1960)

Claims - Settlements

3. This claim arises out of automobile accidents occurring on July 4, 1949 at the Freehold Traffic Circle and on April 26, 1953 on Route #1, Elizabeth, New Jersey, and involved a vehicle owned by Lillie Mae Wilson and operated by John Cox. As a result of the two above-mentioned accidents, a Traffic Signal Controller and a Highway Directional sign were damaged and subsequently repaired at a total cost of $499.81. Investigation by the Claims Bureau disclosed that Mr. Cox was uninsured at the time the above accidents occurred. Negotiations with Mr. Cox by personal contact and correspondence resulted in a total amount of $130.00 paid between July 1949 and January 1957, the date of his last payment. No payments were made by Mr. Cox after January 1957 although this Bureau was in constant contact with him both by personal call and letter. Further investigation disclosed that Mr. Cox was employed by a Mr. Thomas D. Colavito who operates a private garbage service in the area of Fanwood, New Jersey and Scotch Plains, New Jersey. Mr. Cox works as a garbage collector on Mr. Colavito's trucks. Mr. Colavito cooperated with representatives of this office and agreed to loan Mr. Cox sufficient funds, to be deducted from his pay at a later date, in order that this claim might be settled on the basis of a 50% offer. In view of the fact that Mr. Cox is uninsured, only $130.00 has been paid since 1949 and the poor financial responsibility of Mr. Cox, it is my opinion that the State would be justified in accepting the above offer of settlement and it is my recommendation, in accordance with Mr. Levine's memorandum dated August 19, 1960 attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General, that the offer be approved. (August 29, 1960)

Utilities - Route 80, Sec. 5J

4. Approval and execution is recommended of the attached Order PUO-48A-80-5J, issued to the Hackensack Water Company, covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate 80, Section 5J, in the Township of South Hackensack, City of Hackensack, Borough of Teterboro, and County of Bergen. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $8,450.00. (August 30, 1960)

Utilities - Rt. 101, Sec. 2

5. Under an approved Utility Agreement (PUA-6-101-2) there was set up an amount of $20,850.00 for reimbursement to the Township of Denville for the relocation of their utilities to accommodate the construction of Freeway Interstate 101, Section 2. However, the actual cost of work performed amounts to $36,623.60 which is $15,773.60 over the approved amount. The major reason for this increase was that there were items of extra work occasioned by unexpected subsurface conditions. It is, therefore, recommended that the Highway Department pay the Township of Denville for the cost of all work in accordance with bills submitted in the total amount of $36,623.60 and that this approval also include the approval of contract to J. W. Wallace Company for the installation of pipe, contract for surveying and mapping to O. T. DeLalla, and also include extra of $2,450.00 to E. E. Zeek Incorporated for the installation of hangers prescribed by the Township, and also poring of concrete for thrust blocks either side of the Beaver Brook Bridge. (August 30, 1960)

"No Parking" Zones

6. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 45, Mantua Township, Cloucester County. (August 30, 1960)

"Slow Moving Traffics Lanes

7. In accordance with the provisions of R.S. 39:4-88 (as amended), it is recommended that the attached regulation, designating specific lanes for slow moving traffic, be adopted on Route U.S. 206, Chester Borough, Morris County. (August 30, 1960)

"Through Streets"

8. In accordance with the provisions of R.S. 39:4-140 (as amended), it is requested that the attached regulation be adopted designating a "through street" along Route FAI-78 (Rt. 102, Sec. 2A), Pittstown Road, Town of Clinton, Hunterdon County. (August 30, 1960)

Construction Items

9. Approval is recommended of the plans and specifications and authority to advertise for the Grading, Drainage, Paving, Resurfacing and Bridge over Canoe Brook from Livingston Circle to Teed Road in the Township of Livingston, County of Essex Bids to be received September 22, 1960. (August 30, 1960) Rt 10 Secs 4B + 5A

Route U.S. 1 (Business),Sec. 1A

10. Kuchar Bros., 7 Franklin Avenue, Montvale, New Jersey, contractor for the Reconstruction at Oakland Avenue, Jersey City, Hudson County on Route U.S. 1 Business (1953), Section 1A, has satisfactorily completed the work under their contract as of June 21, 1960. It is hereby recommended that final acceptance of this project be made and 100% payment authorized. (August 29, 1960)

Route 35, Section 12C

11. Allen N. Spooner & Son, Inc., 143 Liberty Street, New York 6, New York, contractor for the Victory Bridge Fender Repair on Route 35 (1953), Section 12C, has satisfactorily completed the work under their contract as of August 5, 1960. It is hereby recommended that this project be finally accepted and 100% payment authorized. (August 29, 1960)

Federal Aid Secondary Items

Palisade Ave. Bridge S-124(2)

12. Approval is recommended of the Plans and Supplementary Specifications and authority is requested to advertise for the construction of Palisades Avenue Bridge, Hudson County, Federal Aid Secondary Project No. S124(2). Bids to be received September 22, 1960. (August 30, 1960)

Phillipsburg-Belvidere Road, S-228(3)

13. It is recommended that the attached Project Agreement in duplicate be approved and executed. Phillipsburg-Belvidere Road, Warren County, Project No. S228(3). Amount of Secondary Funds obligated, $114,400.00, which is 50% of the total estimated participating cost. (August 30, 1960)

Electrical Item

Signals - Rt. 41,Deptford Township

14. There is presented from the Bureau of Electrical Operations report, agreements and plan covering the installation of a semi-actuated traffic signal, with pedestrian push buttons, at the intersection of Route 41 and Woodbury-Blackwood Road, Deptford Township, Gloucester County. The estimated cost for this installation is $6,600.00. The State's share of the estimated cost will be $4,950.00, and the Township of Deptford will pay the remaining $1,650.00. There will be an annual maintenance cost to this department of $240.00. The Township of Deptford will pay the electric current operating cost. It is respectfully recommended that authorization be given to the Bureau of Electrical Operations to make the installation as outlined in the attached report and the agreements, which have been approved by the Attorney General, be signed by the proper officials of this department. (August 30, 1960)

Municipal Aid Items

Right of Way Items

Right of Way - Route 35 ✓

25. There is presented purchase agreement on Route 35 (1953), Section 12, Project U 20-(4), from Route U.S. 9 to the New Jersey Turnpike; Parcels 1A and 1B, The Prudential Insurance Co. of America, consideration $19,500.00. Approval is recommended. (August 30, 1960)

Right of Way - Route 80 ✓

26. There is presented purchase agreement on Route 80 (1953), Section 4D, Project I 80-4-(4), Glover Avenue to Passaic River; Parcel 536, Peter T. Adams and wife, consideration $9,700.00 (including down payment of $2,400.00). Approval is recommended. Authority is requested to dispose of the building either to the road contractor, by public auction or by sealed bids. (August 29, 1960)

Right of Way - Route 95 ✓

27. There is presented purchase agreement on Route 95 (1953), Section 1B, Teaneck Road to Route 4, Project I 95-7-(2); Parcel R48, City of Englewood, consideration $19,158.00 plus certain flume construction work. Approval is recommended. (August 29, 1960)

---

28. There is presented purchase agreement on Route 95 (1953), Section 1B, Teaneck Road to Route 4, Project I-95-6-(3); Parcel R-3, Nancy Young and Husband, consideration $44,500.00 including down payment of $11,100.00 (owner to retain and remove dwelling, structures and shrubbery). Approval is recommended. (August 30, 1960)

Right of Way - Route U.S. 1 ✓

29. There is presented a supplemental agreement on Route U.S. 1 (1953), Section 8, Main Street to Raritan River, Parcel 2R5, Evelyn Higley. An agreement covering conveyance of Parcel 2R5 was previously approved at a consideration of $12,200.00 plus conveyance of Parcel V52B on Route 25, Section 5. The attached supplemental agreement is submitted in accordance with the action of the Highway Commissioner on July 27, 1960 whereby permission was granted to hold, without interest, the sum of $1,600.00 until disposition of an assessment litigation in which Mrs. Higley is involved with the Township of Edison. In the event Mrs. Higley does not pay such assessment as the court may determine to be due, then the Highway Department will make such payment from $1,600.00 deposit and refund the balance to Mrs. Higley. It is recommended that this supplemental agreement be executed. (August 30, 1960)

Right of Way - Route I-101 ✓

30. There is presented again the matter of acquisition of property on Route FAI 101-2-(6) also known as 80-2-(6), Union Turnpike, Wharton to Mt. Hope-Rockaway Road, Parcels 17A1, 17A2, R17B and R17D, Mary A. Howell, widow. Condemnation proceedings were previously authorized at which time the owner was demanding $25,000.00. Subsequent to the filing of the complaints, the owner's attorney filed an answer attacking our right to condemn Parcel R17D on the grounds that the taking was not for "highway purposes". It is conceded that this could be a very controversial point. Our purpose in acquiring Parcel R17D is for an access road to the property of Spiotta Brothers (also under condemnation). The absence of this access road, however, would landlock approximately 76.2 acres of land belonging to Spiotta Brothers forming a legitimate basis for a claim for considerable damages in the Spiotta condemnation. Our original right of way plan provided for the acquisition of Parcel 19 from Thomas H. Howell but the revision to Parcel R17B eliminated the necessity of acquiring any of the Thomas H. Howell property. Continued negotiations with Mary A. Howell have resulted in the execution of an agreement in the sum of $19,800.00 for all four parcels. This agreement also provides for the securing of a release from Thomas Howell of any claims for damages by reason of landlocking his premises; which release has already been executed. In view of all of the circumstances involved in this acquisition, it is recommended that the agreement in the sum of $19,800.00 covering Parcels 17A1, 17A2, R17B and R17D be approved and that condemnation proceedings previously authorized, be discontinued. (August 29, 1960)

Right of Way - Route S3

31. There is presented a report together with an appraisal and correspondence from Martin J. Loftus, Esquire, on Route S3, Section 4, Passaic Avenue to Passaic River, part of Parcel 3, for which Mr. Loftus guarantees a minimum bid in the amount of $6,200.00, together with $150.00, which is the estimated cost of conducting the sale. Authority is requested to dispose of part of Parcel 3, approximately 40 feet by 240 feet, at public auction, based on a minimum price of $6,200.00 plus $150.00, which is the estimated cost of conducting the sale. SCHEDULE OF APPROVALS - SEPTEMBER 12, 1960

Administrative Items

Agreement - Neptune Township re drainage ✓

1. Approval and execution is recommended of the attached Agreement between the Township of Neptune and the State of New Jersey, covering understandings in connection with the resetting of surface manhole and outlet valve castings to proper grade, due to the Townships's not being aware of said condition far enough in advance to make provision in its current budget to cover cost of said work. The work is to be performed by the State but paid for by the Township with funds to be raised in the budget of the Township of Neptune for the year 1961. (September 2, 1960)

Utilities - Route 80, Sec. 2J ✓

2. Approval and execution is recommended of the attached Order PUO-19-80-2J, issued to the New Jersey Power and Light Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate 80, Section 2J, in the Township of Denville, County of Morris. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $144,215.00. (September 7, 1960)

Agreement - Route S44, Section 1 ✓

3. Approval and execution is recommended of the attached Agreement between the Township of Logan and the State of New Jersey, covering understandings in connection with the apportionment of jurisdiction, control and maintenance functions in connection with the improvement of Route S44, Section 1, in the vicinity of Hansons Row Road, where it was necessary to resurface the latter and extend it to a new intersection with the said route, in the Township of Logan, County of Gloucester. (September 9, 1960)

Agreement - Logan Township, Rt. 44 Freeway, Sec. 16 ✓

4. Approval and execution is recommended of the attached Agreement between the Township of Logan and the State of New Jersey, covering understandings in connection with the apportionment of jurisdiction, control and maintenance functions in connection with the improvement of Route 44 Freeway, Section 16, where it was necessary to relocate Cedar Swamp Road and construct a grade separation in the Township of Logan, Gloucester County. (September 9, 1960)

Flood Damage - Sussex County ✓

5. Approval is recommended of the plans and specifications submitted by the County of Sussex and for authorization for the County to advertise for bids for the reconstruction of Bridge No. 188 and Approaches in Frankford Township, Sussex County. This bridge was damaged by the floods of August 18 and 19, 1955. (September 9, 1960)

✓

6. Approval is recommended of acceptance and authorization of final payment of $28,673.51 as State's share to Sussex County, for repairs by contract to damages to Bridge No. 518 and Approaches, resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, P.L. 1955. (September 9, 1960)

Construction Items

Route 17, Secs. 5B & 6A ✓

7. Approval is recommended in making Award of Contract to Sowerbutt Asphalt, Inc., for Center Island Closing and Channelization, from vicinity of Lake Street to vicinity of Ridgewald Avenue, in the Boroughs of Ramsey, Upper Saddle River, Allendale and Saddle River, Bergen County, at their bid, the lowest of three bids received on August 31, 1960, in the amount of $81,825.09. (September 7, 1960)

Rt. 17, Secs 5B + 6A   825

Route 95, Section 1A ✓

8. Approval is recommended in making Award of Contract to Geo. M. Brewster & Son, Inc., for Sand Drains and Incidental Work on Route 95, Section 1A, from Teaneck Circle to Northern Railroad of New Jersey, Township of Teaneck, City of Englewood and Borough of Leonia, Bergen County, Federal Project No. N.J.-I-95-7(3)63, at their bid, the lowest of five bids received on August 31, 1960, in the amount of $6,771,786.00. (September 7, 1960)

Route U.S.322, Section 3A ✓

9. Approval is recommended in making Award of Contract to South Jersey Construction Company for Widening, from Eighth Street to Weymouth Road, Borough of Folsom and Township of Hamilton, Atlantic County, Federal Project No. F-105(11), at their bid, the lowest of eleven bids received on August 11, 1960, in the amount of $969,908.60. (September 2, 1960) U.S 322 Sec 3A

Route U.S.202 (29), Sec. 11B ✓

10. Commission Action of March 2, 1960 approved of the contractor, Public Constructors, Inc., furnishing a five year performance bond in the amount of $23,884.80 representing 10% of the value of the 8" reinforced concrete pavement constructed on Route 202 (1953), Route 29 (1927), Section 11B, from the Flemington Circle to the south branch of the Raritan River. This bond was to cover any part of the concrete pavement constructed on this project found to be in distress during the life of the bond. Additional cores have now been taken from the concrete pavement and, in general, these cores indicate that the concrete has now attained an average strength that is acceptable. Further inspection of the pavement surface indicates that there is no distress in the pavement areas where low strength cores were previously cut. It is, therefore, recommended that the former Commission Action of March 2, 1960, requiring the contractor to furnish a five year performance bond in the amount of $23,884.80 to cover anticipated deficiencies in the concrete pavement, be rescinded. (September 2, 1960)

Route 18, Section 2 ✓

11. NO. 32 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - SEPTEMBER 20, 1960

Administrative Items

Federal Aid - Primary ✓

1. It is requested that the attached project agreement in duplicate be approved and executed. (Construction). - Route U.S. 40 (1953), Section 2A, from Slapes Corner Road (C.R. 540) to State Route 48, Project F-1(6). The amount of Federal Aid Primary funds obligated is $958,550. which is 50% of the estimated cost for Federal participation. (September 20, 1960)

Federal Aid - Interstate ✓

2. It is recommended that the attached modified project agreement in duplicate be approved and executed for Construction: Route 101, Section 2B, Union Turnpike Mt. Hope Rockaway Road, Project N.J.-I-80-2(5)34. The amount of Federal-aid Interstate funds obligated is $3,901,407.14 which is 90% of the estimated cost for Federal participation. This modification is necessary to receive final reimbursement. (September 15, 1960)

Claims - Settlements ✓

3. This claim arises out of an accident occurring on April 14, 1946 involving a vehicle owned and operated by Edmond Dujardin. As the result of the aforesaid accident, traffic signal equipment located at the intersection of Route 28 and Locust Street, Roselle Park, New Jersey, was damaged and had to be repaired at a cost of $477.88. The debtor at the time of the accident was operating a 1937 Nash Sedan and was not insured for property damage. Inasmuch as Mr. Dujardin was not financially able to liquidate the claim in a one lump payment, he started to make periodic payments in the amount of $2.00 per month. He continued with his payments in a regular conscientious manner from the date of the accident to June 16, 1960 at which time he had reduced this debt to the sum of $293.88. The Claims Bureau recently contacted this debtor with the suggestion that if he would make a cash settlement of 50% of the balance or $119.94, they would send his offer to the State Highway Department with a favorable recommendation that it be accepted. We are now in receipt of a check in the amount of $119.94 representing 50% of the present balance. In view of the fact that this individual was not insured at the time of the mishap and has for the past 14 years faithfully forwarded a money order in the amount of $2.00 each month, we feel that his offer of settlement is reasonable and the best interest of the State would be served if Mr. Dujardin's offer is accepted in full settlement of his debt. It is our recommendation and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General, William J. McCormack, that the offer of settlement receive favorable consideration. (September 19, 1960)

Utilities - Rt. 95, Sec. 1B ✓

4. Approval and execution is recommended of the attached Order PUO-3-95-1B, issued to the New Jersey Bell Telephone Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 95, Section 1B, in the Township of Teaneck, Boroughs of Leonia and Fort Lee, City of Englewood, County of Bergen. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $147,500.00. (September 20, 1960)

Utilities - Rt. 287, Sec. 2C ✓

5. Approval and execution is recommended of the attached Order PUO-25-287-2, issued to the New Jersey Bell Telephone Company covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate 287, Section 2C, in the Township of Piscataway and the Borough of South Plainfield, County of Middlesex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $69,250.00. (September 12, 1960)

Agreement - Bound Brook Boro (Rt. 28, Sec. 4A) ✓

6. Approval and execution is recommended of the attached Agreement between the Borough of Bound Brook and the State of New Jersey relative to the improvement of State Highway Route 28, Section 4A, specifically the renewal of the bridge over Green Brook at Bound Brook, which would normally require the construction of a temporary bridge at considerable expense during the reconstruction. However, the Borough has suggested the construction of a modified rotary to effect traffic relief during the reconstruction of the bridge, which would preclude the necessity of constructing a new temporary bridge. The State is agreeable to this proposition inasmuch as it is both good planning and sound economics. The State's share in the cost of the construction of the rotary will be a flat sum of $10,000.00, and it is recommended that this amount be set up to cover the State's share in accordance with this Agreement. (September 14, 1960)

Utilities - Rt. 73, Sec. 2A ✓

7. Approval is recommended in reimbursing the Township of Maple Shade in the amount of $200.00 representing engineering fee based on a total estimated amount of $2,355.55 for extra work in rearranging the water distribution facilities of the Township to accommodate the construction of Route 73, Section 2A.
(September 20, 1960)

"No Parking" Zones ✓

8. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route U.S. 22, Union Township, Union County.
(September 12, 1960)

"Through Streets" ✓

9. In accordance with the provisions of R.S. 39:4-140 (as amended), it is recommended that the attached regulation be adopted designating a "Through Street" along Route U.S. 22 (Washington Avenue), Green Brook Township, Somerset County.
(September 12, 1960)

Flood Damage - Sussex County ✓

10. Approval is recommended of Acceptance and Authorization of Final Payment of $16,390.51 as State's share to Sussex County, for repairs by contract to damages to Bridge No. 67 and approaches, resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, P.L. 1955. Approval is further recommended of increasing the agreement for this work from $22,500.00 of State funds, which is the amount now allocated for this project to $27,188.15 so the State may pay a full 90% of the total allowed cost. (September 12, 1960)

At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $22,600; and the testimony on behalf of the owner was in the sum of $47,340. The commissioners made an award in the sum of $37,340. It is recommended that an appeal be authorized. (September 22, 1960)

Right of Way - Route 21 ✓

54. There is presented again the matter of acquisition of property on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3 Clifton. Condemnation proceedings were previously authorized for the acquisition of Parcels 122A and 122B, Justin J. Bayer and B. J. Jankoff. Subsequently, completion of title search indicated that Bayer and Jankoff also own adjoining Parcel 126B. This necessitated a reappraisal of the entire situation and further negotiations with the owners. The owners are demanding $70,000. It is therefore recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcels 122A, 122B and 126B in fee simple subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing the condemnation of Parcels 122A and 122B only be rescinded. (September 22, 1960)

NO. 33 - 1960

Right of Way - Route S4

61. There is presented a report from the Title Officer with reference to Route S4 (1927) Outer Bridge Crossing Approach, Parcel 14, formerly Cleveland Heights Realty Company, together with a communication from David Goldsmith, Esq. in which he guarantees to bid the sum of $50.00 and also pay $150.00 for the cost of conducting the sale for all right, title and interest that this Department may have in and to Parcel 14. On June 14, 1929 a deed from the Cleveland Heights Realty Company to the State was given to release restrictions as recited in the deed, but unfortunately the deed described the lots in their entirety rather than the part acquired by the State. This created the cloud on the title which can only be removed by a public sale. Authority is requested to sell whatever right, title and interest this Department may have in and to that part of Parcel 14, based on a minimum price of $50.00 plus $150.00 which is the estimated cost of conducting the sale. (September 22, 1960)

79. There is presented again the matter of acquisition of property on Route 38 (1953) Section 1, from Route U.S. 130 to Route 73, Project U-106-(8), Parcel 25, Buttonwood Club, on which an agreement in the sum of $5,300.00 was previously approved. Completion of the title search disclosed the existence of a $125.00 mortgage which must be cancelled. However, the Mortgagee cannot be located and it is necessary for the owner to secure a court order for its cancellation. In view of the fact that the owner has incurred considerable expenses in removing and relocating a large neon sign and other related work, authority is requested to enter into a supplemental agreement authorizing full payment of the agreed amount of $5,300.00 on condition that the owner shall deposit with the State the sum of $500.00 with the stipulation that the mortgage will be cancelled within 6 months; and in default thereof the deposit will become the property of the State as liquidated damages. (October 5, 1960)

Claims - Settlements ✓

6. There is presented claim involving an owner-driver of a vehicle named Andrew Johnson suffering a heart attack resulting in his vehicle striking and damaging State Highway Department owned guard railing on Route 206, Peapack-Gladstone, New Jersey, on March 21, 1960. Mr. Johnson died as a result of the aforesaid heart attack. The insurance carrier representing Mr. Johnson furnished the Claims Bureau with a written statement that they had investigated Mr. Johnson's prior medical history which disclosed that their assured did not have any knowledge of having a heart condition prior to the accident in question. The said insurance carrier stated that in view of this they could not see where they were legally liable for our claim inasmuch as there was no negligence on the part of the assured. They did, however, offer us 50% of our claim, namely $65.63 in full settlement of our claim as a good will gesture inasmuch as the State was involved. (cont'd)

I have been advised that the State's own insurance darrier has disclaimed liability in similar claims. Inasmuch as it is very doubtful that we would be successful in obtaining a judgment if a suit was instituted, we accepted the 50% offer and it is my recommendation that the remaining 50%, namely $65.62 be cancelled. (October 10, 1960)

Claims - Settlements ✓

7. There is presented a claim arising out of an accident occuring on June 18, 1960 involving a vehicle owned and operated by Thomas F. Conroy, Jr. As the result of the aforesaid accident, traffic signal equipment located at the intersection of Route U.S. 1 & Central Avenue, Jersey City, was damaged and had to be repaired at a total cost of $96.90. Mr. Conroy at the time of the accident was operating a 1948 Dodge and was not insured for property damage. At the present time, this debtor is working only two days a week. Thepolice report indicates that Mr. Conroy was forced into the traffic signal by an unknown motorist who cut him off and continued on after the accident occurred. This debtor has contacted the Claims Bureau with a request that the sum of $25.00 be accepted in full settlement of the State's claim as his financial circumstances at this time does not permit a more substantial offer. In view of the circumstances under which the accidentoccurred and giving due consideration to the debtor's apparent conscientious offer to pay the claim to the best of his financial ability, it is our recommendation and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputv Attorney General William J. McCormack that the offer of settlement receive favorable consideration. (October 6, 1960)

"Speed Limits" ✓

8. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 21 & Route 21 Freeway, City of Newark, Town of Belleville, Town of Nutley, Essex County, and that Regulation LS-59-11, adopted June 6, 1959, and approved June 15, 1959, be rescinded. (October 5, 1960)

"No Passing Zones" ✓

9. In accordance with the provisions of s. 114, c. 23, L. 1951 (c.39:4-201.1), it is recommended that the attached regulation be adopted establishing "No passing zones" along Route 41, Deptford Township, Gloucester County, Runnemede Borough, Camden County. (October 10, 1960)

"No Parking Zones" ✓

10. In accordance with the provisions of s. 78, c. 23, L. 1951 (c.39:4-138.1), it is recommended that the attached regulation be adopted establishing legal "no parking" zones along Route 27, Edison Township, Middlesex County. (October 10, 1960)

Condemnation proceedings were previously authorized for the acquisition of Parcels 2,3A,3B & 5 at which time an agreement could/be reached with Antonio Marro for Parcels 3A & 3B and title to Parcels 2 & 5 was involved. Subsequently, Mr. Marro claimed he could convey clear title to all four parcels and negotiations were conducted on that basis, as a result of which an agreement has now been executed by Mr. Antonio Marro and wife covering Parcels 2,3A,3B & 5 in the sum of $19,500 including down payment of $4,000 - owner to retain and remove buildings. This agreement further provides that the sum of $1,500 represents the full value of Parcel 2 and the sum of $1,400 represents the full value of Parcel 5 and in the event clear title cannot be conveyed to either or both of these parcels, the State shall institute friendly condemnation proceedings or take such other legal action as it may determine necessary to clear the title to its satisfaction; and the cash consideration in this agreement shall be reduced by these respective amounts accordingly. It is recommended that this agreement be approved; and authority granted to accept a Deed for Parcels 3A & 3B and make payment therefor in the sum of $16,600. It is further recommended that condemnation proceedings previously authorized for Parcels 3A & 3B be rescinded; and that condemnation proceedings previously authorized for Parcels 2 & 5 be continued inasmuch as it now appears very unlikely that title to these two parcels can be cleared. (October 7, 1960)

72. **Right of Way - Route 69** ✓

~~67~~. There is presented again the matter of acquisition of Slope Easement on Route 69 (1953), Section 5, from Route U.S. 202, Ringoes to Mercer County Line; Parcel E-20, George . Yosco and wife, on which an agreement in the sum of $250 was previously approved. During construction operations the contractor cut into the septic system drainage laterals causing damage not foreseen in our original appraisals. Negotiations were reopened with the owners and an agreement reached covering both conveyance of Parcel E-20 and the resultant damage, in the sum of $350. It is recommended that this agreement be approved and that the previous agreement in the sum of $250 be rescinded. (October 7, 1960)

73 **Right of Way - Route 295** ✓

~~68~~. There is presented again the matter of acquisition of property on Route FAI-108-1(16), also known as 295-1-(16), Hollywood Avenue to New Jersey Turnpike, Parcel 6, Wilmington Savings Fund Society, on which an appeal was previously authorized from a condemnation commissioners award in the sum of $2,500 plus interest from October, 1958. The owners have now executed an agreement in the sum of $1,850. It is recommended that this agreement be approved and that the appeal previously authorized be discontinued. (October 7, 1960)

74. **Right of Way - Route 23** ✓

~~69~~. There is presented again the matter of condemnation of property on Route 23, Sections 7 & 9, Stockholm to Hamburg, Parcels E6D2, E6~~B~~ & E6F1, John J. Koller. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $50.00. No testimony was presented on behalf of the owners. The commissioners made an award in the sum of $50.00. It is recommended that this award be approved. (October 5, 1960)

75. **Right of Way - Route 4** ✓

~~70~~. There are presented report and appraisal with map and description on Route 4, Section 4H, at Hackensack Avenue, Parcel 2, Diederick & Louis Willenbrook. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have requested that condemnation be started because they are unable to secure a release from the lessee (Federated Department Stores, Inc.) (October 10, 1960)

76. **Right of Way - Route 95** ✓

~~71~~. There are presented report and appraisal with map and description on Route 95 (1953), Section 1B, Project I-95-6-(3), Teaneck Road to Route 4, Parcel 5, Ole Haaland and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners' demand of $38,000 considered to be excessive. (October 10, 1960)

77. **Right of Way - Rt. U.S.130** ✓

~~72~~. There are presented report and appraisal with map and description on Route US 130 (1953), Section 9, Cooperstown Road to New Albany, Parcels 5B,5C & 5E, Olympia Park Realty Company, Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners have refused an offer of $43,000 and while indicating that they want "consideraly more" would not state a specific amount. (October 5, 1960)

78. **Right of Way - Route S3** ✓

~~73~~. There is presented again the matter of sale at public auction of Parcel V3B on Route S3, Section 4, Passaic Avenue to Passaic River which sale was authorized by the State Highway Commissioner on August 30, 1960, based on a minimum price of $6,200 plus $150 for costs. At the public auction held on September 19, 1960, only one bid was submitted. Martin J. Loftus bid the sum of $6,350 and deposited with the State the sum of $1,700 on account. It is recommended that the attached Deed to Martin J. Loftus covering Parcel V3B be executed by the State Highway Commissioner; and authority granted to make delivery of same upon payment of the balance due in the sum of $4,650. The State Highway Commissioner does hereby determine that the above designated parcel of land is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (October 5, 1960)

There is presented again the matter of acquisition of property on Route FAI-101-2-(7) also known as 80-2-(7), from a point West of Mount Arlington Road to Union Turnpike, Wharton, Parcel 22B, Borough of Wharton, on which an award by condemnation commissioners in the sum of $2,000 plus interest from July 15, 1958 was previously approved. The owners, however, filed an appeal. Continued negotiations have resulted in the execution of an agreement in the sum of $2,240. It is recommended that this agreement be approved making further litigation of the matter unnecessary; and that the previous action approving the award be rescinded. (October 13, 1960)

---

44. There is presented a Grant of Easement in the name of the New Jersey Power & Light Company on Route 80 (1953), Section 2J, Project I-80-2-(20), from Route U.S. 46 to Route 53 at Denville; Parcel UE4, Frank John & Wife, consideration 1,000. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. (October 13, 1960)

---

45. There is presented a Grant of Easement in the name of the New Jersey Power & Light Company on Route 80 (1953), Section 2J, Project I-80-2-(20), from Route U.S. 46 to Route 53 at Denville; Parcel UE22B, William Benner & Wife, consideration $1,800. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. (October 13, 1960)

---

46. There are presented report and appraisals with map and description on Route 80 (1953), Section 2J, Project I-80-2-(20), from Route U.S. 46 to Route 53 at Denville; Parcel UE19B, O. Arthur Larsen & Wife. (Power line easement required by New Jersey Power & Light Company.) It is recommended that authority be granted to transmit the data in connection with this easement to the New Jersey Power & Light Company for the institution of condemnation proceedings. (October 13, 1960)

Right of Way - Route U.S. 1 & 9

47. There are presented report and appraisal with map and description on Routes U.S. 1 & 9, Section 6, Tonnelle Avenue Circle to Route 3; Parcel R3A, Railroad Terminal Corp. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners refused our offer of $33,000 and have not indicated what amount to be acceptable. (October 11, 1960)

Right of Way - Routes 1, 4 and 6

48. There are presented report and appraisal with map and description on Routes 1, 4 & 6 (1927), Section 6, Christie's Lane to Hudson River Bridge Plaza, Parcel E164, Fort Lee Roofing Co., Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this drainage easement subject to any public utilities existing in the premises. While the Attorney for the owner has granted by letter permission for entry; the matter of entering into an agreement for the acquisition of this drainage easement is being unduly delayed. (October 13,1960)

---

49. There are presented report and appraisal with map and description on Routes 1, 4 & 6 (1927), Section 6, Christie's Lane to Hudson RiverBridge Plaza, Parcel E166, Robert G. Platoff et al. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners' demand of $25,000. is considered excessive. (October 20, 1960)

Right of Way - Route S4

72. There is presented again the matter of a public sale of all right, title and interest of the State of New Jersey in and to property adjoining Parcel 14 on Route S4 (1927) Outer Bridge Crossing Approach. Under date of September 22, 1960 the State Highway Commissioner authorized the above sale based on a minimum price of $50. plus $150. which is the estimated cost of the sale, making a total of $200. In the commission action of September 22, 1960 authority was asked for the sale of all right, title and interest this department may have in and to Parcel 14. This should have read all right, title and interest that this department may have in and to the property adjoining Parcel 14. It is recommended that the attached deed conveying all right, title and interest of the State of New Jersey in and to the property adjoining Parcel 14 to Rose Zambory be executed, and authority be granted to deliver the same. The State Highway Commissioner does hereby determine that the State's right, title and interest in the premises is no longer required for the use of the State of New Jersey for the improvement, betterment, reconstruction or maintenance of any State Highway. (October 19, 1960)

Right of Way - Route 25

73. There is presented a communication from Toolan, Haney & Romond together with a report and an appraisal on Route 25, Sections 5 & 6, Amboy Ave. Interchange, Parcel X14, in which they guarantee a minimum bid of $200.00, together with the payment of $150.00 which is the estimated cost of conducting the sale. Authority is requested to dispose of Parcel X14 at public auction based on a minimum bid of $200.00 plus $150.00 which is the estimated cost of the sale. (October 20, 1960)

Right of Way - Route 80

74. There is presented a report of the public auction which was held on October 6, 1960, for the sale of the building located on Route 80, Section 4D, Glover Avenue to Passaic River, Parcel 156, formerly owned by Mario Giannone. Only one bid was received in the amount of $100., which was submitted by Mr. Daniel Fote, of Paterson. It is recommended that the bid in the amount of $100. be rejected, and that authority be granted to readvertise and sell the building at a future sale. (October 18, 1960)

Right of Way - Route 80 ✓

75. There is presented a report of the public auction which was held on October 6, 1960, for the sale of the building located on Route 80, Section 5E, from Route 17 at Lodi to N.J. & N.Y. R.R. (Erie) at Hackensack, Parcel 16, formerly owned by Paul W. O'Brien. A bid in the amount of $1,500. was received for this building from Mr. Benjamin Rausa, of Hackensack. It is recommended that the bid in the amount of $1,500. submitted by Mr. Rausa be accepted and that authority be granted to the successful bidder to remove the building upon payment of the full purchase price. (October 18, 1960)

Right of Way - Route 95 ✓

76. There is presented a report of the public auction which was held on October 6, 1960, for the sale of buildings located on Route 95, Section 1F, from Route 4 to a point east of Fletcher Avenue, Fort Lee as follows:

Parcel No.	Amount of Bid	Bidder
27A, B	$1,800.	John Gava
35A, B	1,550.	Theodore Grieco
39	5,600.	Louis Luvera

Authority is recommended to accept the bids and that the successful bidder be notified to remove these buildings upon payment of the full purchase price. (October 18, 1960)

---

77. There is presented a report of the public auction which was held on October 6, 1960, for the sale of the building located on Route 95, Section 1F, from Route 4 to a point east of Fletcher Avenue, Fort Lee, Parcel 32, formerly owned by Fred Lombo. Three bids for the property ranging from $200. to $300. were received. It is felt that the high bid in the amount of $300. is too low. It is recommended that the bid in the amount of $300. which was submitted by Mr. John Gava be rejected and that authority be granted to readvertise and sell this building at a future sale. (October 18, 1960) ✓

Right of Way - Route 80 ✓

78. There are presented estimates for the demolition of the building located on Route FAI 101-5-(2) also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel R262, formerly Shell Oil Co., as follows:

Agreements #1 and #2 with the Town of Morristown were approved on June 8, 1959 and June 15, 1959 respectively, setting up a total amount of $2,060.92 to cover reimbursement to the Town of Morristown for the rearrangement of water facilities to accommodate the construction of Route 10, Sections 3 & 4. We are now in receipt of three bills for this work under the two agreements totaling $4,060.13, which is $1,999.21 over the amount set up. The reason for this increase is that there was a certain amount of water main work which was unforseen and construction difficulties were encountered plus the fact that labor and material rates have increased since the date the estimate was made. Due to these circumstances it is recommended that the additional amount of $1,999.21 be set up and that the three bills totaling $4,060.13 be paid. (October 31, 1960)

Utilities-Route 35, Sections 6A & 4A

7. Approval and execution is recommended of the attached Agreement between The New York & Long Branch Railroad Company and the State of New Jersey covering understandings in connection with the construction of Route 35, Sections 6A & 4A, in the Boroughs of Red Bank and Little Silver, County of Monmouth across the main line tracks and siding track of the railroad. This construction will necessitate the reconstruction of the Railroad grade crossing and the installation of automatic crossing gates and the rearrangement of other railroad facilities, which gates and facilities will be installed, owned and operated by the railroad. The railroad will reconstruct its track facilities (ballast, ties, tie plates, rail & flangeways) to accommodate the improved highway grade crossing at no cost to the State. However, the State will pay 50% of the total estimated cost of $73,320 or $36,660 as its share of the cost for the railroad's installation of automatic crossing gates, rearrangement of the signal and communication facilities. (October 31, 1960)

Agreements-Route 80, Section 2A

8. Approval and execution is recommended of the attached agreement between Franklin Contracting Company and Scalatti-Knowles, Inc., acting jointly and severally and the State of New Jersey, covering understandings in connection with the issuance of a permit for ingress and egress to State Highway Route 80, Section 2A, as built, at the easterly end to Dock Road as relocated for the purpose of hauling materials to be used in connection with the construction of a portion of the Interstate Highway System, State Highway Route 80, Section 2J, from State Highway Route 46 to State Highway Route 53. (October 31, 1960)

Utilities-Route 287, Section 2C

9. Approval and execution is recommended of the attached agreement between the Piscataway Township Sewerage Authority and the State of New Jersey covering understandings in connection with the construction of Freeway Interstate Route 287, Section 2C, in the Township of Piscataway, County of Middlesex, through which a component of the Authority's future sanitary sewer system will cross and which will necessitate installation by the Authority of a steel sleeve and the insertion of the sewer main within the sleeve across the Freeway at considerable cost to the Sewerage Authority. The State will make or cause to be made certain provisions in its construction contract to include a portion of the future gravity sanitary sewer at the actual cost of $13,680 with the understanding that the Authority will reimburse the State for the said cost. (October 31, 1960)

15. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along: Route 45, Salem City, Woodstown Borough, Mannington Township, and Pilesgrove Township, Salem County; South Harrison, Harrison, Mantua, Deptford & West Deptford Townships, Woodbury Heights, Westville Borough & City of Woodbury, Gloucester County; and that Regulation LS-57-18, adopted June 18, 1957, and approved June 27, 1957, be rescinded. (October 21, 1960)

Construction Items

Route U.S. 130 (1953), Sections 7B & 10B

16. Approval is recommended of the plans and specifications and authority to advertise for the Resurfacing, Intersection Improvement & Barrier Curb on Route U.S. 130 (1953), Sections 7B & 10B, from Camden to Burlingtin, in the Townships of Edgewater Park, Levittown, Burlington, Pennsauken and the City of Burlington, in Camden and Burlington Counties. Bids to be received November 23, 1960. (October 26, 1960)

Route U.S. 9 (1953), Sections 12A & 13A

17. Approval is recommended in making award of contract to J.D. Moore, Inc., for Drainage in the Cities of Linwood and Pleasantville, Atlantic County, on Route US 9 (1953), Sections 12A & 13A, at their bid the lowest of 9 bids received on October 20, 1960, in the amount of $39,530.80. (October 31, 1960)

18. (NO ITEM)

Route 78, Section 5C-Demolition of Bldgs.

19. Approval is recommended in making award of contract to William M. Young & Company for Demolition of Buildings on Route 78, Section 5C, Troy Village, Section D, Briant Avenue, Springfield Township, Union County, Federal Project No. N.J.-EI-78-5(2)49, at their bid the lowest of 4 bids received on October 20,1960 in the amount of $17,458. (October 31, 1960)

Route 80, Sections 1B & 2L

20. Approval is recommended in making award of contract to Yonkers Contracting Company for the grading & paving on Route 80, Sections 1B & 2L, from Route U.S. 46 to Landing Road Interchange, in the Townships of Mount Olive and Roxbury and Borough of Netcong, Morris County, Federal Project No. N.J.-I-80-2(23)26, at their bid, the lowest of six bids received on October 13, 1960 in the amount of $3,453,999.77. (October 27, 1960)

Route 9, Section 2

21. Ole Hansen & Sons, Inc., contractors for the construction of Cape May Canal Bridge & Approaches on Route 9, Section 2, in Lower Township, Cape May County, have satisfactorily completed the work under their contract as of September 19, 1960. It is recommended that this project be finally accepted and a semi-final estimate issued the contractor on roadway items only, withholding 1% of the completed work pending receipt of the "As Built Quantities", and final payment to be made to the contractor upon receipt of the "As Builts" without further Action by the Commissioner. It is further recommended that 100% payment be made on all bridge items. (October 27, 1960)

Route 18, Section 2

22. Approval is recommended of the request of the Gaskill Construction Company for an extension of time of 45 working days for the completion of their contract for the construction of Route 18, Section 2, Clifton Avenue to New Jersey Turnpike, Middlesex County. The contractor is requesting this extension because of the delays caused their operations by the Public Service strike of May-June 1959, and the steel strike of June-November 1959, which created unforseen conditions beyong the contractor's control. (October 28, 1960)

Route 28, Sections 1A & 7A

23. The plans for Route 28, Sections 1A & 7A, Lehigh Valley Railroad Bridge at Westfield Avenue, Federal Project U-125(5), call for portable wooden barriers as a protection at the center pier. During the period of pier reconstruction, the bridge superstructure will be supported on each side of the pier by steel framed bents. Due to the vulnerable location of the bents, the representatives of the Railroad Company have insisted upon a more substantial form of barrier, and it is proposed to substitute our standard steel beam guard rail with steel posts and additional timber curbs for the portable barriers. The cost of this work is higher than normal, due to the timber curbs and the necessity for cutting holes in the concrete pavement for setting the posts. The proposed charges for this work in the amount of $1,621 appear to be reasonable. There will be a saving of $560 due to the elimination of

(cont'd)

the portable barriers from Roadway items of work, which will reduce the net extra cost to $1,061. The Bureau of Public Roads has been informed of this Change of Plan. It is recommended that we be authorized to direct the contractor to proceed on this basis. (October 26, 1960)

Route 35, Section 12B

24. We have been requested by the Chief Engineer of the Lehigh Valley Railroad Company to remove an existing pier which has been left in place within the opening of the bridge over their main track. This pier was not required to be removed in the contract for the new bridge since it did not interfere with the bridge construction. This pier obstructs the area which theRailroad Company wishes to use as a roadway to provide access to the westerly portion of their property. This request was discussed with Mr. Oliver Doll, Engineer of Utilities, and it is his opinion that the request of the Railroad Company is justified under the conditions of the agreement between the Railroad Company and the State. The Ell-Dorer Contracting Company has submitted a proposal in the amount of $2,966.15 for the performance of this work. It is our opinion that this work can be performed at a lower cost to the State on a basis of cost of labor, materials and equipment, plus a 20% allowance for overhead and profit. It is recommended that we be authorized to instruct the contractor to proceed on this basis. This will not be participated in by Federal Funds. (October 26, 1960)

Route 10 (1953), Sections 4B & 5A

25. Approval is recommended of the request of P.T. & L. Construction Company, Inc., 526 Route 17, Paramus, New Jersey, contractor for the construction of Route 10 (1953), Sections 4B & 5A, from Livingston Circle to Teed Road, Grading, Drainage, Paving, Resurfacing & Bridge over Canoe Brook, in the Township of Livingston, Essex County, to sublet the bridge work of this contract as follows: Items 72 to 79 inclusive, 81,83 & 84 & Specialty Items 80 & 82, to Scaletti-Knowles, Inc., 14 Wanaque Avenue, Pompton Lakes, New Jersey. (October 28, 1960)

Route 20 (1953), Section 4A

26. Approval is recommended of the request of Public Contracting Corporation, P.O. Route 80, Section 2J

27. Approval is recommended of the request of Franklin Contracting Company, Route 46, Little Falls, New Jersey, contractor for the construction of Route 80, Section 2J, from U.S. 40 to Route 53, Grading, Paving Eastbound Roadway & Bridges, in the Township of Denville, Morris County, Federal Project No. N.J.-I-80-2(21(38), to sublet Items 89 & 114, Lighting System Complete, in the amount of $13,700 representing 0.912% of the total contract amount less specialty items, to Lightning Electric Service Company, 11 Coes Place, Newark, New Jersey. (October 25, 1960)

Route 295, Section 1D

28. Approval is recommended of the request of Public Constructors, Inc., P.O. Box 34, Blackwood, New Jersey, contractor for the construction of Route 295, Section 1D, from Route 47 to Route U.S. 130, Grading, Paving & Bridges, in the Borough of Westville, Townships of Deptford & West Deptford, Gloucester County, Federal Project No. N.J.-I-295-1(21)25, to sublet the Cleaning & Painting of Structural Steel Bearing Assemblies, Items 167,181,192 & 203, in the amount of $716.50, representing 0.0256% of the total contract amount less Specialty Items, to W. Pera Painting Company, 625 Graisbury Avenue, Haddonfield, New Jersey. (October 28, 1960)

Route 440 (1953), Section 2A

29. Approval is recommended of the request of New Jersey Asphalt & Paving Company, Jersey City, New Jersey, contractor for the construction of Route 440 (1953), Section 2A, from Clendenny Avenue to Danforth Avenue, Pavement Widening, Resurfacing, and Shoulder Reconstruction, in the City of Jersey City, Hudson County, to sublet Items 37 & 38 of the proposal consisting of White Concrete Vertical Curb and Concrete Sidewalk in the amount of $19,277.65, representing 6.4261% of the total contract amount to Frapaul Construction Company, Inc., 124 Essex Street, Rochelle Park, New Jersey. (October 27, 1960)

Federal Aid Secondary Item

Washington Valley Road, Somerset County

30. There is presented a copy of a resolution adopted by the Somerset County Board of Freeholders recommending that a contract for the construction of Washington Valley Road, Somerset County, Federal Aid Secondary Project No. S116(3) be awarded to Jannarone Engineering Company, Matawan, New Jersey at the low bid of $82,461.44, being the lowest of eight regular bids. It is recommended that the contract be awarded to Jannarone Engineering Company, Matawan, New Jersey. (October 28, 1960)

Electrical Items

Underground Structures for Lighting System-1960-61 Cont.

31. Mohawk Constructors, Inc. has satisfactorily completed the work under their contract for Underground Structures for Lighting System, North Avenue to Elizabeth City Line, Elizabeth, Union County, on October 3, 1960. It is further recommended that this contract be accepted for final payment and a final estimate issued to the contractor after the necessary formalities have been observed. (October 26, 1960)

Signals-Traffic

32. There is presented from the Bureau of Electrical Operations report, agreements, and plan covering the installation of a fixed time traffic signal, at the intersection of Route 69 and entrance to Firehouse, Ewing Township, Mercer County. The estimated cost for this installation is $5,400. The State's share of the estimated cost will be $4,590 and the Township of Ewing will pay the remaining $810. There will be an annual maintenance cost to this department of $180. The Township of Ewing will pay the electric current operating cost. It is respectfully recommended that authorization be given to the Bureau of Electrical Operations to make the installation as outlined in report dated October 25, 1960, and the agreements, which have been approved by the Attorney General, be signed by the proper officials of this department. (October 27, 1969)

Highway Lighting-Reimbursement 1961 Program

33. There is presented by the Bureau of Electrical Operations a request for highway lighting reimbursement under our 1961 program for the 7 municipalities listed in report dated October 19, 1960. There is no construction cost involved and the annual decrease in cost to the State will amount to approximately 1.408% or $154.22. (October 26, 1960) It is respectfully recommended that approval be given to negotiate for the above.

NO. 39 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 7, 1960

Administrative Items

Federal Aid-Interstate

1. It is recommended that the attached project agreement in duplicate be approved and executed for construction: Route No. 287, Sections 1D and 2D, Route U.S. 22 to River Road Interchange, Electrical Facilities, Project No. I-287-1(14)10. The amount of Federal-aid Interstate funds obligated is $389,700.00 which is 90% of the estimated cost for Federal participation. The work to be done under this contract consists of furnishing all labor, materials, equipment, accessories and appurtenances necessary to install seven (7) complete underground wired, multiple fed ornamental roadway lighting systems, as shown on the plans and called for in these specifications. These systems are not interconnected. Each system is fed from the utility company's lines through its own service and meter. Service for all seven systems will be single phase, 3 wire, 120-240 volts. (November 3, 1960)

Buildings - Edgewater Park

2. Presented herewith is the Pre-Final and Final Acceptance Certificate submitted by the Bureau of Construction, Department of the Treasury, requesting approval for making final payment to Robert B. Berwick and Company of 214 Prospect Street, Trenton, New Jersey, for the installation of heating and plumbing systems and equipment for our new Edgewater Park Maintenance Building. An inspection of the facility has been made and approval of the Acceptance Certificate is recommended. (November 7, 1960)

3. Attached please find copy of Commission Action requesting tentative approval to accept $3,461.53 in full settlement of a claim against the Garden State Constructors and Associates arising out of an accident occurring on Route 1, Secaucus Road, North Bergen, New Jersey. Said Commission Action was approved by you. I have now been informed by the Claims Bureau that all parties involved have agreed to the tentative settlement outlines in the attached Commission Action and it is my recommendation that final approval be given to this settlement.

Utilities-Borough of Netcong

4. Agreement was approved on May 1, 1959 with the Borough of Netcong, setting up an amount of $700.00 to cover reimbursement to the Borough for the rearrangement of their water facilities. However, this amount has been exceeded by $567.50, which represents additional engineering inspection charges of $267.50 caused by contractors construction difficulties, which delayed completion of the water main work. The additional $300.00 resulted from the resetting to proper State Standard set back of two (2) hydrants, which work could not have been foreseen at the time of the original estimate. It is, therefore, recommended that an additional amount of $567.50 be set up to cover the total work performed by the Borough to accommodate the State's construction. (November 1, 1960)

Utilities-Route 287, Section 2C

5. Approval and execution is recommended of the attached Order PUO-287-2 issued to the Elizabethtown Water Company, Consolidated covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 287, Section 2C, located in the Township of Piscataway and Borough of South Plainfield, County of Middlesex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $43,000.00. (November 3, 1960)

Agreements-City ofEnglewood, Route 4, Section 3

6. Approval and execution is recommended of the attached agreement between the City of Englewood and the State of New Jersey, covering understandings in connection with the City's proposed improvement to alleviate traffic conditions on Route 4, Section 3, Intersection at South VanBrunt Street, in the City of Englewood, Bergen County. This agreement also outlines the limits of jurisdiction, control and maintenance in connection with the proposed improvements. (November 7, 1960)

Utilities-Route 287, Section 3A

7. Approval and execution is recommended of the attached Agreement between the Sun Pipe Line Company and the State of New Jersey covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 287, Section 3A, in the Borough of South Plainfield and the Township of Edison, County of Middlesex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $8,700.00. (November 3, 1960)

Utilities-Route 28, Sections 3A & 4A

8. To accommodate the construction of Route 28, Sections 3A and 4A, in the Boroughs of Bound Brook and Middlesex, it will be necessary for the Tide Water Pipe Company Ltd. to make certain rearrangement of their pipeline facilities along their existing easement outside of the existing highway right-of-way. It is recommended that the utility company be reimbursed for this work, which including contingencies, is estimated at $1,300.00. (November 7, 1960)

No Parking Zones

9. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 77, City of Bridgeton, Cumberland County. (November 3, 1960)

XXXXXXXXXXXXXXXXXX Through Streets

10. In accordance with the provisions of R. S. 39:4-140 (as amended), it is requested that the attached regulation be adopted designating a "through street" along Route U.S. 40, Section 2A, between County Road No. 540 and Route U.S. 40 (Harding Highway), Upper Penns Neck Township, Salem County. (November 3, 1960)

Speed Limits

11. In accordance with the provisions of R. S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 77, City of Bridgeton, Upper Deerfield Township, Cumberland County; Alloway and Upper Pittsgrove Townships, Salem County; Elk and Harrison Township, Gloucester County; and that Regulation LS-58-10, adopted May 15, 1958 and approved May 20, 1958, be rescinded. (November 3, 1960)

Construction Items

Route 35, Section 2A

12. Bids for the construction of Route 35, Section 2A, from Eisenhower Avenue to Curtis Point Drive, Grading and Paving, Townships of Dover and Brick and Borough of Lavallette, Ocean County, were opened and read on October 20, 1960, after due publication. The two lowest bids submitted were read and retained for consideration by the Commissioner. It was discovered that the company prequalified with the Department as M. J. STAVOLA, INC. is not a legal corporate entity according to the records in the office of the Secretary of State. The bid submitted under that corporate name is rejected. It is therefore recommended that award of contract be made to the second low bidder, L. ZIMMERMAN AND SONS, INC. who is properly prequalified with this Department. (November 3, 1960)

Route 101, Section 2C

12A. George M. Brewster and Son, Inc., 275 Fort Lee Road, Bogota, New Jersey, contractor for the construction of Bridges, on Route 101, Section 2C, from Howard Boulevard (Mt. Arlington Road) to Route 15, Union Turnpike, Grading, Paving and Bridges, Townships of Rockaway, Jefferson and Roxbury, Boroughs of Wharton and Mt. Arlington, Morris County, has satisfactorily completed Bridge Items only on this project as of August 24, 1960. It is hereby recommended that this project be finally accepted and 100% payment on Bridge Items only authorized. (November 7, 1960)

Route 322, Section 1

13. Approval is recommended of the request of Brann and Stuart Company for an extension of time of 30 working days for the completion of their contract on Route 322, Section 1, Dualization from Weymouth Road to Route 50, Hamilton Township, Atlantic County. The contractor is asking for this extension because his operations were handicapped by the recent hurricane and subsequent floods. (November 3, 1960)

Route U.S. 1 (1953), Section 6A

14. Approval is recommended of the request of Hess Brothers, Inc., Parlin, New Jersey, contractor for the construction of Route U.S. 1 (1953), Section 6A, Route U.S. 130 to College Farm Road, including Interchange at Milltown Road, North Brunswick Township, Middlesex County, Federal Project No. U-95(43), to sublet Items 19*, 20 and 75 to 95 inclusive consisting of Landscape Work in the amount of $16,781.00 representing 1.897% of the total contract amount less Specialty Items, to D. J. Westergard, Inc., Tuttle Road, Watchung, New Jersey. * Furnishing and spreading of topsoil performed by general contractor. Subcontractor will perform only part of the item as indicated above (, prepare lime, fertilize and seed topsoil.) (November 7, 1960)

Route 82 (1953), Section 1A

15. Approval is recommended of the request of Peter W. Kero, Inc., Carlstadt, New Jersey, contractor for the construction of Route 82 (1953), Section 1A, Lehigh Valley Railroad Bridge and Pavement Reconstruction in the Township of Union, Union County, Federal Project No. U-124(5) to sublet Items 12, 16, 17 and 18 of the Proposal consisting of Subgrade, Concrete Pavement, Transverse Expansion Joints and Extra Cement in the amount of $30,622.55, representing 9.218% of the contract amount less specialty items, to L. Zimmerman and Sons, Inc., 278 Hillside Avenue, Hillside, New Jersey. (November 1, 1960)

It is recommended that this project be accepted and final payment authorized after the necessary revisions have been made in the contract quantities. (November 4, 1960)

Signals-Traffic, Delaware Township, Camden County

19. There is presented from the Bureau of Electrical Operations report whereby Delaware Township, Camden County, agrees to accept the cost of the annual electric current operating cost in connection with the traffic signal installation at Route 70 and Cornell Avenue, Delaware Township, the installation of which was approved by commission action dated October 5, 1960. It is respectfully recommended that the Bureau of Electrical Operations complete the negotiations with Delaware Township as outlined in the attached report and that the attached agreement, which has been approved by the Attorney General, be signed by the proper officials of this department. (November 4, 1960)

Signal-Traffic, Delaware Township, Camden County

20. There is presented from the Bureau of Electrical Operations report, agreement and plan covering the installation of a semi-actuated traffic signal, at the intersection of Route 41 and Chapel Avenue, Delaware Township, Camden County. The estimated cost for this installation is $7,600.00. The State's share of the estimated cost will be $5,700.00, and the Township of Delaware will pay the remaining $1,900.00. There will be an annual maintenance cost to this department of $240.00. The Township of Delaware will pay the electric current operating cost. It is respectfully recommended that authorization be given to the Bureau of Electrical Operations to make the installation as outlined in the attached report and the agreements, which have been approved by the Attorney General, be signed by the proper officials of this department. (November 3, 1960)

Highway Lighting-Reimbursement (1961)

21. There is presented by the Bureau of Electrical Operations, a list of 40 municipalities and/or counties having complied with Article 3 of Standard Reimbursement Agreement for the year 1961, without change, in accordance with report dated October 28, 1960. It is respectfully recommended that approval be given to extend these highway lighting agreements for the calendar year 1961. (November 3, 1960)

Lighting-Teaneck, Bergen County

22. There is presented from the Bureau of Electrical Operations report and plan relative to the installation of two (2) underdeck lighting units with necessary conduit and wiring at the underpass of Route 4 and Webster Avenue, Teaneck, Bergen County. The units will be billed at the established rate of the Public Service Electric and Gas Company of $35.00 per lamp per year and there will be a non-recurring installation charge of $30.00 for photo-electric cells. There will be an estimated construction cost of this department of $350.00. It is respectfully requested that you recommend to Commissioner Palmer approval for the Bureau of Electrical Operations to make this installation and also to negotiate with the Public Service Electric and Gas Company to supply electrical energy. (November 3, 1960)

Right of Way-Route 80 (1953)

55. There is presented again the matter of acquisition of property on Route 80 (1953), Section 4D, Project I-80-4-(4), Glover Avenue to Passaic River, Parcel 152, Adgold Realty Co., Inc. Condemnation proceedings were previously authorized at which time the owners were demanding $25,000. Continued negotiations have resulted in the execution of an agreement in the sum of $21,500., including down payment of $5,300. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (November 4, 1960)

Right of Way-Route 295

56. There is presented again the matter of acquisition of property on Route FAI 108-1-(12) also known as 295-1-(12), North-South Freeway (FAI 109) to Verga, Parcel R89, Thomas F. Megary and wife, on which an agreement in the sum of $8,000. was previously approved. Deed has been delivered and placed on record. At the time negotiations resulting in the above indicated agreement were concluded, our maps indicated that the frozen custard stand could remain because the top of the slope would only slightly affect the building. All of our appraisals were based on this assumption. Subsequently a survey indicated that a portion of the building was actually within our taking necessitating its removal. The property was re-appraised on this basis and negotiations were re-opened with the owner which have resulted in the execution of a supplemental agreement in the amount of $5,800. (owner to retain and remove building). This will make the total consideration for Parcel R89 - $13,800. It is recommended that this supplemental agreement be approved and authority be granted making settlement on the basis of a total consideration of $13,800. (November 4, 1960)

Right of Way-Route 10 (1953)

57. There is presented again the matter of condemnation of property on Route 10 (1953), Section 4, Troy Hills Road, Whippany to Livingston Avenue, Parcel E1, Joseph C. Walter, widower. At the hearing before condemnation commissioners, the testimony on behalf of the State approximated $300. and the testimony on behalf of the owner was in the sum of $2,000. The commissioners made an award in the sum of $500. which will carry interest from November 30, 1959, the date the State entered upon the property. It is recommended that this award be approved. (November 7, 1960)

Right of Way-Route 21 Freeway

58. There is presented again the matter of condemnation of property on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcels 118A, 118B and 118C, John Fedor and wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $32,870. and the testimony on behalf of the owner was in the sum of $56,097. The commissioners made an award in the sum of $37,762. It is recommended that this award be approved without interest. (November 7, 1960)

Right of Way-Route 28 (1953)

59. There is presented again the matter of condemnation of property on Route 28 (1953) Section 1, Project U-125-(4), Coolidge Place to Bridge Street, Parcel 2, Sarah A. Jackson. At the hearing before condemnation commissioners, this case was uncontested and the testimony on behalf of the State was in the sum of $1,500. The Commissioners made an award in the sum of $1,500. which will carry interest from September 5, 1960, the date of entry. It is recommended that this award be approved. (November 3, 1960)

- - - - - - - - - -

60. There is presented again the matter of condemnation of property on Route 28 (1953) Section 1, Project U-125-(4), Coolidge Place to Bridge Street, Parcel 5, Emma Erickson. At the hearing before condemnation commissioners this case was uncontested, and the testimony on behalf of the State was in the sum of $1,400. The commissioners made an award in the sum of $1,400. which will carry interest from September 1, 1960, the date of entry. It is recommended that this award be approved. (November 3, 1960)

Right of Way-Route 80 (1953)

61. There are presented report and appraisals with map and description on Route 80 (1953) Section 2J, from Route U.S. 46 to Route 53, Project I-80-2-(20); Parcel 3, Denville Shack Realty Corp. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. While negotiations will be continued in an effort to reach an amicable agreement, it is considered in the best interest of the State to get a condemnation complaint on file; particularly since the contractor is anxious to enter upon this improved property. (November 3, 1960)

Right of Way-Route 80 (1953)

62. There are presented report and appraisal with map and description on Route 80 (1953), Section 4D, Project I-80-4-(4), Glover Avenue to Passaic River; Parcel 2, Empire Engineering Co., Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners demand that the State acquire the entire property. (November 4, 1960)

- - - - - - - -

63. There are presented report and appraisal with map and description on Route 80 (1953), Section 4D, Project I-80-4-(4), Glover Avenue to Passaic River; Parcel 13, Mrs. Lena Cohn, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $400,000. which is considered excessive. (November 7, 1960)

- - - - - - - -

64. There are presented report and appraisal with map and description on Route 80 (1953), Section 5E, Project I-80-5-(11), from Route 17 to New Jersey & New York Railroad (Erie) at Hackensack, Parcels 68A1, 68A2 and 68B, William DeMio and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners are demanding $30,000. which is considered excessive. (November 7, 1960)

- - - - - - - -

65. There are presented report and appraisal with map and description on Route 80 (1953), Section 4D, Project I-80-4-(4), from Glover Avenue to Passaic River, Parcel 404, Louisa Tedeschi, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $15,000. which is considered excessive. (November 3, 1960)

- - - - - - - -

66. There is presented report and appraisal with map and description on Route 80 (1953), Section 5E, Project I-80-5-(11), from Route 17 at Lodi to New Jersey and New York Railroad (Erie) at Hackensack, Parcel 43, William Hayzer, widower. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $100,000. which is considered excessive. (November 4, 1960)

Right of Way-Route U.S. 130/ (1953)

67. There are presented report and appraisal with map and description on Route U.S. 130 (1953), Section 7, Pennsauken Creek to Woodland Avenue, Parcel 22, Robertson Construction Co. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $40,000. which is considered excessive. (November 4, 1960)

Right of Way-Route 80 (1953)

68. There is presented a communication from the Ralph H. Hall Post 5561, Veterans of Foreign Wars, Bogota, New Jersey, in which they offered to demolish the building located on Route FAI 101-5-(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 101 formerly owned by Lester L. Skinner and wife, at no cost to the State. It is the intention of the Veterans of Foreign Wars to salvage whatever materials they can for the construction of a new building for their Post, they agree to clear the site. In the event that a demolition contract were awarded for the demolition of this building it could cost the State approximately $800. to have this building removed. It is recommended that the Veterans of Foreign Wars Post 5561, be authorized to demolish the building at no cost to the State. The Veterans of Foreign Wars Post 5561 further agree that they will indemnify and save harmless the State from any claims whatever arising out of the work involved, and will have the building removed by December 10, 1960. (November 1, 1960)

NO. 40 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 21, 1960

Administrative Items

Federal Aid-Urban Funds

1. It is recommended that the attached modified projet agreement in duplicate be approved and executed for construction: Route 23, Section 1, Bridge over Peckman Brook & Paving Bridge Approaches, Essex County, Project No. U-92(17). The amount of of Federal Aid Urban Funds obligated is $76,989.01 which is 50% of the estimated cost for Federal participation. This modification is necessary to receive final reimbursement. (November 17, 1960)

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director & Chief Road Engineer, Counsel, and State Highway Engineer. (November 9, 1960)

Reimbursements-Passaic Valley Sewerage Commission

3. As a result of a resurfacing of Route 20 near the 10th Avenue Circle in the City of Paterson, the Passaic Valley Sewerage Commission was required to adjust certain manholes. They have incurred an expense in the amount of $246.00. Since this expense was incurred as a result of departmental action, it is recommended that the Department reimburse the Sewerage Commissioners in this amount. (November 14, 1960)

Operations-Bureau of Maintenance

4. It is recommended that the following policy be adopted as it pertains to resurfacing operations by the Bureau of Maintenance, New Jersey State Highway Department. All pavement surface structures owned or controlled by municipal utilities, authorities or commissions, whose financial support is derived from tax revenues, which require adjustment prior to resurfacing, will hereafter be adjusted by said Bureau of Maintenance. Those surface structures which are under private ownership or subject to the control of privately owned public utilities will be adjusted by the owners at no cost to the State. (November 14, 1960)

Determination & Order - Lease

5. Approval and execution is recommended of the attached Determination& Order relative to Supplmental Agreement dated February 26, 1954, which provided for the deposit of $1,500 to guarantee the termination and cancellation of a lease between Paul Klempner & Estelle Klempner, his wife, and R.C. Maxwell Company, which would clear the lands of all structures on Parcel 2, State Highway Route 25, Section 1E, Grade Separation of Route 33 at Robbinsville. This Determination & Order provides that the Klempner's be released from every obligation in connection with the removal of all structures from Parcel 2 and that restitution be made them by returning the $1,500 deposit and that R.C. Maxwell Company be notified to clear the subject premises on or before January 16, 1961. (November 17, 1960)

Reimbursement- Merchantville-Pennsauken Water Comm.

6. To accommodate the construction of Route U.S. 130, Sections 7A & 8B, in Pennsauken Township, County of Camden, it was necessary for the Merchantville-Pennsauken Water Commission to rearrange their water main facilities. It is recommended that the Merchantville-Pennsauken Water Commission be reimbursed for the actual cost of the water main rearrangement in the amount of $1,228.35. (Bill attached). (November 17, 1960)

Right of Way-Route U.S. 130 (1953)

83. There is presented report from the Title Officer together with Deed for conveyance of Parcel V36A2 on Route U.S. 130 (1953), Section 9, Cooperstown Road to New Albany from the State of New Jersey to H. Melvin Tounsend and wife. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on April 21, 1960, under the terms of which H. Melvin Townsend and wife conveyed to the State Parcel R2B at a consideration of $200 plus the conveyance of Parcel V36A2. All the other terms of this agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel V36A-2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any state highway. (November 18, 1960)

Right of Way-Route 80

84. There is presented again 46 the matter of acquisition of property on Route FAI-80-2(14), Route U.S. at Netcong to East Side of Landing Road, Parcel 69A, Ernest Meitzler, single, on which an agreementwas previously approved in the sum of $25,725, Deed was delivered and payment made. Subsequently, an investigation confirmed the owner's claim for loss of well due to construction operations. This damage was unforseen and therefore not included in the original appraisals. The owner has executed a release of all claims for damages in the sum of $275; which sum is within the range of estimate secured for the performance of the necessary work. It is recommended that this release be accepted and authority granted to pay the sum of $275 therefor. This will make a total consideration of $26,000 for the conveyance of Parcel 69A. (November 14, 1960)

Right of Way-Route 208 (1953)

85. There is presented again the matterof acquisition of a slope easement on Route 208 (1953), Section 3, from Route 4 at Saddle River Road to Grandview Avenue, Parcel E8, Anna M. Thomas and Howard E. Allen. Condemnation proceedings were previously authorized at which time the owners were demanding $500.00. Our Engineers have now advised that this easement will not be required. It is therefore recommended that Parcel E8 be deleted from the right of way plan and that the previous action of June 13, 1960, authorizing condemnation be rescinded. (November 18, 1960)

Right of Way-Route 95, Section 1B

86. There is presented a report regarding the Public Sale held on November 14, 1960 on Route 95, Section 1B, Project I-95-7-(2), Teaneck Road to Route 4. Parcel 23 formerly owned by Helen Barnett and Parcel V36B formerly owned by John T. Morrissey. The high bid in the amount of $12,300 was submitted by Harold Veith, Jr. of Leonia, New Jersey. It is recommended that the bid in the amount of $12,300 be accepted, and that a Bargain & Sale Deed be delivered to the successful bidder upon payment of the full purchase price. (November 17, 1960)

General Property Parcel Map-Route 7 (1953), Sec.

87. There is presented a sheet of the General Property Parcel Map on Route 7 (1953), Section 1, Passaic River to Route U.S. 1 & Route U.S. 9 (1953), showing property required at River Road - Passaic Avenue; together with processing form from Mr. F.L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this right of way is $22,500 and authority is requested to set up this amount from funds available under Item 33 of the 1959-60 Construction Program. (November 21, 1960)

General Property Parcel Map NO. 40 - 1960

Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that these sheets be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this right of way is $250,000.00 and authority is requested to set up this amount from funds available under Item 27 of the 1959-60 Construction Program. (November 21, 1960)

- - - - - - - -

91. The State Highway Commissioner on June 17, 1959 approved three sheets of the General Property Parcel Map onRoute U.S. 130(1953), Section 10; authorized negotiations for the necessary right of way; and also authorized the setting up of $40,000.00 to cover the estimated cost from funds available under Item 31, Non-Federal Section, 1958-59 Construction Program. The terminal points for this project at that time was indicated to be "Cooperstown Road to Burlington." It is now found that the terminal points have changed and it is therefore requested that the Commissioner's action of June 17, 1959 be amended approving the three sheets of the General Property Parcel Map to read "Route U.S. 130 (1953), Section 10, Columbus Road, Burlington to Cooperstown Road." (November 21, 1960)

NO. 41 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 30, 1960

Administrative Items

Claims-Settlement

1. Attached please find recommendation of the Claims Bureau in connection with a civil action in which an employee of the State Highway Department was made a third party defendant. The memorandum addressed to Mr. Jack F. Andrews dated November 16, 1960, outlines the basis for the recommendation. Giving due consideration to all the circumstances as outlined in the Claims Bureau memorandum in which recommendation was made to waive monies previously expended by the State Highway Department on behalf of Howard Lewis and Domenica Iacopina, it is my opinion that the proposal of settlement as outlined in the attached memorandum is reasonable and it is my recommendation that it receive favorable consideration. (November 23, 1960)

Agreements-Northeast Weather Service

2. There is presented herewith an agreement with the Northeast Weather Service covering the furnishing of weather information for a period of one year from the twenty-first day of November, 1960, for the sum of $2,500.00. This is the renewal of an agreement which the Department has had with this same company for the past three years. It is herewith recommended that the agreement be accepted and that payment shall be made in accordance with the terms stated therein. Funds are available in Account No. 610-100-500, Maintenance by Agreement and Contract. (November 23, 1960)

Services-Engineering

3. Approval and execution is recommended of the attached agreement between Louis Berger and Associates, consultant, and the State of New Jersey, relative to measuring as-built quantities and completing as-built plans in connection with the construction of State Highway Route I-80, Sections 2E, 2H, 2J and 2L. The consultant is to be paid on a force account basis with an estimated ceiling of $20,000.00 (set up $23,000.00) for Section 2E; $44,000.00 (set up $50,600.00) for Section 2H; $23,000.00 (set up $26,450.00) for Section 2J; and $70,000.00 (set up $80,500.00) for Section 2L. (November 23, 1960)

Flood Damage - Bridge 505, Sussex County

4. Approval is recommended of acceptance and authorization of final payment of $18,494.85 as State's share to Sussex County, for repairs by contract to damages to Bridge #505 and Approaches, resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, Pl-1955. Approval is further recommended of increasing the agreement for this work from $14,400.00 of State funds, which is the amount now allocated for this project to $18,494.85 so the State may pay a full 90% of the total allowed cost. (November 18, 1960)

Agreements-Borough of Lavallette-

5. Approval and execution is recommended of the attached Agreement between the Borough of Lavallette and the State of New Jersey covering understandings in connection with the rearrangement of their facilities to accommodate the construction of Route 35, Section 2A, in the Borough of Lavallette, County of Ocean. The Borough of Lavallette is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $990.00. (November 22, 1960)

Agreements-Atlantic County

6. Approval and execution is recommended of the attached Supplemental Agreement between the County of Atlantic and the State of New Jersey, covering understandings in connection with the construction of drainage facilities on Route U.S. 9 in the City of Pleasantville, for which the State's share is $25,000.00. Item (d) of the original Agreement approved on August 13, 1960 is being replaced by Item (b) in this Agreement, which provides that after the letting of the contract for drainage work by the County, the State will pay the County $25,000.00. (November 22, 1960)

NO. 42 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - DECEMBER 12, 1960

Administrative Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel and State Highway Engineer.
(December 7, 1960)

Policy-Prequalification of Bidders

2. It is recommended that the following policy be adopted for the submission of financial information by contractors holding classifications "V" ($3,000,000) to "Z" (unlimited) when submitting bids on State Highway Projects. In lieu of supplying complete financial information, together with an affidavit stating that there has been no change in the financial status, the following information should be supplied:

(1) An affidavit that there has been no material change in the financial condition since the last approved prequalification questionnaire.
(2) Page #7 "Status of Contracts on Hand" as of the most recent practical date.
(3) Completion of the proper affidavits on Page #11 as to individual, corporation or co-partnership.
(4) Part #3 "Plan & Equipment Questionnaire for Engineering Construction."

This will save the bidders a considerable amount of clerical time, will eliminate rechecking figures and will permit more rapid processing of the low bidder's statement since it will only be necessary to substitute the present status of contracts on hand for the prior status when calculating the bidder's revised financial capacity.
(December 7, 1960)

Federal Funds-"D" Funds
Construction

3. It is requested that the attached modified project agreement in duplicate be approved and executed. (For "D" Funds - Construction). The total amount of federal participation is $11,379,151.33 of which $9,871,644.00 is Federal funds under the 1958 Act Section 2 Funds. (Details attached.) This action is necessary in order to release the excess to "L" funds which amount of $17,000.00. (December 5, 1960)

Federal Aid-Urban Funds

4. It is recommended that the attached modified project agreement in duplicate be approved and executed for Construction: Route No. U.S. 1 & 9, Section 2, from Raymond Boulevard to Ramp Revisions, Essex County, Project No. U-185(13). The amount of Federal-aid Urban funds obligated is $526,050.00, which is 50% of the estimated cost for Federal participation. This modification of Federal funds in the project agreement was made to include the Pennsylvania Railroad Company force account work in the existing project. (December 5, 1960)

Federal Aid-Primary Funds

5. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route 208, Goffle Road to Oakland, Passaic & Bergen Counties, Project No. F-189(16). The amount of Federal-aid Primary funds obligated is $550,000.00, which is 50% of the estimated cost for Federal participation. This modification of the existing project agreement is necessaary to cover the extension of the original right of way project to include additional parcel acquisition at N.Y.S.W. Railroad. (December 5, 1960)

Services-Engineering

6. Approval and execution is recommended of the attached Agreement between Grassmann, Kreh & Mixer Inc., Consultant, and the State of New Jersey covering understandings in connection with the performance of engineering services relative to the proposed improvement of the parking facilities at Montclair and Paterson State Teachers Colleges. The Consultant is to be paid for this work on a sliding fee basis dependent on an approved final engineers estimate of construction costs. The tentative estimate is $80,000.00. The Consultant is to be paid for both preliminary engineering and construction engineering services. The total estimated fee is $6,300.00. The amount to be set up under this Agreement is $7,500.00. (December 5, 1960)

Agreements-City of Rahway-Traffic Controls

There are presented report and appraisal with map and description on Route 95 (1953), Section 1F, Project I-95-7-(4), from Route 4 to a Point East of Fletcher Avenue, Fort Lee, Parcel 12, The Wayne Company, Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have refused an offer of $115,000 and have not made known their demands. (December 8, 1960)

Right of Way-Route 80

111. There are presented report and appraisal with map and description on Route FAI-101-5-(3), Market Street to Route 17, Parcel 28, Angelo Nostramo & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner's demand of $35,000 is considered excessive. (December 6, 1960)

Right of Way-Route 287

112. There are presented report and appraisal with map and description on Route FAI-104-2-(4), also known as Route 287, Stelton Road to Route U.S. 1, Parcel 101, John S. Omaster & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have refused an offer of $18,675 and have not indicated what amount would be acceptable. (December 5, 1960)

Right of Way-Route 295

113. There are presented report and appraisal with map and description on Route FAI-108-2(5) also known as 295-2(5), Warwick Road to Route 73; Parcel 84, Frank Mento & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have refused an offer of $18,000 and have not make known their demands. (December 9, 1960)

114. There is presented report and appraisal with map and description on Route FAI-108-2-(5) also known as 295-2-(5), Warwick Road to Route 73; Parcel 83, Joseph Grosso & Wife. It is recommended that authority is granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners' demand of $35,000 is considered excessive. (December 9, 1960)

Right of Way-Route U.S. 130 (1953)

115. There is presented report and appraisal with map and description on Route U.S. 130 (1953), Section 8, Project U-69-(21), New Albany to Pennsauken Creek, Parcel 27, Martin W. Kaeufer, single. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner has refused our offer of $750 and has not indicated what amount would be acceptable. (December 6, 1960)

Right of Way-Route 95

116. There is presented a report from the Title Officer together with a deed for the conveyance of Parcels V23 & V36B on Route 95, Section 1B, Project I-95-7-(2), Teaneck Road to Route 4 from the State of New Jersey to Harold Veith, Jr. and Anita Veith, his wife. This conveyance is made in accordance with the approval of the Public Auction held on November 14, 1960, and approved by the State Highway Commissioner on November 17, 1960. It is recommended that this deed be executed and authority granted to deliver the same to Harold and Anita Veith, upon payment to the State of ~~$11,070.~~ [illegible] The State Highway Commissioner does hereby determine that Parcels V23 & V36B are no longer required for the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any state highway. (December 5, 1960)

Right of Way-Route 10 (1953)

117. There is presented again the matter of acquisition of a slope easement on Route 10 (1953), Section 4, Troy-Hills Road, Whippany to Livingston Avenue, Parcel E43, Nicola Napolitano & Wife, on which an agreement in the sum of $250 was previously approved. Subsequently our engineers indicated that the slope at this location would be contained within our right of way, making the acquisition of slope rights no longer necessary. Mr. Napolitano has been so notified and he has returned his copy of the executed agreement. It is therefore recommended that the previous action approving the agreement for Parcel E43 be rescinded and that this easement be not acquired. (December 5, 1960)

Right of Way-Route U.S. 9 (1953)

118. There is presented again the matter of condemnation of drainage easements on Route U.S. 9 (1953), Section 3, Parcels RE1A,E1B & E5. Condemnation proceedings were previously authorized at which time it appeared that two different owners were involved. The title search now reveals that the property over which these three easements are required is owned of record by George Willets Parker, Inc. These owners are demanding $1,500 for these easements which is considered excessive. It is therefore recommended that authority be granted to condemn these three parcels as one condemnation case subject to any public utilities existing in the premises, and that the previous action authorizing condemnation as individual parcels be resconded. (December 6, 1960)

Right of Way-Route 80 (1953)

119. There are presented estimates for the demolition of the building located on Route 80 (1953), Section 4D, Glover Avenue to Passaic River, Parcel 15, formerly Dye Workers Home, Inc., as follows:

Walter Moritz	-	$1400
Edward Rembish	-	1600

It is recommended that authority be granted to award a contract for the demolition of the building to Mr. Moritz based on his estimate of $1400, and that he be authorized to demolish the building. Mr. Moritz agrees to save the State harmless from any claims which may arise from the demolition of this building. (December 7, 1960)

NO. 43 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - DECEMBER 19, 1960

Administrative Items

Speed Limits

1. In accordance with the provisions of R. S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 63 in Fairview, Ridgefield, Fort Lee and Palisades Park Boroughs in Bergen County and North Bergen Township in Hudson County; and that Regulation LS-57-11, adopted April 11, 1957 and approved April 16, 1957, be rescinded. (December 15, 1960)

Construction Items

Route U.S. 22 (1953), Section 14B

2. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the widening, resurfacing and widening of bridge over the Lehigh Valley Railroad and Liberty Avenue on Route U.S. 22 (1953), Section 14B, from 900 feet west of Harding Terrace to Bloy Street, in the Township of Hillside, County of Union, Federal Project Number U-178(18). (December 16, 1960)

NO. 44 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - DECEMBER 30, 1960

Administrative Items

General Property Key Map-Route 4 ((1927), Sec. 4

1. Approval is recommended for filing in Bergen County of the attached prints of General Property Key Map on Route 4 (Rev. 1927), Section 4, Arcola to Hackensack River. (December 23, 1960)

Federal Aid-Primary Funds

2. It is recommended that the attached modified project agreement in duplicate be approved and executed (to include RR Force Account Work); Route 35, Sections 6A and 4A, from Shrewsbury Avenue to Newman Springs Road, Project F-26(8). The amount of Federal Aid Primary Funds obligated is $282,410.00 which is 50% of the estimated cost for Federal participation. (December 21, 1960)

Federal Aid-Interstate Funds

2A. It is recommended that the attached project agreement in duplicate be approved and executed for construction: Route 78, Section 2J, Central Railroad of New Jersey to Mulhockaway Creek, Hunterdon County, Project No. I-78-2(22)10. The amount of Federal Aid Interstate Funds obligated is $2,106,000.00 which is 90% of the estimated cost for Federal participation. The work to be performed under this contract consists of paving of main roadways, shoulders, ramps and frontage roads, incidental grading and drainage; construction of concrete curbs and guard railing, fabrication and erection of signs; landscaping and other incidental work as provided in the contract. (December 28, 1960)

- - - - - - - - - -

3. It is recommended that the attached project agreement in duplicate be approved and executed for construction: Route I-80, Sections 1B and 2L, U.S. 46 to Landing Road, Morris County, Project No. I-80-2(23)26. The amount of Federal-aid Interstate funds obligated is $3,294,000.00 which is 90% of the estimated cost for Federal participation. The road work to be performed consists of demolition of buildings, grading; construction of subbase; constructing bituminous concrete pavement on a macadam base course; constructing bituminous concrete pavement on an existing concrete pavement and on concrete base course; constructing bituminous concrete course on a stone base course on shoulders; drainage, curb construction; and other incidental work as provided in the contract. (December 28, 1960)

Services-Engineering

4. Approval and execution is recommended of attached agreement with Coverdale and Colpitts for preliminary study for feasibility of connecting Route 280 directly to the Garden State Parkway; to determine the value to the New Jersey Highway Authority of such a connection, and to guide the Highway Department in its ultimate planning for Route 280. (December 8, 1960)

- - - - - - - - -

5. Approval and execution is recommended of the attached Agreement between Howard, Needles, Tammen and Bergendoff, consultant, and the State of New Jersey, covering understandings in connection with the performance of engineering services relative to the improvement and relocation of a portion of State Highway Route 15 from the vicinity of Picatinny Arsenal to a point on existing Route 15 between Sparta and Woodruffs Gap, a distance of about 11.5 miles. The consultant is to be paid for this work on a force account basis with a stated ceiling of $91,000.00 to which an amount to cover incidentals should be included on request, making the total amount to be set up to cover the work under this agreement $105,000.00. (December 20, 1960)

- - - - - - - - - -

6. Approval and execution is recommended of the attached Agreement between Deleuw, Cather and Company, consultant, and the State of New Jersey covering understandings in connection with the performance of Engineering Services relative to the improvement of a portion of State Highway Route 23, from Charlotteburg to Passaic County Route 513, a distance of about 2.6 miles. The consultant is to be paid for this work on a force account basis and it is recommended that the sum of $99,000.00 be set up to cover the cost of all work called for under this agreement. (December 20, 1960)

Utilities-Route 18, Section5

7. By letter Agreement with the New Jersey Bell Telephone Company dated October 16, 1959, based on Commission Action approved October 13, 1959, set up the sum of $250.00 for the rearrangement of telephone facilities which was made necessary on account of the construction of Route 18, Section 5. However, the actual cost of rearrangement work according to company invoices is in the amount of $526.76 or $276.76 more than was set up by Commission Action. This increased cost was partly brought about by more extensive temporary work than was originally planned. It is recommended that an additional amount of $276.76 be set up to cover the total and actual cost of the work performed by the New Jersey Bell Telephone Company. (December 22, 1960)

- - - - - - - - -

8. Approval and execution is recommended of the attached Agreement between the Borough of Bound Brook and the State of New Jersey covering understandings in connection with the rearrangement of their fire alarm system to accommodate the construction of Route U.S. 22 (1953), Section 10, located in the Township of Bridgewater and the Borough of Bound Brook, County of Somerset. The Borough of Bound Brook is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $340.00. (December 29, 1960)

Utilities-Route 42 Freeway, Section 12

9. To accommodate the construction of Freeway Route 42, Section 12, it was necessary for the City of Gloucester to rearrange some of its water main facilities. Under date of June 18, 1957, an amount of $500.00 was set up to cover the cost of some of this rearrangement work. However, during the course of water main work which was performed by the State's contractor the City of Gloucester found that additional work was necessary to keep the water system in satisfactory operation and to provide for future connections. Because of this overall situation, it is recommended that the Commission Action of June 18, 1957 setting up $500.00 be rescinded and that an amount of $2,180.00 be set up to cover the total estimated cost of the work to be performed by the City of Gloucester. This amount includes approximately 10% for contingencies. (December 28, 1960)

Utilities-Route 287, Section 3A

10. Approval and execution is recommended of the attached Agreement between the Texas Eastern Transmission Corporation and the State of New Jersey covering understandings in connection with the rearrangement of its existing natural gas transmission facilities to accommodate the construction of Freeway Interstate 287, Section 3A, located in the Borough of South Plainfield, County of Middlesex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $67,850.00. (December 30, 1960)

Construction Items

Route 95, Section 1H

11. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads for authority to advertise for bids of the construction of Route 95, Section 1H, Overpass Viaduct from approximately 680 feet west of Northern Railroad of New Jersey to Grand Avenue and incidental work, in the City of Englewood and Borough of Leonia, Bergen County, Federal Project No. I-95-7(11)64. (December 20, 1960)

Route 54 (1953), Sections 1A,2A & 3A

12. Approval is recommended in making award of contract to Bancheri Construction Co., Inc. for Paving, Drainage and Culvert, on Route 54 (1953) Sections 1A, 2A and 3A, from Hammonton to Buena, in the Town of Hammonton, Folsom Borough, Buena Vista Township and Borough of Buena, Atlantic County, at their bid, the lowest of 10 bids received on December 22, 1960, in the amount of $1,238,911.76. (December 28, 1960)

Route 95, Section 1G

13. Approval is recommended in making award of contract to George M. Brewster and Son, Inc., for Grading, Paving, Bridges and Incidental Work on Route 95, Section 1G, from Route 4 to Fletcher Avenue; in the Townships of Teaneck and Ridgefield Park, Borough of Fort Lee, Bergen County, Federal Project No. I-95-7(10)65, at their bid, the lowest of 5 bids received on December 15, 1960, in the amount of $10,957,307.65. (December 23, 1960)

N.J. State College at Montclair-Contract No. 3

14. Approval is recommended in making award of contract to Union Building and Construction Corp., for Grading and Paving Parking Area (Contract #3) at New Jersey State College at Montclair, in the Township of Little Falls, Town of Montclair and City of Clifton, Essex and Passaic Counties, at their bid, the lowest of 3 bids received on December 14, 1960, in the amount of $11,227.00. (December 23, 1960)

Painting-Passaic River Bridge

15. During the painting of the westerly span of the Passaic River Bridge, considerable difficulty was encountered in applying the second field coat of foliage green paint due to its weight and our inspector allowed the painting contractor to thin the paint so as to obtain a satisfactory result. When a sample from this paint was subsequently analyzed by our Laboratory, it was noted that the paint weighed 16.7 pounds per unit, which was below the minimum allowance of 17.0 pounds. In order to determine if the paint was satisfactory as applied, I visited the site with Mr. Morris, who is a paint expert employed in our Laboratory. He carefully examined the painted surfaces of this span and was of the opinion that the paint was entirely satisfactory and I, therefore, accepted the paint as applied. It was noted by the Bureau of Public Roads from our Laboratory report that the paint failed to comply with the specifications and they, therefore, could not give it their approval. In order to satisfy their requirements, I have obtained a price of $1,589.58 from Myers Painting Corporation, 540 Piermont Avenue, Hillsdale, New Jersey, for repainting this span. This price is contingent upon the thinning of the paint to a brushing consistency and appears entirely reasonable. In view of the slight deficiency of the earlier coat, the application of the additional coat will give us a coverage far in excess of our original requirements; and I recommend that the contractor be authorized to proceed on this basis. This will not be participated in by Federal Funds. (December 28, 1960)

Route 37, Section 16

16. The Reid Contracting Company, Inc., contract for the construction of Route 37, Section 16, Mathis Bridge to Seaside Heights, Ocean County, was finally accepted by Commission Action dated September 25, 1959, with authorization for semi-final payment withholding 3.5% of the completed contract amount to cover all deficiencies, claims, landscape work and as-built deductions that may occur. Further approval was received under date of March 25, 1960, providing for an additional semi-final payment reducing the amount of the money withheld to 1% of the completed contract work. However, a revised record of cores cut from bituminous concrete pavements under date of February 8, 1960, has been reviewed showing pavement thickness deficiencies in excess of 1/2", representing a value of $1,599.34. It is, therefore, recommended that final payment be made to the contractor deducting the amount of $1,599.34 representing the bituminous pavement thickness deficiencies in excess of 1/2". (December 30, 1960)

Route 78, Section 2H &
Route 80, Section 2K

17. Whitmyer Bros. Inc., contractor for the installation of Delineators on Route 78, Section 2H and Route 80, Section 2K, in the Counties of Warren, Morris and Hunterdon, have satisfactorily completed the work under their contract as of October 4, 1960. It is recommended that this project be finally accepted and final payment authorized when the as-built quantities are available and the necessary formalities have been observed. (December 22, 1960)

Route 80, Section 4A

18. Public Constructors, Inc., P.O. Box 34, Blackwood, New Jersey, contractor for the construction of Bridge over Relocated Route 20, Passaic River and Slaughter Dam on Route 80, Section 4A, Federal Project N.J.-I-80-4(7)60, has satisfactorily completed all bridge items under their contract as of November 5, 1960. It is hereby recommended that this project be finally accepted and 100% payment on bridge items only authorized. (December 28, 1960)

Route 101, Section 2C

19. George M. Brewster and Son, Inc., contractor for the construction of Route 101, Section 2C, from Howard Boulevard to Route 15, in the Townships of Rockaway, Jefferson and Roxbury, Boroughs of Wharton and Mount Arlington, County of Morris, have satisfactorily completed the road portion of their contract as of September 27, 1960. Bridge items were accepted by separate Commission Action under date of November 7, 1960. It is, therefore, recommended that this project be finally accepted and a semi-final payment made the contractor, withholding $1,000.00 pending the receipt of the as-built quantities. Final payment to be made to the contractor upon receipt of the as-built quantities without further Commission Action and after the necessary formalities have been observed. (December 22, 1960)

Route 130, Sections 8A & 9A

20. Glasgow, Inc., contractor for the construction of Route 130, Sections 8A and 9A from Coopertown Road to Cinnaminson Avenue, Intersection Improvements, Turning Ramps and Island Closings, Burlington County, have satisfactorily completed all bridge items on their contract as of September 19, 1960, and semi-finally completed the road portion of their contract as of November 18, 1960. It is recommended that 100% payment be made on the completed bridge items and that semi-final acceptance and semi-final payment authorized on the road items withholding 2% of the value of the completed road work (which amounts to $20,253.36) pending the receipt of the as-built quantities and the Laboratory reports and after the necessary formalities have been observed. (December 28, 1960)

Route 36 (1953), Section 5A

Prequalification of Bidders

3. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel and State Highway Engineer. (January 6, 1961)

Claims-General

4. In accordance with the recommendtion made by the Claims Bureau and William J. McCormack, Deputy Attorney General and Cyrus Card, Comptroller for the State Highway Department, in connection with claims being carried against outside parties arising out of motor vehicle accidents, more fully set forth in the Schedule attached hereto, it is hereby recommended that the claims in question be cancelled for the reasons set forth in the memorandum prepared by the Claims Bureau dated December 28, 1960. (January 6, 1961)

Services-Engineering

5. Approval and execution is recommended of the attached Agreement between Louis Berger and Associates, Consultant, and the State Of New Jersey covering understandings in connection with the performance of engineering services relative to the improvement of State Highway Route 17 at its intersection withLinwood Avenue at the boundary between the Village of Ridgewood and the Borough of Paramus, Bergen County. The Consultant is to be paid for this work on a force account basis for engineering services and repayment for photogrammetrics for a ceiling of $41,000.00 plus repayment for reproductions and survey corps cars at $16.00 per day, making a total amount to be set up to cover the cost of the work under this Agreement $48,000.00. (January 6, 1961)

6. Approval and execution is recommended of the attached Agreement between Louis Berger and Associates, Consultant, and the State of New Jersey covering understandings in connection with the performance of engineering services relative to the improvement of State Highway Route 208 at its intersection with Marlot Avenue in the Borough of Fairlawn, Bergen County. The Consultant is to be paid for this work on a force account basis for engineering services and repayment for photogrammetrics for a ceiling of $24,900.00 plus repayment for reproductions and survey corps cars at $16.00 per day, making a total amount to be set up to cover the cost of the work under this agreement $30,000.00. (January 6, 1961)

- - - - - - - -

7. Approval and execution is recommended of the attached agreement with Parsons, Brinckerhoff, Quade & Douglas for preliminary studies of the engineer/ing problems pertinent to connecting Route 280 to the Garden State Parkway. The Consultants were previously authorized to commence their work as of November 22, 1960. (January 3, 1961)

Utilities-Town of Kearny, Route 7, Section 1A

8. To accommodate the construction of Route 7, Section 1A, Belleville Turnpike, it is necessary for the Town of Kearney to relocate an existing hydrant on the southeast corner of the Turnpike and River Road. The Town of Kearney has submitted an estimated cost of $306.27 for relocating the hydrant. However, because of possible contingencies including any interference by other subsurface utilities that may be encountered, it is thought that the sum of $500.00 may be required. It is, therefore, recommended that the amount of $500.00 be set up for the relocation of this hydrant and that the Town of Kearney be reimbursed for the actual cost. (January 3, 1961)

Utilities- Route 35, Section 12B, Perth Amboy

9. To accommodate the construction of Route 35, Section 12B, more particularly the widening of Convery Boulevard through the City of Perth Amboy, it was necessary for the City to relocate 24 customer sergice curb shut-offs. The City performed this work with their own forces and have submitted an invoice in the amount of $406.42, and it is recommended that the City of Perth Amboy be reimbursed for this amount. (January 6, 1961)

Utilities, Village of Ridgewood, Route 208, Secs. 2A, 1A,3B

10. To accommodate the construction of State Highway Route 208, Sections 2A,1A & 3B, in the vicinity of Russell Avenue, it was necessary for the Village of Ridgewood to rearrange some of its water main facilities. The Village of Ridgewood has submitted a bill in the amount of $4,363.03 and it is recommended that they be reimbursed in this amount to cover the cost of the rearrangement work. (January 3, 1961)

No Parking Zones

11. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 49, City of Bridgeton, Cumberland County. (January 9, 1961)

Construction Items

Route 47 (1953), Section 10A

12. Approval is recommended in making award of contract to Sheer Brothers, Inc., for Drainage Improvements on Route 47 (1953), Section 10A, from Armory Drive to Parvin's Branch, in the City of Vineland, Cumberland County, at their bid, the lowest of 3 bids received on December 29, 1960, in the amount of $99,193.55. (January 4, 1961)

Route 80, Section 5G

13. Approval is recommended in making award of contract to The Conduit & Foundation Corporation for construction of Hackensack River Bridge Substructure, Grading, Drainage & Incidental Work, on Route 80, Section 5G, in the City of Hackensack, Township of Ridgefield Park, County of Bergen, Federal Project No. N.J.-I-80-5(14)66, at their bid, the lowest of 10 bids received on December 7, 1960, in the amount of $2,698,035.00. (January 4, 1961)

Route U. S. 1, Section 3

14. The A.J. Cunningham & Sons contract for Route U.S. 1, Section 3, Widening & Resurfacing, Alexander Road to State Police Barracks, Mercer & Middlesex Counties, was finally accepted on December 1, 1959, with a recommendation for semi-final payment withholding 1% of the completed work pending completion of the as-built quantities. This action was taken subject to the results of the coring and analysis of the bituminous pavement records which were in the possession of the Laboratory. Final payment was recommended without further action by the Commissioner upon receipt of the as-builts. It is now recommended that the contractor be authorized final payment in accordance with the as-built quantities, deducting the sum of $278.76, representing the value of bituminous stabilized base course thickness deficiency in excess of 1/2" tolerance. (January 9, 1961)

Route 78, Section 2E

15. Yonkers Contracting Company, Inc., contractor for the construction of Route 78, Section 2E, from C.R.R. of N.J. to Mulhockaway Creek, Grading, Bridges & Incidental Paving, Boroughs of Bloomsbury and Bethlehem, Union Township, Hunterdon County, Federal Project N.J.-I-78-2(12), have satisfactorily completed the work under their contract as of October 28, 1960, with the exception of some staking and pruning required on the planted stock, and completion of clean up items of bridge work, which work will be done when weather permits. It is, therefore recommended that this project be finally accepted and semi-final payments to be made pending receipt of the final as-built quantities, retaining $5,000.00 to cover the resurfacing of deck on the Turkey Hill Road Overpass eastbound, when weather permits; and $1,000.00 for satisfactory completion of Landscaping. Final payment to be made upon receipt of the final as-built quantities, and after the necessary formalities have been observed. (January 9, 1961)

Route 202, Sections 7A,2A,3A & 4A, Planting

16. Clayton Landscape Service, contractor for the planting on Route 202, Sections 7A, 2A,3A & 4A, in the Borough of Flemington, Townships of Raritan, Branchburg & Bridgewater & Borough of Raritan, Hunterdon & Somerset Counties, have satisfactorily completed the work under their contract as of December 6, 1960. It is recommended that this project be finally accepted and final payment authorized in accordance with the as-built quantities and after the necessary formalities have been observed. (January 9, 1961)

Route 322, Section 1

17. Brann & Stuart, contractor for the construction of Route 322, Section 1, from Weymouth Road to Route 50, Dualization, Hamilton Township, Atlantic County, have satisfactorily completed the road portion of their contract as of November 18, 1960. It is, therefore, recommended that this project be finally accepted and semi-final payment authorized withholding 2% pending completion of the as-built quantities. Final payment to be made without further action by the Commissioner when the as-built quantities are available and the necessary formalities have been observed. This recommendation applies to roadway items only inasmuch as all bridge items were finally accepted under date of August 2, 1960. (January 9, 1961)

Maintenance Item Detour-Route 95, Section 1G

18. There is presented herewith a print showing proposed detour to permit the construction of Route 95, Section 1G, from Route 4 to Fletcher Avenue, Grading, Paving, Bridges & incidental work, in the Townships of Teaneck & Ridgefield Park & Borough of Fort Lee, Bergen County, Federal Project No. N.J.-I-95-7(10)65. It is estimated that this detour will be required from December 1, 1961 to May 1, 1962. Approximate cost of posting signs and maintaining this detour will be $1975.00. It is recommended that the detour be officially adopted and that authority be given for setting up the sum of $1975.00 from construction funds to cover the cost of signing and maintaining same. (January 9, 1961)

County Aid Items

County Aid-Cumberland County

19. (Cumberland) Approval is recommended of the action taken by the Cumberland County Board of Chosen Freeholders in agreement with George Slade, Bridgeton, New Jersey, and A.H. Lupton, Jr., Inc., Bridgeton, New Jersey, in extending the expiration date of their 1960 contracts for Broken Stone, Cold Patch Mixture, Asphaltic Emulsion and Tar, until a contract is entered into for the year 1961. The total quantity of material to be supplied under this 1960 contract will not exceed 125% of the original contract quantities as provided for in the contract. NO. 2 - 1961

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JANUARY 16, 1961

Administrative Items

Agreements-Borough of Netcong
Route 80, Section 2L

1. Approval and execution is recommended of the attached Agreement (PUA-20-80-2L) between the Borough of Netcong and the State of New Jersey, covering understandings in connection with the rearrangement of water facilities to accommodate the construction of Route 80, Section 2L, located in the Borough of Netcong, Township of Mount Olive, County of Morris. The Borough is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $4,800.00. (January 13, 1961)

No Passing Zones

2. In accordance with the provisions of s. 114, c. 23, L. 1951 (c. 39:4-201.1), it is recommended that the attached regulation be adopted establishing "no passing" zones along Route 91, City of New Brunswick and North Brunswick Township, Middlesex County. (January 9, 1961)

- - - - - - - - -

3. In accordance with the provisions of Section 114, Chapter 23, Public Laws 1951 (c. 39:4-201.1), it is recommended that the attached regulation be adopted establishing "no passing" zones along Route 36, Raritan and Middletown Townships, Keyport, Union Beach, Keansburg and Atlantic Highlands Boroughs, Monmouth County. (January 11, 1961)

Through Streets

4. In accordance with the provisions of R.S. 39:4-140 (as amended), it is requested that the attached regulation be adopted designating a "through street" along Route 54, Buena Borough, Buena Vista Township, Folsom Borough, Town of Hammonton; Atlantic County. (January 11, 1961)

Construction Items

Paterson State College, Contract No. 2

5. Approval is recommended of the plans and specifications and authority to advertise for the Grading and Paving Parking Area of Paterson State College, Contract No. 2, in the Township of Wayne, County of Passaic. Bids to be received February 9, 1961. (January 11, 1961)

Route U.S. 1 (1953), Sections 4D & 5C

6. The Kingston Bituminous Products Company, contractor for the Widening and Resurfacing of Route U.S. 1 (1953), Route 26, Section 4D and 5C, Stouts Lane to Cozzens Lane, South and North Brunswick Townships, Middlesex County, have satisfactorily completed the work under their contract as of December 17, 1959. It is, therefore, recommended that this project be finally accepted and final payment be made to the contractor in accordance with the as-built quantities, deducting therefrom the sum of $3,282.66, representing the value of bituminous stabilized base course deficiency in excess of 1/2" tolerance, and after the necessary formalities have been observed. 100% payment to be made on all bridge items. (January 16, 1961)

Route 38, Sections 1A & 2A

7. Gaskill Construction Company, contractor for the Dualization on Route 38, Sections 1A and 2A, Church Road to Marter Avenue, in the Townships of Delaware, Maple Shade, Moorestown and Mount Laurel, Camden and Burlington Counties, have satisfactorily completed the work under their contract as of October 24, 1960. It is, therefore, recommended that this project be finally accepted and a semi-final estimate issued the contractor on road items only withholding 1% of the value of the completed road work, pending completion of certain shoulder grade adjustments. It is further recommended that the amount of $271.92 be deducted from monies due the contractor, which sum represents the value of base course materials deficient in thickness beyond 1/2" tolerance. Final payment to be made for road items without further Commission Action when the as-builts are available and after the necessary formalities have been observed. 100% payment to be made on all bridge items. (January 13, 1961)

Route 208 (1953), Section 2C

8. Approval is recommended of the request of The Glenwal Company, P. O. Box 127, Rochelle Park, New Jersey, contractor for the construction of Route 208 (1953), Section 2C, Bridge over New York, Susquehanna & Western Railroad, in the Borough of Franklin Lakes, Bergen County, Federal Project No. F-189(23), to sublet the Erection of Item 10, Structural Steel, in the amount of $2,500.00 (Specialty Item), to Golish Iron Works, 1180 Goffle Road, Hawthorne, New Jersey. (January 13, 1961)

Electrical Items

Route 295, Sections 1F & 2H

9. Gerald Electric Construction Co., Inc., contractors for Electrical Installation on Route 295, Section 1F and 2H, Federal Project No. I-295-2(16), in Camden County, have substantially completed the work of their contract on November 18, 1960. It is therefore, recommended that this project be finally accepted and semi-final payment authorized, retaining $2,000.00 until the work of topsoiling, fertilizing and seeding is completed. The Electrical Installation has been placed in service and accepted on November 18, 1960. It is further recommended that final payment be made upon the completion of the topsoiling, fertilizing and seeding work after necessary formalities have been observed, without further action by the Commissioner. (January 12, 1961)

Lighting-State Highways-Reimbursement

10. There is presented below, by the Bureau of Electrical Operations, a request for highway lighting reimbursement under the 1961 program. There is no construction cost involved and the annual increase in cost to the State will amount to approximately 5.98% or $243.00.

Lighting State Highways-Route 50, Hamilton Twp., Atlantic Co.

11. There is presented from the Bureau of Electrical Operations report covering the removal of the existing ornamental highway lighting on Route 50 and Great Egg Harbor River Bridge, Hamilton Township, Atlantic County, and the proposed installation of two (2) 4000 lumen highway lighting units at this location. There will be no installation or maintenance cost and there will be an annual electric current operating cost of $99.60. It is respectfully recommended that authorization be given to the Bureau of Electrical Operations to negotiate with the Atlantic City Electric Company for the installation of the highway lighting units as set forth above. (January 11, 1961)

Lighting-State Highways-Route 52

12. There is presented a report from the Bureau of Electrical Operations for the operation of twenty-five (25) wood pole 4000 lumen lighting units and fifteen (15) ornamental 4000 lumen lighting units on the Route 52 Causeway and Bridges, Cities of Somers Point - Ocean City, Cape May County. These lighting units are utility owned and are presently operated on the seasonal basis where the State pays $35.00 per unit for the wood pole installations and $43.75 for the ornamental installations. It is proposed that the forty (40) lighting units be operated on an annual basis and that the units will be billed at the Atlantic City Electric Company rate of $49.80 with an annual increase of $460.75 to the State. It is recommended that authority be given to the Bureau of Electrical Operations to negotiate with the Atlantic City Electric Company to revise the Route 52 Ocean City - Somers Point Causeway lighting program as above stated from a seasonal basis to an annual basis. (January 16, 1961)

Maintenance Item

Detours-Route 54, Sections 1A,2A & 3A

13. There is presented herewith a print showing proposed detour to permit the construction of above-captioned project on Route 54, Hammonton to Buena (Detour - Route 54, Sections 1A, 2A and 3A, Hammonton to Buena - paving drainage and culvert - Town of Hammonton, Folsom Borough, Buena Vista Township, Atlantic County). It is estimated that this detour will be required from April 1, 1961 to December 15, 1961. Approximate cost of posting signs and maintaining this detour will be $3,700.00. It is recommended that the detour be officially adopted and authority be given for setting up the sum of $3,700.00 from construction funds to cover the cost of maintenance and signing. (January 13, 1961)

Right of Way-Route 38 (1953)

49. There is presented again the matter of acquisition of property on Route 38 (1953), Section 1, Project U-106-(8), from Route U.S. 130 to Route 73, Parcel 25, Buttonwood Club, on which an agreement in the sum of $5,300.00 was previously approved. Subsequently authority was granted to enter into a supplemental agreement authorizing full payment of the $5,300.00 on condition that the owner shall deposit with the State the sum of $500.00, with the stipulation that an outstanding mortgage in the sum of $125.00 would be cancelled within six months. Our Title Bureau now reports that the attorney for the owner has indicated that the suit to cancel the mortgage will probably take longer than the six months previously anticipated. It is therefore recommended that the attached supplemental agreement providing for payment of the full amount of $5,300 on condition that the owner deposit with the State the sum of $500 with the stipulation that the $125 mortgage will be cancelled within twelve (12) months from the date of this supplemental agreement be approved. (January 17, 1961)

Subsequently, the plan was changed reducing the area required from Mr. Hojnacki from 875 square feet to 785 square feet. Negotiations were reopened with the owners and an agreement has been secured in the sum of $1,820.00 covering Parcel R-5 (785 square feet). It is recommended that this agreement be approved and that the previous agreement covering Parcel 5 be rescinded. (January 23, 1961)

Right of Way-Route 95 (1953)

51. There is presented again the matter of acquisition of property on Route 95(1953), Section 1B, Project I-95-7-(2), Teaneck to Route 4, Parcel 42, Gustave Hatzmann, Administrator of Estate of Fred Hatzmann. Condemnation proceedings were previously authorized at which time the owners were demanding $850.00. Continued negotiations have resulted in the execution of an agreement in the sum of $500.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (January 17, 1961)

Condemnation proceedings were previously authorized at which time the owners were demanding $38,000.00. (*) It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the building either to the road contractor, by public auction or by sealed bids. (January 18, 1961) (*)Continued negotiations have resulted in the execution of an agreement in the sum of $37,250 including down payment of $9300.

53. There is presented again the matter of acquisition of property on Route 95(1953), Section 1F, Project I-95-7-(4), from Route 4 to a Point East of Fletcher Avenue, Fort Lee, Parcel 45, Lucian Larghi & Wife. Condemnation proceedings were previously authorized at which time the owners were demanding $22,500.00. The plan was subsequently changed denying access along the westerly boundary of the property. The owners vacated the property on November 3, 1960. Continued negotiations have resulted in the execution of an agreement in the sum of $18,200.00 including down payment of $4,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (January 18, 1961)

Right of Way-Route 129 Freeway

Parcel	Name		Consideration	Approved
329	Joseph M. Krolick and wife	(including down payment of $3800.)	$15,500.00	1/30/61
330	James E. Gallagher and wife	(including down payment of $3900.)	15,900.00	1/30/61

Approval is recommended. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids.

Right of Way-Route 10 (1953)

67. There is presented again the matter of acquisition of an easement on Route 10 (1953) Section 3, Tabor Road to Troy Hills Road, Whippany. An agreement was previously approved in the sum of $1.00 covering Parcels E23A and E23B, consisting of a slope and drainage easement, Morristown & Erie Railroad Company. Subsequently, the slope easement was eliminated and agreements have now been executed based on this revised plan covering Parcels ER23A and ER23B in the sum of $1.00. It is recommended that this agreement be approved and that the previous agreement covering Parcels E23A and E23B be rescinded. (January 24, 1961)

Right of Way-Route 35 (1953)

68. There is presented again the matter of acquisition of property on Route 35 (1953) Section 4, Project F 26-(9), Eatontown to Red Bank, Parcel 53B, Alphonso Tomaino and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $35,000. Continued negotiations have resulted in the execution of an agreement in the sum of $16,100. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (January 30, 1961)

Right of Way-Route 80 (1953)

69. There is presented again the matter of acquisition of property on Route 80, (1953), Section 5E, Project I-80-5-(11), from Route 17 at Lodi to New Jersey and New York Railroad (Erie) at Hackensack, Parcel 93, Orlando Mososco and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $33,000. Continued negotiations have resulted in the execution of an agreement in the sum of $26,700. including down payment of $6,600. (owner to retain and remove dwelling). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (January 24, 1961)

Right of Way-Route 287

70. There is presented report from the Title Officer together with Deed for conveyance of Parcel 3R12C2 on Route FAI-104-2-(2) also known as 287-2-(2), Route U.S. 22 to Easton Avenue, from the State of New Jersey to Hemingway and Company, Inc. and The Sherwin-Williams Company. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on November 18, 1958, under the terms of which Hemingway and Company, Inc. and The Sherwin-Williams Company conveyed to the State Parcels 14A and R14B at a consideration of $49,000. plus conveyance of Parcel 3R12C2. All the other terms of this agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel 3R12C2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (January 24, 1961)

Right of Way-Route 95

71. There is presented again the matter of acquisition of property on Route 95, Section 1F, Project I-95-7-(4), from Route 4 to a point east of Fletcher Avenue, Fort Lee, Parcel 51, Zephirin Tanghe and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $7,000. Subsequently, our Engineers made a further investigation and determined that possibly a slope easement at this location would suffice. However, it has now been determined that it will not be necessary to acquire either lands or easements from Mr. Tanghe. It is therefore recommended that the previous action authorizing condemnation of Parcel 51 be rescinded and that this parcel be not acquired. (January 30, 1961)

- - - - - - - -

72. There is presented again the matter of condemnation of lands on Route 95 (1953) Section 1B, Project I-95-7-(2), Teaneck Road to Route 4, Parcel 38, Albert M. Ruiz et ux, on which a condemnation commissioners' award was approved in the sum of $25,000. Subsequently, the Deed was delivered to the State and payment made. The owners are now making a claim for the payment of interest on this award from November 26, 1960 (when the State took possession) to January 4, 1961 (the date of closing). It is recommended that authority be granted to pay interest for this period at 5% amounting to $133.56; making the total payment in this case $25,133.56. (January 24, 1961)

Right of Way-Route 28 (1953)

73. There are presented report and appraisal with map and description on Route 28 (1953) Section 4, Green Brook to Bonegat Brook; Parcel 37, Rose Plaskow, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner has not made known her demand. (January 30, 1961)

Right of Way-Route 80 (1953)

74. There are presented report and appraisal with map and description on Route 80 (1953) Section 4D, Project I-80-4-(4), from Glover Avenue to Passaic River, Parcel 310, Anna Gasperino, single. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $23,000. which is considered excessive. (January 24, 1961)

The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $4,750. (February 3, 1961)

Construction Items

Route U.S. 130 (1953) & Route U.S. 206 (1953), Sec. 1A

6. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the construction of an Interchange at Bordentown on Route U.S.130 (1953) & Route U.S. 206 (1953), Section 1A, in the City of Bordentown and Township of Bordentown, Burlington County, Federal Project No. U-94(7). (February 3, 1961)

Route U.S. 22, (1953), Section 10A

7. Approval is recommended in making award of contract to Hess Brothers, Inc., for the construction of Underpass at Mountain Avenue in the Borough of Bound Brook, Township of Bridgewater, Somerset County, Federal Project No. U-178(20), at their bid, the lowest of 12 bids received on January 19, 1961, in the amount of $869,556.80. (January 31, 1961)

Route 95, Section 1H

8. Approval is recommended in making award of contract to Poirier & McLane Corporation for the construction of an Overpass Viaduct & Incidental Work, in the City of Englewood & Borough of Leonia, Bergen County, Federal Project N.J.-I-95-7(11)64, at their bid, the lowest of 12 bids received on January 26, 1961, in the amount of $3,745,206.00. (February 6, 1961)

Route U.S. 1,9 & 46, Section 1B; Route U.S. 46, Section 16A

9. Geo. B. Brewster & Son, Inc., contractor for the Resurfacing & Barrier Curb on Route U.S. 1, 9 & 46, Section 1B; Route U.S. 46, Section 16A, Overpeck Creek to Jones Road, Bergen County, have satisfactorily completed the work under their contract as of November 22, 1960, except for completion of certain minor pavement adjustments and the raising of three manholes to grade. It is, therefore, recommended that this project be finally accepted and semi-final payment authorized withholding 1% of the value of the completed work pending completion of the above items. Final payment is to be made without further action by the Commissioner, subject to the analysis of the bituminous pavementrecords and in accordance with as-built quantities when available and after the necessary formalities have been observed. (February 1, 1961)

Route 287, Sections 1C & 2B

10. All work has been suspended as of December 9, 1960 because of weather conditions on the Geo. M. Brewster & Son, Inc., contract for the construction of Route 287, Sections 1C & 2B, Grading, Paving & Bridges, in the Counties of Somerset & Middlesex. The project is 93.2% complete with a value of $272,045.69 of work remaining to be completed. The contractor has requested that an estimate be issued for a partial payment reducing the amount of money retained, and it is, therefore, recommended that authority be granted in making payment to the contractor of the retained amount, covering both road and bridge items of $200,050.37 minus 25% of the value of the uncompleted work amounting to $68,011.42 or a payment of $132,038.95. The contractor is to furnish a bond in the amount of $132,500 to indemnify the State against possible overpayment for completed work. Further, approval of this action is not to be construed by the contractor as an acceptance of the completed work, or any part thereof, by the Commissioner. (February 3, 1961)

SCHEDULE OF APPROVALS - FEBRUARY 14, 1961

Administrative Items

Buildings-Laboratory Building No. 18

1. Attached hereto is Pre-Final and Final Acceptance Certificate submitted by the Director, Division of Purchase and Property covering roofing and flashings, Laboratory Building #18, Fernwood Service Station, 999 Parkway Avenue, Trenton. This project was initiated by this Department and approval is recommended. (February 9, 1961)

Services-Engineering

2. Approval and execution is recommended of the attached Agreement between Kramer, Miller, Lomden and Glassman, contractor, and the State of New Jersey covering understandings in connection with the performance of engineering services relative to the Penn-Jersey Transportation Study. The contractor is to be paid for his services in an amount not to exceed $2,000.00, and it is recommended that this amount be set up to cover the cost of the work called for under this Agreement. (February 10, 1961)

Route 7, Section 1A
Utilities-Borough of North Arlington

3. To accommodate the construction of Route 7, Section 1A, Belleville Turnpike, it is necessary for the Borough of North Arlington to rearrange some of its existing water facilities. It is recommended that the Borough be reimbursed for this work which is estimated at $250.00. (February 8, 1961)

Utilities-Route 80, Section 5E

4. Approval and execution is recommended of the attached Order PUO-35-80-5E, issued to the New Jersey Bell Telephone Company covering understandings in connection with the rearrangement of telephone facilities to accommodate the construction of Freeway Interstate Route 80, Section 5E, located in the City of Hackensack and Borough of Lodi, County of Bergen. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $376,500.00. (February 14, 1960)

Utilities-Route 80, Section 5J

5. Approval and execution is recommended of the attached Order PUO-48B-80-5J, issued to the Hackensack Water Company covering understandings in connection with the rearrangement of water facilities to accommodate the construction of Freeway Interstate Route 80, Section 5J, located in the City of Hackensack, Township of South Hackensack, County of Bergen. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $1,430.00. (February 6, 1961)

Utilities-Route U.S. 130

6. To accommodate the proposed widening of Route U.S. 130 from Route U.S. 30, Collingswood to Pennsauken, the State Highway Department has requested the Pennsylvania Railroad Company to redesign three (3) railroad bridges crossing Route U.S. 130. The Railroad Company is to be reimbursed for the preparation of plans and specifications for these bridges at a cost which is estimated at $20,460.00 which includes 10% for contingencies, and it is recommended that this amount be set up to cover the cost of the engineering charges to be paid to the Pennsylvania Railroad Company. (February 9, 1961)

Agreements-Route U.S. 206, Section 22A

7. During the construction of Route U.S. 206, Section 22A, which project was completed on July 1, 1960, the existing bituminous walk on the property of Mr. W. A. Hulshizer was adversely affected, the top of new concrete curb being 0" to 12" below existing sidewalk grade. Construction plans made no provision for replacement of the sidewalk and an insufficient amount of driveway was replaced. Mr. Hulshizer proceeded to have extensive work done on his property by a private contractor to correct the above condition. He submitted invoices in the amount of $813.40 to cover the cost thereof together with requests for consideration of reimbursement. However, in following usual procedure the reconstruction of the sidewalk, drains, a portion of the driveway and incidental work would be accomplished under the State's contract at an estimated cost of $207.33. It is, therefore, recommended that reimbursement be made to Mr. W. A. Hulshizer in the amount of $207.33 and said costs are to be charged to construction funds if available for this project. Mr. Hulshizer has agreed to this settlement and we are in receipt of a bill from him in the amount of $207.33. (February 10, 1961)

Construction Items

Route U.S. 22 (1953), Section 14B

8. It is recommended that the advertisement for bids to be received on February 16, 1961, for the Widening, Resurfacing and Widening of Bridge over the Lehigh Valley Railroad and Liberty Avenue on Route U.S. 22 (1953), Section 14B, from 900± west of Harding Terrace to Bloy Street, Union County, Federal Project U-178(18) be withdrawn because of non-availability of certain right-of-way parcels, which could result in non-concurrence in award by the U. S. Bureau of Public Roads. A new date for receipt of bids will be determined when the Real Estate Division advises that these unsettled right-of-way parcels are available. (February 7, 1961)

Route 4, Section 3A

9. George M. Brewster and Son, Inc., contractor for the construction of Barrier Curb, Resurfacing and Ramp Construction at Jones Road on Route 4, Section 3A, have satisfactorily completed the work under their contract as of November 9, 1960. It is recommended that this project be finally accepted and semi-final payment be authorized withholding 1% of the value of the completed work to insure the refinishing of certain barrier curb. It is further recommended that the sum of $325.50 be deducted from the monies due the contractor, representing the value of the deficiency in thickness of the bituminous concrete pavement type FA-BC-2 computed in accordance with the specifications. Final payment to be made when the as-built quantities are available and all items of the contract are certified to be satisfactorily completed and after the necessary formalities have been observed without further Commission Action. (February 7, 1961)

Route 30 (1953), Section 14A

10. 2. Approval and execution is recommended of the attached Second Supplemental Agreement (previous Agreements June 27, 1958 and June 24, 1959) between the United States Testing Company and the State of New Jersey relative to the performance of testing services, namely picking up concrete test cylinders at pertinent prestressing plant sites and deliver same to the State's Laboratory at Fernwood for a price of one and one-half dollars each. (February 23, 1961)

Speed Limits-Truck

3. In accordance with the provisions of Chapter 100, Laws 1960, it is recommended that the attached regulation be adopted establishing legal truck speed limits along Route U.S. 1 and Route U.S. 1-9, North Brunswick, Edison and Woodbridge Townships, the City of New Brunswick, Middlesex County; City of Rahway, Union County. (February 24, 1961)

No Parking, Stopping or Standing Zones

4. In accordance with the provisions of Section 78, Chapter 23, L. 1951 (c. 39:4-138.1) it is recommended that the attached regulation be adopted establishing "no parking, stopping or standing" zones along Route U.S. 206, Peapack-Gladstone Borough and Bedminster Township;Somerset County. It is further recommended that Regulation RP-57-17, adopted June 27, 1957 and approved July 10, 1957, be rescinded. (February 23, 1961)

Construction Items

Route 20 (1953), Section 4A

5. Public Contracting Corporation, Box 34, Blackwood, New Jersey, contractor for the construction of Underpass at Ramp B, on Route 20 (1953), Section 4A, Federal Project U-139(10), from South Drive to Broadway, Passaic County, has satisfactorily completed the work on Bridge Items Only, under our contract as of November 18, 1960. It is hereby recommended that this project be finally accepted and 100% payment authorized on Bridge Items Only. (February 23, 1961)

Route 80, Section 4A

6. Public Constructors, Inc., contractor for the construction of Bridge over Relocated Route 20, Passaic River and Slaughterdam Road, Passaic and Bergen Counties, Route 80, Section 4A, have satisfactorily completed the road portion of their contract as of November 18, 1960. All Bridge Items were finally accepted on December 28, 1960. It is, therefore, recommended that the roadway portion of this contract be finally accepted and that a semi-final payment be made withholding $500.00 to insure that a small area of low pavement over a trench be brought to the required grade, and further that final payment be authorized in accordance with the as-built quantities when available and after the necessary formalities have been observed without further Commission Action. (February 24, 1961)

Route 208 (1953), Sections 2A, 1A & 3B

7. Samuel Braen's Sons, Hawthorne Division, 662 Goffle Road, Hawthorne, New Jersey, contractor for the construction of four (4) bridges and (1) culvert, (Interchanges, Borough of Franklin Lakes, Wyckoff Township and Borough of Hawthorne, Bergen and Passaic County on Route 208 (1953), Sections 2A, 1A and 3B, Federal Project F-189(21), has satisfactorily completed the work on this project, Bridge Work Only, February 17, 1961. It is hereby recommended that this project be finally accepted and semi-final payment on Bridge Items Only, authorized. (February 27, 1961)

Route 80, Section 4B-Demolition of Buildings

8. Approval is recommended in granting an extension of time to the Gibraltar Wrecking & Supply Company for the completion of their contract from December 31,1960 to April 15, 1961, which contract calls for the demolition of buildings on Route 80, Section 4B, from Slaughterdam Road to Chobot Lane, Borough of East Paterson, County of Bergen. The reason for this extension of time is that the contractor was delayed in his operations because of frozen ground, ice, snow and frozen materials which prevented refilling cellars and seriously hampered other aspects of the work after December 9, 1960. The contractor was further delayed through obtaining demolition permits from the Borough of East Paterson. (February 24, 1961)

Right of Way-Route U.S. 130 (1953)

40. There is presented purchase agreement for the conveyance of a slope easement on Route U.S. 130 (1953), Section 7, Pennsauken Creek to Woodland Avenue; Parcel E31, Robert C. Rossner and wife, consideration $50.00. Approval is recommended. (February 27, 1961)

Right of Way-Route 4 (1927)

41. There is presented again the matter of acquisition of property on Route 4 (1927), Section 4, Project U 189-(11), Arcola to Hackensack River, Parcel 125, Jan Lynn Realtors, Inc. Condemnation proceedings were previously authorized at which time the owners refused to negotiate because of complications of leases and subleases. Continued negotiations have now resulted in the execution of an agreement in the sum of $1,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (February 21, 1961)

Right of Way-Route 6 (1927), Route 46 (1953)

42. There is presented again the matter of acquisition of property on Route 6 (1927) Section 7, Route 46 (1953), Clifton to Hasbrouck Heights, Parcel 256, John C. Matrel and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $1,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $600.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (February 21, 1961)

Right of Way-Route 10 (1953)

43. There is presented again the matter of acquisition of a slope easement on Route 10 (1953), Section 3, Troy Hills Road, Whippany to Tabor Road, Parcel E24, Thomas Hardy and wife. An agreement in the sum of $100.00 was previously approved, which agreement was based on the assumption that the steps leading to the front of the building would be reconstructed by the State. Subsequently, our engineers determined that it would not be feasible to reconstruct the steps in this manner. The owners have agreed to reconstruct the steps on the side of the building. The easement was re-appraised on this basis, and negotiations have resulted in the execution of an agreement in the sum of $500.00. It is recommended that this agreement be approved, and that the previous agreement in the sum of $100.00 be rescinded. (February 21, 1961)

46. There are presented report and appraisal with map and description on Route 80 (1953), Section 4D, Project I 80-4-(4), Glover Avenue to Passaic River; Parcel 136, Walter Sorok and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners' demand of $16,900.00 is considered excessive. (February 21, 1961)

Right of Way-Route 80 (1953)

47. There are presented report and appraisal with map and description on Route 80 (1953), Section 4D, Project I 80-4-(4), Glover Avenue to Passaic River, Parcel 229, Bernard C. Gallant and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have not made known their demands. (February 23, 1961)

Right of Way-Route 208 (1953)

48. There is presented report from the Title Officer together with Deed for conveyance of Parcel VR46B2 on Route 208 (1953), Section 2, Project F 189-(16), Ewing Avenue to Ramapo Valley Road from the State of New Jersey to Milton G. Banning and wife. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on August 16, 1960, under the terms of which Milton G. Banning and wife conveyed to the State Parcel 45 at a consideration of $3,300.00 plus conveyance of Parcel VR46B2. All the other terms of this agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel VR46B2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any state highway. (February 23, 1961)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MARCH 6, 1961

Administrative Items

Claims-Settlement

1. There is presented a claim arising out of an automobile accident which occurred on January 1, 1954 at the Perth Amboy approach to the Victory Bridge and involved a vehicle owned and operated by Mr. William Kantor. As a result of this accident, the gate, lights, gate stop and fence post were damaged and subsequently repaired by the Highway Department forces at a cost of $350.18. Investigation by the Claims Bureau disclosed that Mr. Kantor was uninsured and receiving a nominal salary as a result of his employment at that time. Mr. Kantor agreed at the time to pay this claim on the installment basis and between the date of the accident on January 1, 1954 and the present time, a total of $135.00 has been paid at irregular intervals. During this seven (7) year span a considerable amount of correspondence was directed to Mr. Kantor and many personal calls made on him in an attempt to induce payment of this claim. Recent contact with Mr. Kantor resulted in his making an offer of $75.00 in full settlement of the balance remaining on this claim. In view of Mr. Kantor's financial circumstances at the present time and during the past seven (7) years and the difficulty that has been experienced by the Claims Bureau in making periodic collections during that time it is my opinion that the State of New Jersey would be justified in accepting the above offer of full settlement in accordance with Mr. Charles I. Levine's memorandum attached hereto and the recommendation of William J. McCormack, Deputy Attorney General. (March 4, 1961)

Federal Aid-Interstate Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route I-95, Section 1H, at Northern(Erie) Railroad of New Jersey, City of Englewood, Borough of Leonia, Project I-95-7(11)64. The amount of Federal-aid Interstate funds obligated is $3,662,550.00 which is 90% of the estimated cost for Federal participation. The work to be performed consists of the construction of a viaduct and the construction of the terminal section of concrete flume crossing below the viaduct. (March 6, 1961)

Services-Engineering

3. Approval and execution is recommended of the attached agreement between Edwards & Kelcey, Consultant, and the State of New Jersey, covering understandings in connection with the furnishing of engineering services relative to the improvement of State Highway Route 21, between the vicinity of Riverside Avenue and William Street, a distance of about an even mile. The Consultant is to be paid a fee of 3.85% of the total sum of products, figured by multiplying estimated construction quantities by agreed upon unit prices, limited to a ceiling of $160,000.00; and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (March 1, 1961)

Reimbursement-Ocean County Water Company

4. To accommodate the construction of Route 35, Section 2 , Brick Township, Ocean County, it is necessary for the Ocean County Water Company to rearrange its water main facilities in the vicinity of Bay Boulevard. It is recommended that the Ocean County Water Company be reimbursed for the actual cost of the relocation of the water main facilities, which is estimated at $500.00. (March 1, 1961)

No Parking Zones

5. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1) the certain parts of State highway route number U.S. 46 described herein below shall be, and hereby are, designated and established as "no parking" zones where parking is prohibited at all times. Along both sides of Route U.S. 46 between Main Street & Money Street, including all ramps and connections under the jurisdiction of the State Highway Commissioner. (March 1, 1961)

Condemnation proceedings were previously authorized at which time the owner was demanding $40,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $16,500., including down payment of $4,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the buildings either to the road contractor, at public auction, or by sealed bids. (March 8, 1961)

Right of Way-Routes 21,25 & 29

71. There is presented again the matter of acquisition of property from the City of Newark on which two agreements were previously entered into: (1) On 10/3/32, amended by the State House Commission on 3/28/39, whereby the State was to accept the sum of $750,000. in full settlement of claims against the City, and further provided that the City and State would enter into another agreement providing for conveyance by the State to the City or its nominee of certain lands acquired by the State for the benefit of the City and for the conveyance by the City of certain lands used in the construction of Route 21. (The $750,000. was subsequently paid to the State, but the supplemental agreement was never entered into). (2) The second agreement was entered into on 3/22/43 providing for conveyance by the City to the State of certain parcels at the Junction of Routes 1, 25 and 29, Route 25, Section 30, and Route 25, Section 32; and that the State would convey part of the Wilkinson-Gaddis property designated as Parcels 31X and 31Y on Route 21, Section 2; and City would be relieved of payment of any part of cost of Wilkinson-Gaddis property. This agreement also provided that State pay City $3,817.62 on account of 1943 taxes and the sum of $2,250. (which is 1/2 the cost of appraisals obtained by City on the Wilkinson-Gaddis property). There is now presented report from the Title Officer in which he indicates City of Newark officials have now agreed to a settlement figure on the numerous parcels required by the State from the City of Newark on the following terms and conditions:

(a) The City of Newark shall convey by Deed to the State the following parcels:
Junction Routes 21-25-29 - Parcels 1A1, 1A2, 1A3, 1A4, 1A5, 1A6, 1A7, 1A8, 1A9, 1B1, 1B2, 1B3, 1B4, 1B5, 1B6, 1B7, W1A1, W1A3, W1A5, W1A6, 1W1A9, 2W1A9, W1B1A1, W1B1A2, W1B1B1, W1B1B2, W1B3, W1B4, W1B5, W1B6, W1B7, E1-A1, 1C and 1D -
Route 25, Section 32 - Parcels 1A, RW1A, R1B, R1C, R1D, 1E, 1F, 1G, 1H, R1J and 1K-
Route 21, Section 3 - Parcel A -
Route 21, Section 4A - Parcels 25 and 28
Route 25, Section 30 - Parcel 1;

(b) The State will convey to the City of Newark the following parcels:
Route 21, Section 2 - Parcels X1B, X2B, X3B, X4B, X5B, X5A2, X6B, X14B, X15B, X16B, X17B, X19B, X20B, X21B, X22B, X24B, X25B, X48B, X53B, X54B, X58B, X59B, X67B, X68B, X69B, X70B, X71B, X72B, X73B, X74B, X76B, X108B, X109B, X110B, X111B, X112B, 113X, 118X, 122X, 123X, 127X, 128X, 129X, 131X, 132X, 134X, 135X, 136X, 137X, 138X, 139X, 140X, 141X, 142X, 143X, 144X, 154X, 155X, and 157X -
Route 21, Section 3 - Parcel 5X2;

(c) The State to pay the City of Newark the sum of $60,000. in lieu of the conveyance of Parcels 7A, 31X, 31Y, 41X, 47X and 142Y1 on Route 21, Section 2 - and - Parcel 12X on Route 21, Section 3; which parcels the State was obligated to convey to the City under a former agreement;

(d) The State shall be relieved of the payment of $3,817.62 on account of taxes on the Wilkinson-Gaddis property and the payment of $2,250.00 on account of appraisal costs.

These matters have been pending for over thirty years. Authority is requested to accept a Deed from the City of Newark in accordance with the above terms and conditions, and to pay the sum of $60,000.00 therefor plus conveyance of parcels no longer required by the State as indicated above. (March 8, 1961)

Right of Way-Route 73 (1953)

72. There are presented report and appraisal with map and description on Route 73 (1953), Section 2, Project U-183-(7), from Route U.S. 130 to Route 38, Parcel E27, Anthony J. Mancuso, Sr., et al. SCHEDULE OF APPROVALS - MARCH 20, 1961

Administrative Items

General Property Parcel Map-Route U.S.9 (1953),Sec.1

1. Approval is recommended of the attached print of the General Property Parcel Map for Route U.S. 9 (1953), Section 12, from Route 52 to Tilton Road, to be filed in Atlantic County. (March 20, 1961)

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classification and/or re-classification of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel and State Highway Engineer. (March 17, 1961)

Services-Engineering

3. Approval and execution is recommended of the attached Agreement between Coverdale & Colpitts, Consultant and the State of New Jersey covering understandings in connection with the furnishing of engineering services relative to the making of a study and estimate of Garden State Parkway revenues premised on a plan for collecting tolls from all motorists using the Parkway in Essex County, after completion of the Essex County East-West Freeway (Interstate Route 280), between the Wm. Stickle Memorial Bridge in Newark and the Garden State Parkway including ramps for interchange of traffic between the Parkway and the Freeway. The estimate cost for the work to be performed by the Consultant under this Agreement is $68,000.00 to which should be added $7,000.00 for contingencies making a total amount to be set-up under this Agreement $75,000.00. (March 17, 1961)

4. Approval and execution is recommended of the attached Agreement between Clark & Hartman, Consultant and the State of New Jersey covering understandings in connection with the performance of engineering services relative to the proposed improvement of State Highway Route U.S. 9, in the Township of Freehold, a distance of about 1.3 miles. The Consultant is to be paid for this work on a force account basis limited to a ceiling of $20,500.00 which is based upon a tentative estimate of construction cost of $350,000.00. It is, therefore, recommended that the amount of $20,500.00 be set-up to cover the cost of the work called for under this Agreement. (March 20, 1961)

Utilities-Route 80, Section 5F

5. Route 287, Section 2C

17. Approval is recommended of the request of Poirier & McLane Corporation, 33 West 42nd Street, New York 36, New York, contractor for the construction of Route 287, Section 2C, from East of River Road Interchange to Stelton Road, Grading, Paving & Bridges, in the Township of Piscataway & Borough of South Plainfield, Middlesex County, Federal Project No. N.J.-I-287-1(10)6, to sublet Items 145,162, 163,164,177,188,189,190,201,202,203, consisting of Conduit System & Furnishing & Installing Electric & Telephone Ducts, in the amount of $46,600.00, representing 1.1172% of the contract amount less specialty items, to Lightning Electric Service Company, 11-13 Coes Place, Newark 2, New Jersey. (March 17, 1961)

Route U.S. 1,9&46,Section 1A

18. Frapaul Construction Company, Inc., contractors for the construction of Barrier Curb from East Ruby Avenue to Jones Road in the Boroughs of Palisades Park & Fort Lee, Bergen County, have satisfactorily completed the work under their contract as of February 24, 1960. It is recommended that this project be finally accepted and final estimate issued the contractor in accordance with the as-built quantities when availatleand after the necessary formalities have been observed. (March 17, 1961) (Route U.S. 1, 9 & 46, Section 1A)

Route U.S. 1 (1953), Sections 4D & 5C

19. The **Kingston** Bituminous Products Company Contract for the widening and resurfacing of Route U.S. 1 (1953), Route 26, Sections 4D & 5C, Federal Project No. F-95(30), was finally accepted by the Commissioner on January 16, 1961. Final payment in the approximate amount of $150,000 is now being processed in accordance with the As-Built Quantities. The project was considered completed in all respects on December 17, 1959 and open to traffic in all areas. The Laboratory submitted two reports under dates of August 25, 1960 and December 2, 1960 on bituminous concrete pavement and material analysis, which reports showed all pavement material acceptable. A further inspection by the Laboratory on February 27, 1961 indicated that all construction continued in a satisfactorily condition with the exception of some vertical curb. Final inspection was made under date of March 9, 1961 and the Laboratory advised that the bituminous pavement appears in a satisfactory condition with regards to material and workmanship. Although Standard Specifications provide that a Guarantee Bond be furnished against defective work, equal to 5% of the contract price, it is recommended that final payment be made without the furnishing of this bond in consideration of the fact that the project was fully open to traffic for approximately fifteen months and all materials have been found acceptable. It is further recommended that the sum of $5,000 shall be withheld from final payment to guarantee satisfactory replacement of white concrete curb that has been found unsatisfactory. (March 17, 1961)

SCHEDULE OF APPROVALS - MARCH 30, 1961

Administrative Items

Federal Aid-Secondary Program

1. It is recommended that the attached Supplemental Federal Aid Secondary Program be approved and authority given to submit same to the Bureau of Public Roads for their approval. This program contains two projects, the estimated total cost of which is $1,400,000.00. Federal Funds to be requested are $700,000.00, the balance of $700,000.00 to be County Funds. (March 22, 1961)

Federal Aid-Urban Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way; Route U.S. 22 Mountain Avenue Grade Separation - Bound Brook, Right of Way, Project U-178(19). The amount of Federal aid Urban funds obligated is $92,500.00 which is 50% of the estimated cost for Federal participation. (March 30, 1961)

Services-Engineering

3. Approval and execution is recommended of the attached Agreement between John A. Ernst, Jr., consultant and the State of New Jersey, covering understandings in connection with the performance of engineering services relative to the proposed improvement of State Highway Route 33, from State Highway Route 34 in Wall Township to the Garden State Parkway in Shrewsbury Township, a distance of about 1.2 miles. The consultant is to be paid for this work on a fee basis of 5.6% of a tentative estimate of construction cost of $200,000.00 or $11,200.00 to which should be added approximately 10% for contingencies making a total amount to be set up to cover the services to be performed under this Agreement $12,500.00. (March 28, 1961)

Agreements-Borough of Fort Lee, Route 95, Section 1F

4. Approval and execution is recommended of the attached Agreement (PUA-13-95-1F) between the Borough of Fort Lee and the State of New Jersey covering understandings in connection with the relocation of the Borough's existing sanitary sewer system, to accommodate the construction of Freeway Interstate Route 95, Section 1F, located in the Borough of Fort Lee, County of Bergen. The State will reimburse the Borough for the engineering charges for the engineering services necessitated by said sewer rearrangement work, at the rate of $10.00 per hour for all engineering or inspection personnel directly engaged in the said sewer work, which total costs are estimated to be $5,000.00 for an estimated time of 500 hours required on this type of work, and it is, therefore, recommended that this amount be set up to cover the reimbursement to the Borough of Fort Lee. (March 30, 1961)

82. There is presented again the matter of acquisition of property on Route 12 (1953), Section 1, Parcel 1, Frenchtown to Raritan Township Line, Alic Ogrodnick, Jr. and wife and Joseph Ogrodnick, single. Condemnation proceedings were previously authorized at which time the owners were demanding $2,900.00. Continued negotiations have resulted in the execution of an agreement in the sum of $1,500.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (March 22, 1961)

Right of Way-Route 17 (1953)

83. There is presented again the matter of acquisition of property on Route 17 (1953), Section 5, Project U-102-(16), Ridgewood Avenue to Allendale Avenue, Parcel 4, John Christopher and wife. Condemnation proceedings were previously authorized at which time the owners would not make known their demands. Continued negotiations have resulted in the execution of an agreement in the sum of $52,000.00 plus conveyance of small parcel adjacent to Parcel 5, containing about 2,556 sq. ft.; owner to retain and remove dwelling; State to provide 4 driveway entrances. In the event the State cannot convey the small parcel adjacent to Parcel 5, then the consideration shall be increased to $55,000.00. It is recommended that this agreement be approved and that the condemnation proceedings previously authorized, be discontinued. (March 28, 1961)

84. There is presented again the matter of acquisition of property on Route 17 (1953), Section 5, Project U-102-(16), Ridgewood Avenue to Allendale Avenue, Parcels 24A, 24B and 24C, Jeannette Peterman, widow. Condemnation proceedings were previously authorized at which time the owner would not state her demand. Continued negotiations have resulted in the execution of an agreement in the sum of $116,000. including down payment of $29,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the buildings either to the road contractor, by public auction or by sealed bids.
(March 30, 1961)

Right of Way-Route 35 (1953)

85. There is presented again the matter of acquisition of a slope easement on Route 35 (1953), Section 4, Project F-26-(9), Eatontown to Red Bank, Parcel E23, Richard L. Kraybill, et ux. Condemnation proceedings were previously authorized at which time the owners were demanding $850.00. Continued negotiations have resulted in the execution of an agreement in the sum of $500. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (March 28, 1961)

Right of Way-Route 37

86. There is presented again the matter of acquisition of property on Route 37, Island Heights to Seaside Heights Bridge over Barnegat Bay and Approaches, Parcel 37, The Pelican Island Flamingo, Inc. Condemnation proceedings were previously authorized at which time an agreement could not be reached. Subsequently the State changed its original plan which provided for the construction of a bulkhead along the southerly side of the proposed right of way line in a westerly direction. Under the present plan this bulkhead is not to be constructed and instead dredged fill from Barnegat Bay was used to provide support for the highway; thus, slopes extending beyond the 64 ft. depth of owners' lands restrict the use of a portion of Barnegat Bay which could have been used in conjunction with the operation of their boat concession. Appraisals were revised to take into consideration this damage not considered in the previous appraisals; and negotiations based on these revised appraisals have resulted in the execution of an agreement in the sum of $2,300.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (March 22, 1961)

Right of Way-Route 80 (1953)

87. There is presented again the matter of acquisition of property on Route 80 (1953), Section 4D, Project I-80-4-(4), Glover Avenue to Passaic River, Parcel 22, Herbert E. Draney, divorced. Condemnation proceedings were previously authorized, at which time the owner did not state his demand. Continued negotiations have resulted in the execution of an agreement in the sum of $22,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the building either to the road contractor, at public auction or by sealed bids. (March 28, 1961)

Right of Way-Route 80 (1953)

88. There is presented again the matter of acquisition of property on Route 80 (1953), Section 4D, Project I-80-4-(4), Glover Avenue to Passaic River, Parcel 188, Alberto Caputo and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $45,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $33,700.00, including down payment of $8,400.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the buildings, either to the road contractor, at public auction or by sealed bids. (March 22, 1961)

Right of Way-Route 95 (1953)

89. There is presented again the matter of acquisition of property on Route 95 (1953), Section 1F, Project I-95-7-(4), from Route 4 to a point East of Fletcher Avenue, Fort Lee, Parcel 18, Matilda Simpson Terhune and Broward National Bank as co-executors under last will and testament of J. Russell Terhune, deceased. Condemnation proceedings were previously authorized at which time the owners' demands ranged up to $260,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $238,000.00 including down payment of $59,500.00. It is recommended that this agreement be approved subject to restrictions and utility easements; and that condemnation proceedings previously authorized be discontinued. The buildings have already been turned over to the Construction Division for demolition. (March 28, 1961)

Right of Way-Route 80

90. There is presented again the matter of acquisition of property on Route FAI-101-4-(2), also known as Route 80-4-(2), Passaic River to New York, Susquehanna and Western Railroad, Parcels 3A and 3B, Curtiss Wright Corporation, on which condemnation proceedings were previously authorized. The construction plans for this project provide for the construction of a pedestrian underpass at about Station 471+22 at an estimated cost of $35,000.00. The Curtiss Wright Corporation has agreed to pay to the State the sum of $65,000.00 providing this vehicular-pedestrian underpass is enlarged to a two-way concrete underpass 10 ft. in height with a 24 ft. bituminous concrete pavement for vehicles, an 8 ft. concrete sidewalk on one side and a concrete curb on the other, with suitable provisions for utility facilities under the 24 ft. bituminous concrete paved area. (The estimated cost of constructing this enlarged underpass is $100,000.) It is recommended that the attached agreement embodying these provisions regarding the construction of the underpass be executed; with understanding that condemnation will be continued to determine the acquisition costs to be paid. (March 22, 1961)

Right of Way-Route 10 (1953)

91. There are presented report and appraisal with map and description on Route 10 (1953), Section 5, Livingston Avenue to Prospect Avenue, Parcel E18, Parker W. Teed and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement for slopes and the right to construct and maintain a highway bridge with wing walls, footings and appurtenances, subject to any public utilities existing in the premises. The owner refused to state his demands. (March 23, 1961)

Right of Way-Route 17

92. There are presented report and appraisal with map and description on Route 17 (1953) Section 3, Project U-102-(14), from Route 4 to Ridgewood Avenue, Parcel 8, John J. Houlihan, single. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have not stated their demands. (March 28, 1961)

Right of Way-Route 22 (1953)

93. There are presented report and appraisal with map and description on Route 22 (1953), Section 14, Project U-178-(17), Essex County Line to Garden State Parkway; Parcel 10, Estate of Angelo Fiorito. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are satisfied with our offer of $2,400.00 but they have been unable to secure a release from the tenant (Williams Oil Company). (March 28, 1961)

Right of Way-Route 28 (1953)

94. There are presented report and appraisal with map and description on Route 28 (1953), Section 4, Green Brook to Bonegat Brook, Parcel 124, Kenneth A. Moore and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have refused to state their demands. (March 22, 1961)

104. There are presented report and appraisal with map and description on Route U.S. 130 (1953), Section 7, Pennsauken Creek to Woodland Avenue, Parcels 45A and 45B Stella A. Schaevitz and Abraham R. Schaevitz, Trustees. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The demand of $134,000.00 is considered excessive. (March 23, 1961)

Right of Way-Route 38 (1953)

105. There is presented again the matter of condemnation of lands on Route 38 (1953), Section 1, Project U 106-(8), from Route U.S. 130 to Route 73, Parcel 37B, Bernard W. Wille and wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $2,500.00 and the testimony on behalf of the owner was in the sum of $4,550.00. The Commissioners made an award in the sum of $2,900.00 which will carry interest from March 8, 1960, the date of possession. It is recommended that this award be approved. (March 30, 1961)

Right of Way-Route S4B (1927)

106. There is presented again the matter of acquisition of property on Route S4B (1927), Section 1, Route 208 (1953), Project F 189-(16), Route 4 (1927) to Goffle Road, Parcel R141, Frank Tompetrini and Silvio Tompetrini. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $522.00. One of the owners appeared in his own behalf and testified to a value for the taking and damages totalling $8,000.00. Under cross examination, he admitted he had paid $6,000.00 for the property unimproved in 1955. The Commissioners made an award in the sum of $2,400.00. It is recommended that an appeal be authorized. (March 28, 1961)

Right of Way-Route 29 (1927)

107. There is presented again the matter of condemnation of property on Route 29 (1927), Section 12, Centreville to Freylinghuysen Avenue, Parcel R45A, Donald T. Busher and wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $1,500.00 and the testimony on behalf of the owner was in the sum of $5,900.00. The Commissioner made an award in the sum of $2,900.00. It is recommended that an appeal be authorized. (March 22, 1961)

Right of Way-Route 38 (1953)

108. There is presented again the matter of condemnation of lands on Route 38 (1953), Section 1, Project U-106-(8), from Route U.S. 130 to Route 73, Parcel 37A, Bernard W. Wille and wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $4,700.00 and the testimony on behalf of the owners was in the sum of $10,700.00. The Commissioners made an award in the sum of $7,600.00. It is recommended that an appeal be authorized. (March 30, 1961)

Right of Way-Route 287

109. There is presented again the matter of condemnation of lands on Route FAI 104-2-(2), also known as 287-2-(2), Route 22 to Easton Avenue, Parcels 8B and 8C, Philip Albanese et al. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $9,225.00 and the testimony on behalf of the owner was in the sum of $29,900.00. The Commissioners made an award in the sum of $14,350.00. It is recommended that an appeal be authorized. (March 30, 1961)

Right of Way-Route 295

110. There is presented invoice from the Township of West Deptford covering Parcel UER122B, Otto and Laura E. Rase, on Route FAI 108-1-(12), North-South Freeway to Verga. The State Highway Commissioner previously approved the consideration of $500.00 for this parcel with the understanding that the Township of West Deptford would be reimbursed by the State in accordance with R.S. 27:7A-7. It is recommended that authority be granted to reimburse the Township of West Deptford in the sum of $500.00. (March 30, 1961)

Right of Way-Route 35 (1953)

111. There is presented again the matter of acquisition of easements on Route 35 (1953), Section 2, Seaside Heights to Point Pleasant, Parcels ER39A1 and ER39B, Sara J. Weldon, widow, on which condemnation proceedings were previously authorized. Inasmuch as our Engineering Department has now indicated that these slope easements are no longer required, it is recommended that the action authorizing condemnation be rescinded and that these easements be not acquired. (March 30, 1961)

Right of Way-Route 10 (1953)

112. There is presented again the matter of acquisition of a slope easement on Route 10 (1953), Section 3, Tabor Road to Troy Hills Road, Whippany, Parcel E24, Thomas Hardy and wife on which an agreement was previously approved in the sum of $100.00; which agreement was based on the assumption that the steps leading to the front of the building would be reconstructed by the State. Subsequently, our Engineers determined that it would not be feasible to construct the steps in this manner. The owners have agreed to reconstruct the steps on the side of the building and the easement was re-appraised on this basis. On February 21, 1961, the former agreement @ $100.00 was rescinded and a new agreement in the sum of $500.00 was approved. This recommendation was based on the assumption that the $100.00 had not been paid. Inasmuch as the Deed of Easement has been delivered and the sum of $100.00 paid, it is recommended that the action of February 21, 1961 be rescinded; that the attached executed release of all claims be accepted, and authority granted to pay the sum of $400.00 therefor; making the total consideration for the conveyance of this easement $500.00. (March 30, 1961)

Right of Way-Route 4 Parkway

113. There is presented again the matter of conveyance by the State (Highway Department) to the New Jersey Highway Authority of Parcel V45B and V50A4 on Route 4 Parkway, Section 1, Route 35 to Route 25. On September 13, 1960, the State Highway Commissioner approved an agreement and authorized this conveyance at a consideration of $30,000.00. It is recommended that the attached deed of conveyance covering these two parcels be executed and authority granted to deliver same upon payment to the State (Highway Department) of the sum of $30,000.00. (March 23, 1961)

(Route U.S. 1 & 9 (1953)
Right of Way-Route 25 (1927)

114. There is presented deed on Route 25 (1927), Section 30E, Routes U.S. 1 and 9 (1953) Ramp Connection Raymond Boulevard to Route 25; Parcels RE5A and R5B, United New Jersey Railroad and Canal Company, consideration $7,400.00. (This deed is delivered in accordance with a construction agreement dated 6-24-59 which provides for conveyance of these parcels at a consideration to be determined after negotiations.) It is recommended that this deed be accepted subject to Transcontinental Pipe Line and public utility easements, and authority granted to pay the sum of $7,400.00 therefor. (March 22, 1961)

Right of Way-Route U.S. 9 (1953)

115. There is presented report from the Title Officer together with deed for conveyance of Parcel V5B on Route U.S. 9 (1953) Section 4, Ernston Road to Route 18, from the State of New Jersey to Washington Park Holding Corporation. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on October 26, 1960, under the terms of which the Washington Park Holding Corporation conveyed to the State Parcel R-4 at a consideration of $4,000.00 plus conveyance of Parcel V5B. All the other terms of this agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel V5B is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (March 22, 1961)

Sale of Buildings, Route 80 (1953)

116. There is presented a report of the public auction held on October 6, 1960 for the sale of the building located on Route 80 (1953) Section 4D, Project I-80-4-(4), Glover Avenue to Passaic River, Parcel 10. A bid in the amount of $50.00 was submitted by Mr. Edward Rembish, of Clifton, New Jersey. This matter was not previously presented for action due to the fact that this department was utilizing the building as a field office which they are now vacating. It is recommended that the bid in the amount of $50.00 be approved, and that the successful bidder be authorized to demolish the building at once. (March 22, 1961)

Maintenance Item

12.

Detours-Route 26 (Livingston Avenue)

The Pennsylvania Railroad has applied to the Public Utility Commission and the State Highway Department for permission to construct a grade crossing to serve the Goodyear Tire & Rubber Company. We have, in our letters of October 6, 1960 and December 21, 1960, indicated our approval. The Public Utility Commission has also acted favorably in this matter. The Railroad proposes to use 100' welded rail which would result in a smoother crossing. A satisfactory detour is available. Construction is expected to take four (4) days, if the road can be closed. It is recommended that in order to present a minimum of inconvenience to the public, that a detour be permitted over Route 26 (Livingston Avenue) and back to Route 91 via Howes Lane, for the four (4) days, April 24th to April 27th, inclusive. All expenses incurred in connection with this detour will be borne by the Pennsylvania Railroad. (April 18, 1961)

NO. 16 - 1961

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - APRIL 29, 1961

Administration Items

Prequalification of Bidders

1. Approval is recommended by the members of the Prequalification Committee of the attached forms for use by not more than three classified contractors, desiring to submit a proposal as a joint venture. The committee feels that some experience is necessary and desires to limit the number of contractors, uniting as joint venturers, to three at the present time. These forms should be filed with the Department at least five days prior to the date set for receipt of bids in order to allow the joint venture to be properly evaluated. (April 27, 1961)

Claims-Settlements

2. The State Highway Department has a claim against Frank Knowlton, William P. Jewusiak and Robert J. French in the amount of $151.68, arising out of an accident involving two vehicles on June 6, 1958. As the result of said accident, traffic signal equipment was damaged and had to be repaired at a total cost of $151.68. Upon presenting a bill to the insurance carrier involved, a request was made for depreciation and salvage. It was ascertained that the sum of $26.00 could be allowed as a depreciation item, therefore, reducing the State's claim to the sum of $125.68. Inasmuch as two vehicles were involved in this accident, a controversy arose as to the responsible party. Subsequent negotiations by the Claims Bureau resulted in an offer of $100.00 being made to dispose of this claim. Our first reaction was to reject the offer but when taking into consideration the best interest of the State, it was the opinion of the Claims Bureau that the offer should be accepted rather than to proceed with suit in an effort to collect the additional $25.68. In view of the foregoing, it is our recommendation and in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of Deputy Attorney General William J. McCormack, that the offer of $100.00 receive favorable consideration and that the balance of the claim be cancelled. (April 27, 1961)

Section 34
Utilities-Route 6 (1927), U.S. 46 (1953),

3. To accommodate the construction of Route 6 (1927) Route U.S. 46 (1953), Section 34, Dualization, in the Township of Washington, County of Morris, it was necessary for the Hackettstown Water Board to rearrange their existing facilities. The Water Board made the necessary arrangements with their own forces and have submitted a bill in the amount of $697.80 for the actual cost of the work and for which it is recommended that the State reimburse the Hackettstown Water Board. (April 28, 1961)

Agreements-Borough of Palisades Park

4. Approval and execution is recommended of the attached Agreement between the Borough of Palisades Park and the State of New Jersey covering understandings in connection with the improvement of drainage facilities on East Central Boulevard, in the vicinity of State Highway Route 46 in the Borough of Palisades Park. This work will be performed as a joint project and the State's share in the cost of this work will be 10% of the actual cost of construction which is estimated at $300,000.00, but in no event is the amount to exceed $30,000.00. (April 28, 1961)

Services-Engineering

5. Approval and execution is recommended of the attached Agreement between Brill Engineering Corporation, consultant, and the State of New Jersey, covering understandings in connection with the performance of engineering services relative to the proposed relocation of State Highway Route 54 in the vicinity of Hammonton, Atlantic County, for better alignment. Right of Way-Route 28 (1953)

54. There is presented again the matter of acquisition of property on Route 28 (1953) Section 4, Green Brook to Bonegat Brook. An agreement was previously approved covering Parcel 17, Joseph Rustic and wife in the sum of $2,500.00. Subsequently, it was determined that much more severe slope rights were required than originally set forth on the plan. Negotiations were re-opened and an agreement has been secured covering Parcel R17 in the sum of $4,300.00. It is recommended that the agreement covering Parcel R17 be approved and that the previous agreement covering Parcel 17 be rescinded. (April 27, 1961)

Right of Way-Route 28 (1953)

55. There is presented again the matter of acquisition of property on Route 28 (1953), Section 4, Green Brook to Bonegat Brook. Condemnation proceedings were previously authorized for the acquisition of Parcel R94, Walter Farynowski and Wife, at which time the owners were demanding $3,200.00. Subsequently the plan was revised requiring a slightly larger area and a change in the drainage easement now designated as Parcel 2R94. Continued negotiations have resulted in the execution of an agreement in the sum of $2,400.00. It is recommended that this agreement covering Parcel 2R94 be approved and that the previous action authorizing condemnation of Parcel R94 be rescinded. (April 28, 1961)

Right of Way-Route 73(1953)

56. There is presented again the matter of acquisition of a slope easement on Route 73 (1953) Section 2, Project U 183-(7), from Route U.S. 130 to Route 38, Parcel E28, Charles Torchie. Condemnation proceedings were previously authorized at which time the owners would not make known their demand. Continued negotiations have resulted in the execution of an agreement in the sum of $65.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. (April 27, 1961)

Right of Way-Route 80

57. There is presented again the matter of acquisition of property on Route 80 (1953) Section 2J, Project I 80-2-(20), from Route U.S. 46 to Route 53, Parcel 3, Denville Shack Realty Corp. Condemnation proceedings were previously authorized at which time the owners would not make known their demands. Appraisals secured ranged up to $33,000.00 exclusive of the cost of damages to the septic system. Our Engineers determined that a complete septic system would cost approximately $30,000.00. Negotiations were re-opened with the owner on the premise that the owner may desire to connect to the municipal sewer when constructed and thus relieve the State of its obligation for participation in the sewer extension. These negotiations have resulted in the execution of an agreement in the sum of $48,000.00 including down payment of $12,000.00 (owners to provide at their own cost and expense for whatever septic system facilities they determine necessary.) It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. The buildings on this parcel have been turned over to the contractor and the right of way has since been cleared. (April 27, 1961)

58. There is presented again the matter of acquisition of property on Route 80 (1953) Section 5E, Project I 80-5-(11), from Route 17 at Lodi to New Jersey and New York Railroad (Erie) at Hackensack, Parcel 112, Neal J. Vacchiano and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $24,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $21,400.00 including down payment of $5,300.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (April 27, 1961)

Right of Way-Route 95

59. STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MAY 8, 1961

Administration Items

General Property Parcel Map-Route U.S. 22 (1953), Sec. 13

1. Approval is recommended of the attached print of the General Property Parcel Map for Route U.S. 22 (1953), Section 13, from the Garden State Parkway to New Providence Road, Mountainside, to be filed in Union County. (May 4, 1961)

A.A.S.H.O.Road Tests

2. It is recommended that the attached project agreement be approved and executed: Authorizes the Bureau of Public Roads to withhold $41,790.00 from available Federal Aid Highway funds as New Jersey's share in financing the A.A.S.H.O. Road Test Project. This action will provide a total of $275,813.00 available to date, for this project (Highway Planning Project HPS-1(70). The funds are available from unprogrammed balances of Highway Planning apportionments. The Supplemental Agreement between the National Academy of Sciences (Highway Research Board) and the State of New Jersey Highway Department revising the schedule of contributions received the Commissioner's approval October 13, 1960 as Item 3 in the Schedule of October 17, 1960 (No. 36-1960). (May 5, 1961)

FederalAid-Urban Funds

3. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way: Route U.S. 1, South Main Street Interchange, Project U-95(46). The amount of Federal aid Urban funds obligated is $337,500.00 which is 50% of the estimated cost for Federal participation. This project agreement is being advanced to obligate the Federal funds for authorization to purchase that portion of the Right of Way on the original Interstate project which had been separated as eligible for Urban funds. (See Project I-287-1(4). (May 1, 1961)

Federal Aid-Interstate Funds

4. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way: From East of U.S. Route 1 to Stelton Road, Project I-287-1(4)1. The amount of Federal aid Interstate funds obligated is $2,452,500.00 which is 90% of the estimated cost for Federal participation. This project agreement is being advanced to obligate the Federal funds for the authorization to purchase the necessary Right of Way within the Interstate limits for construction. An additional project agreement has been advanced for Federal funds to purchase the Right of Way within the South Main Street Interchange. Urban funds will be expended in this area, U-95(46), although it will be one contract. (May 1, 1961)

5. It is recommended that the attached project agreement in duplicate be approved and executed for Preliminary Engineering (Utility) and Construction (Utility): Route 287, Section 2C, River Road to Stelton Road, Project I-287-1(11)6. The amount of Federal Aid Interstate funds obligated is $369,405.00 which is 90% of the estimated cost for Federal participation. This project agreement is requested to prepare and advance for the necessary utility rearrangements in preparation for construction with authority to proceed with Preliminary Engineering. (May 1, 1961)

Offices -Emergency Generator Building

6. Presented herewith is the Pre-Final and Final Acceptance Certificate submitted by the Bureauof Construction, Department of the Treasury, requesting approval for making final payment to the New Jersey Electric Company, 1122 Stuyvesant Avenue, Trenton, New Jersey for the installation of electrical work for the Main Office Emergency Generator Building. An inspection has been made of the facility and approval of the Acceptance Certificate is recommended. (May 4, 1961)

7. In connection with the Department's Bridge Division contract with the Kingston Contracting Company, Inc., for the purpose of having said Company inspect bridge structure of the Erie-Lackawanna Railroad Company and the New York Central Railroad Company on Route U.S. 1 (12th Street Viaduct) Jersey City, New Jersey, approval is recommended for reimbursing the Erie-Lackawanna Railroad Company and the New York Central Railroad Company for the use of protective personnel furnished by them and caused by work to be performed by the Kingston Company. The estimated cost of said protective personnel is $2,200.00 for the Erie-LackawannaRailroad and $550.00 for the New York Central Railroad Company, making a total estimated amount of $2,750.00. (Including contingencies). (May 5, 1961)

Agreement-Borough of Hasbrouck Heights-Route 46

8. Approval and execution is recommended of the attached agreement between the Borough of Hasbrouck Heights and the State of New Jersey, covering understandings relative to the apportionment of jurisdictional control and maintenance functions in connection with the improvement of State Highway Route 46 at Collins Avenue, Borough of Hasbrouck Heights, Bergen County, where it was necessary to provide a pedestrian overpass for the safety of persons crossing the highway at Collins Avenue. (May 3, 1961)

(Utilities)

Agreement-N.Y. & Long Branch Railroad Company

9. Under an agreement with the New York & Long Branch Railroad Company, the State and the Railroad agreed to share equally in the cost of installing automatic crossing gates and relocating pole line facilities to accommodate the construction of Route 35, Sections 6A & 4A. Because of nonavailability of materials, the Railroad is unable to complete the installation of the new automatic gates and other facilities before August 1, 1961. The State's contractor has already paved around existing gates and poles, which work extends four to five (4 to 5') into the traveled way. To eliminate this hazard to the traveling public during peak summer traffic, it has been recommended that the Railroad temporarily relocate its facilities involved behind the curb lines and that the Railroad be reimbursed for this work at the estimated amount of $2,585.00, which includes approximately 10% for contingencies. (May 1, 1961)

Utilities-N.Y.C. Railroad Company

10. Approval and execution is recommended of the attached Agreement (RRA-4-80-5G) between the New York Central Railroad Company and the State of New Jersey, covering understandings in connection with the relocation of facilities owned by the Railroad to accommodate the construction of Interstate Route 80, Section 5G, in the Township of Ridgefield Park, Bergen County. The Railroad Company is to be reimbursed for the actual cost of rearranging their facilities which is estimated at $55,521.00. (May 1, 1961)

Utilities-C.R.R. Company of New Jersey

11. Approval and execution is recommended of the attached Supplemental Agreement to RRA-2A-287-1 dated November 6, 1959, between the Central Railroad Company of New Jersey (Middlebrook Branch) and the State of New Jersey covering understandings in connection with the rearrangement of railroad facilities to accommodate the construction of Interstate Route 287, Section 1B (N.J. Route 28, Section 3), located in the Township of Bridgewater, County of Somerset. The State will reimburse the Railroad for the work it must perform to accommodate the State's construction, which work is estimated at $21,060.00, which includes approximately 10% for contingencies. (May 5, 1961)

Utilities-N.J. Bell Telephone Company

12. Approval and execution is recommended of the attached Order (PUO-38-287-1) issued to the New Jersey Bell Telephone Company covering understandings in connection with the rearrangement of telephone facilities to accommodate the construction of Freeway Interstate Route 287, Section 3A, located in the Borough of South Plainfield, Township of Edison, County of Middlesex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $37,600.00. (May 8, 1961)

Right of Way-Route 10 (1953)

88. There is presented again the matter of acquisition of property on Route 10 (1953), Section 2, Project F-114-(11), Millbrook Avenue to Tabor Road, Parcel 1A, Helen P. Rak, et vir. Condemnation proceedings were previously authorized at which time the owners were demanding $11,000.00. Just prior to the introduction of testimony before the condemnation commissioners, the owners indicated they would reduce their demands. Nogitations were continued which resulted in the execution of an agreement in the sum of $5,500.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 8, 1961)

Right of Way-Route 36

89. There is presented again the matter of acquisition of property on Route 36, Joline Avenue Connection, Oceanport Avenue to Branchport Avenue. An agreement was previously approved with the City of Long Branch in the sum of $1.00 covering Parcels 5A,B,C,D,E & F. This agreement was never consummated. Subsequently, our plan was revised to Parcel R5A (indicating that a smaller area was required at this location); and the search revealed that the City of Long Branch did not own Parcel 5E. A Bargain & Sale Deed has now been executed by the Mayor of the City of Long Branch in the sum of $1.00 covering Parcels R5A,5B,5C,5D & 5F. It is recommended that this Deed be accepted and that the previous agreement covering Parcels 5A,B,C,D,E & F, be rescinded. (May 3, 1961)

Right of Way-Route 80

90. There is presented again the matter of acquisition of property on Route FAI-101-5-(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 235, 160 Realty Corporation, on which an agreement was previously approved in the sum of $36,000.00, including down payment of $9,000.00. Payment on account in the sum of $9,000 has been made. There is now presented a supplemental agreement which provides: (a) that the 160 Realty Corporation will cause a lease held by Joseph Plichter to be discharged of record within 12 months from the date of such agreement; (5) that the 160 Realty Corporation will deposit with the State the sum of $5,000.00 as assurance of the performance of all of the provisions of the agreement. It is recommended that this supplemental agreement be approved and authority be granted to pay the balance of $27,000.00 due under the original agreement after the owner deposits the sum of $5,000.00 with the State in accordance with the supplemental agreement. (May 3, 1961)

Right of Way-Route 287

91. There is presented again the matter of acquisition of property on Route FAI-104-2-(4), also known as 287-2-(4), Stelton Road to Route U.S. 1, Parcel 45, Ida Risoli & husband. Condemnation proceedings were previously authorized at which time the owners demanded that the State assist in the removal of structures and personl property. Continued negotiations have now resulted in the execution of an agreement in the sum of $2,500.00 (owner to retain and remove buildings). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 8, 1961)

Right of Way-Route 21 Freeway

92. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1, Project U-126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcels 125A1 & 125A2, August Pra Sisto et al. At the hearing before condemnation commissioners, the testimony on behalf of the State was $22,800.00 and the testimony on behalf of the owner was $38,938.00. The Commissioners made an award in the sum of $22,200.00. It is recommended that this award be approved without interest. (May 1, 1961)

- - - - - - - - - - -

93. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1, Project U-126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcel 125B, August PraSisto et al. At the hearing before condemnation commissioners, the testimony on behalf of the owner was $14,400.00 and the testimony on behalf of the State was $3,400.00. The Commissioners made an award in the sum of $5,000.00. It is recommended that this award be approved without interest. (May 1, 1961)

Right of Way-Route U.S. 130 (1953)

94. There is presented again the matter of condemnation of lands on Route U.S. 130 (1953), Section 9, Cooperstown Road to New Albany, Parcel 14, James H. Lippincott & Wife. At the hearing before condemnation Commissioners the property owner had no expert but he valued the parcel taken and damage to the remainder in excess of $1,000.00. The testimony on behalf of the State was $465.00. The Commissioners made an award in the sum of $500.00. It is recommended that this award be approved without interest. (May 1, 1961)

At the hearing before condemnation commissioners, the testimony on behalf of the owner was $1,400.00 and the testimony on behalf of the State was $750.00. The Commissioners made an award in the sum of $1,248. It is recommended that this award be approved without interest. (May 3, 1961)

Right of Way-Route 73 (1953)

96. There is presented again the matter of condemnation of lands on Route 73 (1953), Section 2, Project U-183-(7), from Route U.S. 130 to Route 38, Parcel 3, Frederick E. Dell & Wife. At the hearing before condemnation commissioners, the testimony on behalf of the owner was $9,350.00. Just prior to the submission of testimony on behalf of the State, a controversy ensued as to whether the Attorney for the owner should be supplied with the written appraisals secured by the State. In the light of these developments the trial Attorney for the State determined that the State's interest could best be protected by reserving cur testimony and presentation before a Judge should an appeal be considered advisable. The commissioners made an award in the sum of $9,350.00 It is recommended that an appeal be authorized. (May 1, 1961)

Right of Way-Route 10 (1953)

97. There are presented report and appraisal with map and description on Route 10 (1953), Section 4, Troy-Hill Road, Whippany to Livingston Avenue, Parcel E42, Thomas R. Collins & Wife. SCHEDULE OF APPROVALS - MAY 15, 1961

Administration Items

Federal Aid-Urban Funds ✓

1. It is recommended that the attached project agreement in duplicate be approved and executed for construction: Route 17, Sections 3A-5A, Ridgewood Avenue Interchange, Bergen County, Project No. U-102(15). The amount of Federal Aid Urban Funds obligated is $362,200.00 which is 50% of the estimated cost for Federal participation. The road work to be performed under this contract consists of grading for bridge approaches, ramps and roadway widening; construction of macadam base course, concrete surface course, construction of bituminous concrete surface courses, drainage, concrete curb and incidental work as provided in the contract. The bridge work included in this contract consists of the construction of a bridge carrying East Ridgewood Avenue over Route 17. (May 9, 1961)

Federal Aid-Primary Funds ✓

2. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route 18, Section 1, Weston's Mills to Tanners Corner, Project F-112(9). The amount of Federal Aid Primary Funds obligated is $65,000.00 which is 50% of the estimated cost for Federal participation. This modification was necessary to increase the obligated funds in order to provide extra monies due to a review of the original right-of-way estimate versus the settlements. (May 11, 1961)

- - - - - - - -

3. It is recommended that the attached modified agreement in duplicate be approved and executed for Right of Way; Route 29, Section 15A, Wilburtha Road to Scudder's Falls, Project F-198(6). The amount of Federal Aid Primary funds obligated is $66,000.00 which is 50% of the estimated cost for Federal participation. This modification was necessary to increase the obligated funds in order to provide extra monies due to a review of the original right-of-way estimate versus the settlements. (May 11, 1961) ✓

Federal Aid-Interstate Funds ✓

4. It is recommended that the attached project agreement in duplicate be approved and executed for construction; Route I-80, Section 5H, Hackensack River Bridge Superstructure Steel, City of Hackensack, Bergen County, Project No. I-80-5(17). The amount of Federal Aid Interstate funds obligated is $2,859,300.00 which is 90% of the estimated cost for Federal participation. The work to be performed under this contract consists of the construction of the steel superstructure of the Hackensack River Bridge on the substructure constructed by others under another contract. (May 9, 1961)

- - - - - - - - - ✓

5. It is recommended that the attached project agreement in duplicate be approved and executed for Utility Construction; Route I-80, Route 46 to a point east of Route 53, Morris County, Project No. I-80-2(19). The amount of Federal Aid Interstate funds obligated is $150,628.50 which is 90% of the estimated cost for Federal participation. This project agreement action is to obligate the Federal funds for the Utility rearrangements in preparation for the construction project. (May 9, 1961)

Utilities-Route 17, Sections 3A & 5A ✓

6. To accommodate the construction of the grade separation structure at East Ridgewood Avenue on Route 17, Sections 3A and 5A, East Ridgewood Avenue Interchange and Island Closings, Borough of Paramus, it will be necessary for the New Jersey Bell Telephone Company to relocate a section of a 51 pair telephone cable along Route 17. The Telephone Company is to be reimbursed for the actual cost of the telephone rearrangement work which including approximately 10% for contingencies is estimated at $825.00. (May 9, 1961)

Utilities-Route 22, Section 14B

7. To accommodate the widening of the viaduct construction on Route 22, Section 14B at the crossing of the Lehigh Valley Railroad and Liberty Avenue, it will be necessary for the Public Service Electric and Gas Company to relocate two 26 KV electric transmission lines that are in the railroad right-of-way, through an Agreement with the Railroad. It is recommended that the Public Service Electric and Gas Company be reimbursed, on the basis of property rights, for the actual cost of the electric transmission line relocation, which including contingencies of approximately 10% amounts to $25,900.00. (May 9, 1961)

Utilities-Route 38

8. The Pennsauken Sewerage Authority on June 14, 1960, awarded a contract for the construction of a sewer, a portion of which crosses State Highway Route 38, for which the Department issued a permit in February 1961. At the time the Department's proposal for improving Route 38 was not known. Since the Department has now tentative design for this work, it is evident that the proposed sewer will have to be rearranged to conform with our construction. This will result in extra costs to the Pennsauken Sewerage Authority, which costs appear to be legitimate. It is, therefore, requested that the Highway Commissioner approve paying Pennsauken Sewerage Authority for the extra costs for the rearrangement of their facilities to avoid later greater costs to the Department, with the ceiling amount for said extra costs being $5,000.00. (May 10, 1961)

Utilities-Route 80, Section 5N

9. Approval and execution is recommended of the attached Order (PUO-47-80-5N) issued to the Public Service Electric and Gas Company, covering understandings in connection with the rearrangement of existing pipeline facilities to accommodate the construction of Freeway Interstate Route 80, Section 5N, located in the City of Hackensack, County of Bergen. The Public Service Electric and Gas Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $92,400.00. (May 11, 1961)

Utilities-Route 287, Section 3A

10. Approval and execution is recommended of the attached Order (PUO-40-287-1) issued to the Public Service Electric and Gas Company, covering understandings in connection with the rearrangement of gas facilities to accommodate the construction of Freeway Interstate Route 287, Section 3A, located in the Township of Edison, County of Middlesex. The Public Service Electric and Gas Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $34,500.00. (May 11, 1961)

Utilities-Route 287, Sections 12A & 13A

11. Approval and execution is recommended of the attached Agreement (PUA-33-287-12A and 13A) between the Town of Boonton and the State of New Jersey, covering understandings in connection with the rearrangement of existing water supply and sanitary sewer system facilities, to accommodate the construction of Freeway Interstate Route 287, Section 12A and 13A, located in the Town of Boonton, County of Morris. The Town of Boonton is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $3,300.00. (May 9, 1961)

Agreements-Telephone Booths (Cleaning)

12. Approval is recommended of the attached Agreement between the State of New Jersey and the New Jersey Bell Telephone Company for the cleaning of twelve outdoor telephone booths. 16. In accordance with the provisions of s. 114, c. 23, L. 1951 (c.39:4-201.1), it is recommended that the attached regulation be adopted establishing "no passing" zones along Route U.S. 206, Lawrence Township, Princeton Township, Princeton Borough, Mercer County; and that Regulation NP-59-8, adopted August 13, 1959 and approved August 25, 1959, be rescinded. (May 9, 1961)

Construction Items

Route 3 (1953), Section 1A

17. Authorization is requested to advertise for bids for the Repair of the Deck of the Hackensack River Bridge on Route 3 (1953), Section 1A, in Rutherford and Secaucus, Bergen and Hudson Counties. Bids to be received June 8, 1961. The work consists of the placing of lines of steel plates across the entire length of the bridge to support wheel loads and prevent further failure of the concrete deck slab. All work is to be performed during night hours in order to avoid interference with the extremely heavy traffic. The plates are a temporary measure and are to serve until the new bridge is constructed adjacent to this bridge. After the new bridge is completed, traffic can be diverted to it and the deck of the old bridge can be rebuilt. The estimated cost of this work is $200,000.00, which will be paid out of available Maintenance Funds. (May 15, 1961)

Route 27 (1953) Section 3A

18. Approval is recommended of the plans and specifications and authority to advertise for the construction of a culvert at Stillwell Road on Route 27 (1953) Section 3A, in the Township of Franklin, South Brunswick Township, Counties of Somerset and Middlesex. (May 15, 1961) Bids to be received June 8, 1961.

Right of Way Items

Right of Way-Route 24 Freeway

56. There is presented two sheets of the General Property Parcel Map on Route 24 Freeway, Section 10, Whippany Road to Ridgedale Avenue, Florham Park, Federal Project EU-204-(2), showing property to be acquired from Mr. J. L. Marsh, et ux, designated as Parcel 20 and Mr. L. C. Durbyshire, et ux, designated as Parcel 21; together with processing form from Mr. F. L. Gerard which has been approved by Mr. Fritzsche. It is recommended that these sheets be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the Marsh and Durbyshire properties. The estimated cost of these properties is $37,000.00 and authority is requested to set up this amount from funds available under Item 35, of the 1960-61 Construction Program. (May 11, 1961)

Right of Way-Route 80 (1953)

57. 58. Discussions have been held between personnel of this Department and the Bureau of Public Roads concerning the programming for advance acquisition of properties on a portion of Route 80, from Route 53 to Two Bridges Road (Fairfield Road) in Essex, Passaic and Morris Counties as shown on the Definitive Plan submitted herewith. It has been deemed feasible and desirable to request authority of the State Highway Commissioner to negotiate for the advance acquisition of property where the owners are seeking approval by municipal and county zoning boards for the filing of development maps and a request for building permits. The advance acquisition of these parcels would permit our taking advantage of present day values and the forestalling of attempts by owners to claim excessive values by reason of the filing of development maps and the construction of improvements. The total estimated cost of right of way required for this project is $3,911,950.00. There is, however, only funds in the amount of $1,000,000.00 available at this time. Authority is therefore requested to set up this amount and to negotiate for properties on sections as listed below, where the necessity of such properties becomes imperative. This type programming will provide for immediate reimbursement by the Bureau of Public Roads.

Route 80	Section 3A	Route 53 to Parsippany Road	$200,000.00
	3B	Parsippany Road to Edwards Road	300,000.00
	3C	Edwards Road to Horseneck Road	200,000.00
	3D	Horseneck Road to Two Bridges Road (Fairfield Road)	300,000.00

As right of way plans are completed for the above sections, they will be transmitted to the State Highway Commissioner for formal approval in the usual manner. (May 11, 1961)

Right of Way-Route 4

59. There is presented purchase agreement on Route 4, Section 4, Arcola to Hackensack River; Project U-189-(11); Parcel 2R134, Urban Investing Corporation, consideration $1,800.00. Approval is recommended. (May 15, 1961)
It is recommended that condemnation proceedings previously authorized for Parcel RE134 be rescinded.

Right of Way-Route 10 (1953)

SCHEDULE OF APPROVALS - MAY 22, 1961

Administration Items

Claims-Settlements

1. There is presented a claim arising out of an accident occurring on Route 22 and Mountain Avenue, Bound Brook, New Jersey, involving a vehicle owned and operated by Alex Udvari, Ontario, Canada, and a vehicle owned by Indian Run Coal Company and operated by James E. Coleman. As a result of the aforesaid accident the department owned signal light pole was demolished and department forces had to clean coal from the roadway. The Electrical Division portion of this claim amounted to $655.94. The Maintenance Division portion amounted to $238.45, making a total of $894.39. The owner and driver of the Indian Run Coal Company vehicle sued Udvari and settled their claim on a compromise basis. The insurance carrier representing Udvari offered the Claims Bureau $212.35 in full settlement of our claim. After further negotiation they agreed to pay the Claims Bureau for the Electrical Division portion of our claim minus any depreciation and salvage allowance. A check with the Electrical Division revealed that an allowance of $102.34 could be allowed for salvage making their portion of this claim $553.69. The insurance carrier involved agreed to pay the Claims Bureau this sum in full settlement of our claim. Taking into consideration the debtor is an out of the country resident it is my recommendation that this offer be accepted in full settlemet of our claim and the remainder of our original claim be cancelled. (May 22, 1961)

Subject Schedule No. 20, 1961 (Corrections)

In grouping Items together for the schedules would you please note carefully that many times although parcels may be on the same route and section, some carry a Federal Project Number while others don't. It is very important that this project number appear on the schedule with the item involved as such item is under Federal Aid.

On Schedule 20 Parcel 409 on Route FAI 104-2-(4) is also Federal Project U 95-(46). It appears under Item 66 on Page 10. This happens on other Routes as well, for instance on Route 130.

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MAY 31, 1961

Administration Items

Claims-Settlement

1. The State Highway Department has a claim against the Newton Creek Towing Company arising out of accidents occurring at the Victory Bridge on March 30, 1960 and April 5, 1960 involving vessels owned by the above named Towing Company. As the result of the aforesaid accidents, the fender system at the Victory Bridge was damaged and had to be repaired at a total cost of $8,576.95. To this sum the Department added a charge of $204.98 for survey fees, $365.95 for Bridge Division inspection charges and a Department overhead charge in the amount of $914.72, making a grand total of $10,061.90. The insurance carrier representing the Towing Company raised objections to several of our charges as being excessive and offered the sum of $8,500.00 in full and final settlement of this claim, which offer was rejected. Subsequent negotiations by the Claims Bureau has now resulted in an offer of $9,068.45 being made in full settlement. The Claims Bureau discussed this claim in some detail with Mr. Hedin of the Bridge Division, as well as Mr. John Thompson of the Maintenance Division with reference to depreciation and the other items appearing on this bill and it was decided that if the State could realize the sum of $9,000.00 on this claim, we would be made more than whole on our previous expenditure. Considering the foregoing, it would appear that the Department would be justified in accepting the sum of $9,068.45 in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General and the cancellation of the balance of the claim in the amount of $993.45. (May 26, 1961)

3. Under the agreement of the Newark Transportation Study, payment beyond the ceiling of $150,000.00 is provided for certain items, such as photogrammetrics, report printing and travel expenses. Approval is hereby recommended to supplement the commission action of July 13, 1960 by an amount of $30,000.00, an estimated cost of Items 2, 3, 4 and 5 of part SECOND of the agreement dated May 12, 1960. (May 31, 1961)

Agreements-Greenwich Township, Rt.78,Sec.2-B

4. Approval and execution is recommended of the attached Agreement between Greenwich Township and the State of New Jersey relative to the apportionment of jurisdiction, control and maintenance functions in connection with the construction of a bridge to carry Route 78 over Greenwich Church Road relative to the construction of Route 78, Section 2B, from Still Valley to Central Railroad of New Jersey in Warren County. (May 31, 1961)

Services-Engineering

5. Approval and execution is recommended of the attached Agreement between Parsons, Brinckerhoff, Quade and Douglas, consultant, and the State of New Jersey, covering understandings in connection with the furnishing of preliminary engineering services relative to the improvement of State Highway Route I-280 between the Orange-East Orange city line, and a point in the City of Newark in the vicinity of Clifton Avenue and the D. L. & W. Railroad, a distance of about 2.5 miles. The consultant is to be paid on a fee basis of 4.5% of an estimated construction cost of $23,000,000.00 (23 million) or $1,035,000.00 for actual engineering services and $200,000.00 for miscellaneous receipts for appurtenant services. It is recommended to set up a total of $1,358,500.00 which is 10% more than the sum of the two sub-totals. (May 25, 1961)

Continued negotiations have resulted in the execution of an agreement in the sum of $14,900.00 including down payment of $3,700.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (May 25, 1961)

Right of Way-Route 95 (1953)

73. There is presented again the matter of acquisition of property on Route 95 (1953) Section 1B, Project I 95-7-(2), Teaneck Road to Route 4, Parcel 55, Staton James Peele and wife. An appeal was previously authorized from a condemnation commissioners' award in the sum of $31,445.00. The contractor entered upon this property on December 1, 1960. After the jury was selected and before any testimony was presented, the trial was recessed while a conference was held for a discussion of possible settlement. As a result of this conference, an agreement was executed in the sum of $31,000.00. (This agreement provides for delivery of Deed within 3 weeks after approval of agreement by the State Highway Commissioner and full payment within 30 days thereafter; otherwise interest shall be paid from that date to the date of closing). It is recommended that this agreement be approved and that the appeal previously authorized be discontinued. (May 23, 1961)

Right of Way-Route 95 (1953)

74. There is presented again the matter of acquisition of property on Route 95 (1953), Section 1F, Project I 95-7-(4), from Route 4 to a point east of Fletcher Avenue, Fort Lee, Parcel 52, Charles Naturale and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $25,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $16,300.00 (owner to retain and remove masonry garage and coop). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 25, 1961)

75. There is presented again the matter of acquisition of property on Route 95 (1953) Section 1F, Project I 95-7-(4), from Route 4 to a point east of Fletcher Avenue, Fort Lee. An agreement was previously approved with the Borough of Fort Lee in the sum of $19,000.00 for Parcel 62 (10,700 sq. ft.). Completion of the search disclosed that the State had already acquired a small portion of original Parcel 62 and the plan was consequently revised to Parcel R62 (9,749 sq. ft.). The Borough of Fort Lee also owns an adjacent parcel designated as Parcel 66, which contains 440 sq. ft. Negotiations with the Borough for both of these parcels have resulted in the execution of a Deed covering Parcel R-62 together with all right, title and interest in Parcel 66. It is recommended that the previous agreement covering Parcel 62 be rescinded; that the Deed covering Parcels R-62 and 66 be accepted; and that authority be granted to pay the sum of $19,000.00 therefor. (May 23, 1961)

Right of Way-Route 287 (1953)

76. There is presented again the matter of acquisition of property on Route 287 (1953), Section 12, Project I 287-3-(5), Parcel 22, Albert H. Carman and wife. Condemnation proceedings were previously authorized, at which time the owners did not make known their demand. Continued negotiations have resulted in the execution of an agreement in the sum of $20,000.00 including down payment of $5,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the buildings either to the road contractor, at public auction or by sealed bids. (May 24, 1961)

Right of Way-Route 80

77. There is presented again the matter of condemnation of lands on Route FAI 101-4-(3) also known as 80-4-(3), New York Susquehanna and Western Railroad to a point east of Garden State Parkway, Parcel 69, Otto C. Pehle et al. At the hearing before condemnation commissioners, this case was uncontested; and the testimony on behalf of the State was $300.00. The Commissioners made an award in the sum of $300.00. It is recommended that this award be approved. (May 29, 1961)

Right of Way-Route 38

78. There are presented report and appraisal with map and description on Route 38 (1953) Section 1, Project U 106-(8), from Route U.S. 130 to Route 73; Parcels 17A and 17B, James D'Arcy, Jr. and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners' demand of $1,500.00 is considered excessive. (May 29, 1961)

Right of Way-Route 287

79. There are presented report and appraisal with map and description on Route 287 (1953) Section 13, Project I 287-3-(5), Intervale Road to Main Road, Montville, Parcel 51A, Solomon Fogelson and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $65,000.00 for Parcels 51A, 51B and E51C. (May 25, 1961)

80. There are presented report and appraisal with map and description on Route 287 (1953) Section 13, Project I 287-3-(5), Intervale Road to Main Road, Montville, Parcel 51B, Solomon Fogelson and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $65,000.00 for Parcels 51A, 51B and E51C, which is considered excessive. (May 25, 1961)

Right of Way-Route 287

81. There are presented report and appraisal with map and description on Route 287 (1953) Section 13, Project I 287-3-(5), Intervale Road to Main Road, Montville, Parcel E51C, Solomon Fogelson and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this drainage easement subject to any public utilities existing in the premises. The owners are demanding $65,000.00 for Parcels 51A, 51B and E51C.
(May 25, 1961)

Sale of Buildings

82. There are presented reports of the public auction held on May 23, 1961, on Route FAI-104-2-(4), also known as 287-2-(4), Project U-95-(46), Stelton Road to U.S. 1, as follows:

Parcel	Name of Bidder	Amount of Bid
416	Ernest Moryan	$4,075.00
417	John Chalupa	5,000.00

It is recommended that these bids be accepted and that the successful bidders be notified to remove the buildings upon payment of the full purchase price.
(May 25, 1961)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JUNE 5, 1961

Administration Items

Highway Planning-Statewide

1. It is recommended that Project HPS-1(20), Statewide Highway Planning for Planning, research & economics be submitted to the Bureau of Public Roads for program approval. Approval of this project will obligate 1½% of the 1962 Fiscal Year Federal aid apportionments and the balances from HPS-1(17) 1959 Fiscal Year apportionments being reprogramed. The proposed set-up of funds for the project in each program follows:

Type of Funds	Item No.	Ratio	Total	Federal	State

Interstate	115	90-10	1,674,085.38	1,506,676.84	167,408.54
		TOTALS -	$2,522,294.84	$1,930,781.57	$591,513.27

(June 5, 1961)

General Property Parcel Map-Route 12 (1953), Section 1

2. Approval is recommended of the attached print of the General Property Parcel Map for Route 12 (1953), Section 1, from Frenchtown to the Raritan Township Line, to be filed in Hunterdon County. (June 5, 1961)

General Property Parcel Map-Route U.S. 46 (1953), Sec. 6

3. Approval is recommended of the attached print of the General Property Parcel Map for Route U.S. 46 (1953), Section 6, from Flanders Road to Mooney Road, to be filed in Morris County. (June 5, 1961)

Claims-Cancellation

4. Cesare J. Combi, an Assistant Foreman assigned to the Maintenance Division of the New Jersey State Highway Department, sustained personl injuries on November 7, 1958 as the result of an accident involving a truck owned by the Township of Lacey. By reason of this accident, the State Highway Department was required to expend the sum of $4,417.33 by way of temporary and permanent compensation, medical and hospital expenses. Due to a combination of the injury sustained in this accident and a heart condition, this employee could not return to his former employment and has retired under an ordinary disability which provides for a monthly allowance of $125.52 payable during his life time to cease at his death. This employee retained the services of an attorney who instituted a suit in the Superior Court of Ocean County against the owner and operator of the vehicle involved. When the matter came up for pre-trial, it was learned that the maximum insurance the Township had on its vehicle at the time of the accident was $5,000. The attorney representing this employee has now negotiated with the insurance carrier who has agreed to offer the full coverage of the policy, namely, $5,000. The Township of Lacey is also going to contribute the sum of $1500 in an effort to work out a settlement. In the event we received a full recovery on this lien, after deducting the State's statutory contribution towards counsel fee and expenses of suit, we would receive the sum of $2,894.89. Mr. Combi's attorney has requested that we accept the sum of $1,500 net in full settlement of our lien so that his client, who he advises is in poor condition both physically and financially, would realize something out of the settlement. The attorney further pointed out that in the event the matter goes to trial, he knows his adversaries will rely heavily upon the N.J.S.A. 40:9-2, which as you know, is the statute that sets forth that no municipality shall be liable for any injuries sustained by an individual while on public grounds. The attorney feels reasonably sure that he can get around this statute, however, there is always that possibility of an adverse decision, in which case the State would receive nothing. Considering the foregoing, it would appear that the Department would be justified in accepting the sum of $1,500 in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General, and the cancellation of the balance of the claim in the amount of $1,394.89. (June 5, 1961)

Construction Items

Route 4 (1953), Section 2B & Routes 1-9-46 (1953), Sec.1C

5. Approval is recommended of the request of Scaletti-Knowles, Inc., 14 Wanaque Avenue, Pompton Lakes, New Jersey, contractor for the construction of Route 4 (1953), Section 2B, Pedestrian Overpass at Grand Avenue and Incidental Work, Borough of River Edge, Bergen County, and Routes 1-9-46 (1953), Section 1C, Pedestrian Overpass at Washington Terrace and Incidental Work, Boroughs of Fort Lee and Leonia, Bergen County, to sublet Items 9 & 24, Lighting System Complete, in the amount of $4,700.00 representing 5.4258% of the total contract amount less Specialty Item, to Wittie Electric Company, Inc., 384 Lakeview Avenue, Clifton, New Jersey. (June 5, 1961)

6. Approval is recommended of the request of Scaletti-Knowles, Inc., 14 Wanaque Avenue, Pompton Lakes, New Jersey, contractor for the construction of Route 4 (1953), Section 2B, Pedestrian Overpass at Grand Avenue & Incidental Work, Borough of River Edge, Bergen County, and Routes 1-9-46 (1953), Section 1C, Pedestrian Overpass at Washington Terrace & Incidental Work, Boroughs of Fort Lee & Leonia, Bergen County, to sublet:

Items 4 & 20 - Structural Steel (Erection Only)	- $2,200.00	- Specialty Item
Items 5 & 21 - Formed Steel Floor	- 5,445.00	- 6.2859% of Total Contract Amount, less Specialty Item
Total	- $7,645.00	

to Golish Iron Works, Inc., 1180 Goffle Road, Hawthorne, New Jersey. (June 5, 1961)

Route 129, Section 1A, Route 29, Section 16A

7. Approval is recommended in granting an Extension of Time of 25 working days to Geo. M. Brewster & Son, Inc., on their contract for Grading, Paving & Bridges on Route 129, Section 1A, Route 29, Section 15A, Federal Projects F-203(3), F-198(7), Ewing & Hopewell Townships, Mercer County. The reason for this request is that the steel delivery date originally set for April 1, 1960 for certain bridges on this contract was not delivered until May 16, 1960 because of the strike at the steel mills. During this time 25 working days were charged against the contractor. (June 5, 1961)

Electrical Items

Agreement-Bergen County Sewer Authority, Rt. 95, Sec. 1B

6. Approval and execution is recommended of the attached Agreement between the Bergen County Sewer Authority and the State of New Jersey, covering understandings in connection with the engineering investigation and inspection work to be performed by the Bergen County Sewer Authority relative to the State's proposed construction of Freeway Interstate Route 95, Section 1B, in the City of Englewood and Borough of Leonia, County of Bergen, to determine the structural condition of their trunk sewer and to determine the possible effect of the road construction on the trunk sewer and the need for possible remedial action for the protection of both the sewer facilities and the proposed highway construction. The Sewer Authority is to be reimbursed for the actual cost of the engineering investigation and inspection work, which work including approximately 10% for contingencies is estimated at $2,300.00. (June 7, 1961)

Utilities-Route 287, Section 3A

7. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Reading Company and the Port Reading Railroad Company, covering understandings in connection with the construction of a section of Freeway Interstate Route 287, Section 3A, in the County of Middlesex. Although the State's construction will not necessitate the relocation of any facilities of the Railroad, the attached Agreement stipulates certain engineering details and insurance requirements to be resolved. (June 8, 1961)

Utilities Route 287, Section 3A

8. Approval and execution is recommended of the attached Order (PUO-39-287-I) issued to the Public Service Electric and Gas Company, covering understandings in connection with the rearrangement of electrical facilities to accommodate the construction of Freeway Interstate Route 287, Section 3A, located in the Borough of South Plainfield, Township of Edison, County of Middlesex. The Utility Company is to be reimbursed for the actual cost of the rearrangement work which including approximately 10% for contingencies is estimated at $126,000.00. (June 7, 1961)

No Passing Zones

9. It is recommended that the adoption, on March 17, 1961, of Regulation NP-61-10, along Route U.S. 40 in Upper Penns Neck Township, Salem County, be rescinded. Dualization of Route U.S. 40, between Deepwater and Route 48, removes the necessity for this regulation. (June 8, 1961)

No Parking, Stopping or Standing Zones

10. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking, stopping or standing" zones along Route 45, West Deptford Township, Gloucester County. (June 8, 1961)

12. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1), it is recommended that the attached regulation be acopted establishing "no parking, stopping, standing " zones along Route 91, City of New Brunswick, Middlesex County. (June 8, 1961)

No Parking Zones

13. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking zones" along Route U.S. 9, Lower Township, Cape May County. (June 8, 1961)

Construction Items

Route 18, Sections 1A & 4A

14. Approval is recommended of plans and specifications and authority to advertise for the Dualization and Improvements at Old Bridge Circle on Route 18, Sections 1A and 4A, from the New Jersey Turnpike to Raritan River Railroad, in the Townships of East Brunswick and Madison, County of Middlesex. Bids to be received July 13, 1961. (June 7, 1961)

Route U.S. 1 (1953), Sections 5A & 6B

15. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Widening and Resurfacing of Route U.S. 1 (1953), Sections 5A and 6B, from Pennsylvania Railroad Bridge to Route 130, in the Township of North Brunswick, County of Middlesex, Federal Project No. U-95(49). (June 7, 1961)

Route 287, Sections 13B & 14A

16. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Grading, Paving and Bridges, on Route 287, Sections 13B and 14A, from Vreeland Avenue to Route U.S. 202, in the Town of Boonton, Township of Montville, County of Morris, Federal Project N.J.-I-287-3(9)43. (June 9, 1961)

Route 80, Section 5N

17. Because of an error made in computation by the low bidder, Franklin Contracting Company, in his bid submitted on May 25, 1961 for the construction of Route 80, Section 5N, Grading, Paving and Bridges, from 1000' south of the Hackensack and Lodi Railroad to the vicinity of Green Street, in the Boroughs of Lodi and Teterboro, City of Hackensack, Township of South Hackensack, County of Bergen, Federal Project N.J.-I-80-5-(16)64, it is recommended that all bids received be rejected and that this project be readvertised for bids. This action is considered to be in the public interest. (June 6, 1961)

Route 95, Section 1K

18. Because of the excessive bids received on May 11, 1961 for the construction of Route 95, Section 1K, from Route 80 to the vicinity of Route 46, Federal Project N.J.-I-95-6(4)62, it is recommended that all bids received be rejected and the project be readvertised for bids. (June 6, 1961)

Route 3 (1953), Section 1A

19. It is recommended that contract be awarded to Franklin Contracting Company, Route 46, Little Falls, New Jersey, for Route 3 (1953), Section 1A, Hackensack River Bridge Deck Repair, Rutherford and Secaucus, Bergen and Hudson Counties, in the amount of $155,786.50, being the lowest of four bids received for this project on June 8, 1961. This project is to be financed by Maintenance Funds. (June 9, 1961)

Route 4 (1953), Section 3B

20. Approval is recommended in making Award of Contract to Jersey State Concrete Company for pavement widening on Route 4 (1953), Section 3B at South VanBrunt Street, in the City of Englewood, County of Bergen, at their bid the lowest of three bids received on May 24, 1961, in the amount of $27,475.90. (June 8, 1961)

Route U.S. 22 (1953), Sections 4A & 5A

21. Approval is recommended in making Award of Contract to Warren Paving Company, Inc. for the Resurfacing of Route U.S. 22 (1953), Sections 4A and 5A, from the Mulhockaway Creek to Clinton Farms, in the Township of Union, County of Hunterdon, at their bid the lowest of five bids received on May 24, 1961, in the amount of $179,034.51. (June 8, 1961)

Route U.S. 22 (1953), Section 14B

22. Approval is recommended in making Award of Contract to The Mal-Bros Contracting Company for Widening, Resurfacing and Widening of Bridge over Lehigh Valley Railroad and Liberty Avenue on Route U.S. 22 (1953), Section 14B, from 900 feet west of Harding Terrace to Bloy Street, in the Township of Hillside, Union County, Federal Project U-178(18), at their bid the lowest of seven bids received on May 18, 1961, in the amount of $572,631.60. (June 8, 1961)

Defense Access Road, Landing Street

23. Approval is recommended in making Award of Contract to Barrett Paving Co., Inc. for the Defense Access Road, Landing Street, Federal Project No. A-AD-1(1), from Lumberton to Newbolds Corner, Township of Lumberton, Burlington County, at their bid the lowest of nine bids received on May 18, 1961, in the amount of $55,831.56. (June 6, 1961)

22 Rt. 46 (1953), Sec. 15A
Rt. U.S. 33 (1953), Secs.13A & 14A, Rt 4 (1953), Secs 2A,/

24. Kuchar Brothers, 7 Franklin Avenue, Montvale, New Jersey, contractor for the construction of Stairs and Pedestrian Overpass, Township of Union and Boroughs of Mountainside, Paramus, and Hasbrouck Heights, Union and Bergen Counties, on Routes U.S. 22 (1953), Sections 13A and 14A, Route 4 (1953), Section 2A, Route 46 (1953), Section 15A, has satisfactorily completed the Bridge Items Only on this project as of April 19, 1961. It is therefore recommended that the Bridge Work be finally accepted and 100% payment on Bridge Items Only be made to the contractor. The road items on this project are not ready for acceptance at this time and will be submitted at a later date. (June 7, 1961)

Route 167, Sec. 1A

25. Under date of August 8, 1960 Commission Action was recommended and approved that final acceptance be authorized and a semi-final payment be made withholding $7,560.74 which represented twice the amount of a claim against the contractor by the Atlantic City Electric Company. Since that time the Atlantic City Electric Company has filed a complaint in the Superior Court of New Jersey for damages to property allegedly caused by negligent operation of the contractor. It appears that if there is a recovery by the plaintiff it will not exceed the sum of $4,000.00. It is also agreeable to the Atlantic City Electric Company that the excess amount due the contractor be paid and consent is herewith given for the payment of the difference, or $3,560.74 by Henry P. Megargee, attorney for the Atlantic City Electric Company. (Copy of letter attached) Considering the foregoing, approval of making a second semi-final payment to the contractor of $3,560.74 is recommended. (June 9, 1961)

Right of Way-Route 2 (1927) & Rt. 6 (1927)

76. There is presented report from the Title Officer together with Deed for conveyance of Parcel V75B on Route 2 (1927), Section 6, and Parcel V41C2 on Route 6 (1927), Section 7, from the State of New Jersey to Albert Shotmeyer and Henry Shotmeyer, partners T/A Shotmeyer Bros. Co. This conveyance is being made in accordance with an agreement approved by the State Highway/Commissioner on January 16, 1961, under the terms of which Albert Shotmeyer and Henry Shotmeyer, partners T/A Shotmeyer Bros. Co. conveyed to the State Parcel 120, Route S4B (1927), Section 2, Project F 189-(16), Goffle Road to Oakland Avenue, at a consideration of $1.00 plus conveyance of Parcel V75B on Route 2 (1927), Section 6, and Parcel V41C2 on Route 6 (1927), Section 7, the estimated value of which is $150.00. All the other terms of this agreement have been consummated. It is recommended that this deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel V75B and Parcel V41C2 are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway. (June 7, 1961)

Right of Way-Route 80

77. There is presented again the matter of an Easement Grant on Route FAI 101-2-(7), also known as 80-2-(7), from a point west of Mount Arlington Road to Union Turnpike, Wharton. A grant of easement covering Parcel UE37B, Andrew Csontos and wife in the name of the Borough of Wharton was previously approved as to the consideration of $500.00 and authority was granted to transmit grant to the Borough of Wharton for approval and payment with the understanding that the State would reimburse the Borough under R.S. 27:7A-7. Subsequently it was determined that this is not required from the Borough of Wharton but that grant of easement designated as Parcel UE37B-2 is required from Andrew Csontos and wife by the Wharton Sewerage Authority. These owners refused to execute a grant of easement. It is therefore recommended that authority be granted to transmit the data in connection with this easement to the Wharton Sewerage Authority for the institution of condemnation proceedings. It is further recommended that the Grant of Easement previously executed by Andrew Csontos and wife covering Parcel UE37B be rescinded. (June 9, 1961)
